### HE WAS TOO FOXY FOR HIS CAPTORS

Man Caught Carrying Away Copper From the Northern Pacific Shops.

BUT MADE GOOD HIS ESCAPE.

A Large Amount of Valuable Material Has Been Stolen At Intervals.

There was quite a sensational catch at the Northern Pacific shops last evening and as a result a young man well known in this city is being shadowed by the officers of the law and his arrest may be consummated at any time.

For sometime Master Mechanic Bean has been annoyed by petty thieving about the shops, large quantities of brass, copper and other metals being taken at different times. The guilty parties have often been suspected but they have never been caught in the act. Last night, however, as Engineer Clark, who works in the blacksmith shop, was near the shop, he detected a well known young man with a big piece of copper in his hand. When the culprit saw him he dropped the copper, but Mr. Clark made for him and he and another employee at the shops were trying to bring him down town, but they could not hold their prisoner. He broke away from them and made his escape.

### FREE DELIVERY INAUGURATED

Postmaster Ingersoll this Morning inaugurated the System in Brainerd.

### THE BOUNDARIES ARE DEFINED.

Mail Carriers Cover the City Quite Thoroughly—Where Boxes Are Located.

The long expected inauguration of the general free delivery system for the city of Brainerd occurred this Friday morning, and the fact was received with joy by a majority of the residents of the city, for it has been felt for a long time that such a system is one of the acquisitions that the city should have since it has grown metropolitan proportions.

Postmaster Ingersoll has devoted considerable time and labor in connection with the installing of the intricate details which must necessarily be attended to before such a revolution in the manner of dealing can be accomplished. The work of laying out the districts for the different carriers was done, of course, by an official of the government from another city.

The public will be interested to know what districts will be covered by the different carriers and what these districts comprise. Carrier No. 1, Albert R. Cass, will cover all that portion of the city lying north of Laurel street, except one-half of a block on Sixth street between the alley where the postoffice is located and Laurel street, which consists of the second ward and business houses on Front street and the cross streets to Laurel street.

Carrier No. 2, John Thompson, will take in the west side of Sixth street as far as Laurel from the postoffice, thence west on Laurel street from Sixth street to the river and all that portion of the city lying south of Laurel street, including Southeast Brainerd. His territory will take in the First, Fourth and Fifth wards.

Carrier No. 3, James J. Nolan, will start in the east side of Sixth street opposite the postoffice and will go as far as Laurel, thence east on Laurel to the river. From this point he will cross the bridge and take in that part of the city known as East Brainerd.

Another interesting point in connection with the system will be the boundaries. The first district, or the Second ward, will be entirely covered, the carrier starting from Front street north, the boundary being Bluff avenue west, north and east. On the south side the delivery will be made to Willow street on Sixth, Tamara on Seventh, Hazel street on Broadway and Quince street on Ninth and Tenth streets.

In Southeast Brainerd the limit will extend to the corner of Rosewood on Sixteenth street and on Oak, Maple, Norwood and East Laurel to Eighth street. In Northeast Brainerd delivery will be made on Kindred, Farrar, Forsyth and Fifth street. On Prescott, Myrtle, Pearl and Ash the delivery will extend to Kinsey avenue on Third and Fourth streets, and from Kinsey Fourth street will also be included as far as Washington.

These limits were established by the department and until carriers become acquainted the same may be curtailed in some portions of the city where it is sparsely settled and until such time as the carriers have the routes down so they can cover them in the time prescribed, which is eight hours and no more for each carrier.

The mail-boxes will be located as follows: Northwest corner Juniper and Third streets; northeast corner Main and Fourth streets; southeast corner Front and Fourth streets; southwest corner Grove and Fifth streets; Southeast corner Front and

Sixth streets; northeast corner Norwood and Sixth streets; southeast corner Sycamore and Sixth streets; southwest corner of Kingwood and Seventh streets; southeast corner Tenth and Seventh streets; northeast corner Main and Broadway; southeast corner Norwood and Broadway; southeast corner Fir and Ninth streets; southwest corner Tenth and Ninth streets; northwest corner Kingwood and Tenth streets; and at the Arlington hotel. In Southeast Brainerd the boxes will be located as follows: Southwest corner Oak and Thirteenth streets; southeast corner Oak and Fifteenth streets; southwest corner Laurel and Fifteenth streets. In East Brainerd the boxes will be located as follows: Northeast corner Kindred and Second streets; southwest corner Pine and Second streets; and southwest corner Prescott and Fourth streets. This makes a total of twenty-two boxes in all. They are being placed in position by Silas Hall today.

For the present the system of registration of letters by carrier will be the same as in the purely residential districts of the city, excluding business houses and patrons, who, as a rule, will have more than one letter to register at one time. The business houses and all others will be included in the service as soon as it is deemed practicable. The regulations will be made as soon as the conditions will permit, until the whole field is finally covered. The carriers will register letters at the house as safely as it taken to the postoffice, the conditions being that the letter must be in good order and enclosed in a secure envelope; that it bear the name and address of the sender; that it bear the name and address of the person to whom it is to be delivered; that the postage be paid either in stamps or in money to the letter carrier; and that the letter be prepared ready to hand to the carrier, who in no instance will be allowed to wait.

The attention of the public is called to Section 1423 of the postal laws and regulations which reads as follows:

Every person who willfully and maliciously tears down or destroys any letter box, pillar box or receptacle established by the postmaster general for the safe deposit of mail or delivery, or who willfully and maliciously assaults any letter carrier when in uniform and while engaged on the letter route in the discharge of his duty, or who willfully aids or assists therein, shall for every such offense be punished by a fine not less than \$100 nor more than \$500, or by imprisonment not less than one year nor more than three years.

Attention is called to this section so that boys who may not be well informed as to postal regulations in regard to interference with the street boxes, may be warned, as it is not thought that an older person would be guilty of any such offense.

There will be two deliveries every day, except Sundays, one commencing at 8 a. m. and the other commencing at 2 p. m. Mail will be collected from the boxes by the carriers on their return trips. In the business portion of the city two additional collections will be made one at 11 a. m. and the other at 7 p. m.

There will be no Sunday delivery, the carriers' windows at the postoffice being open from 9 until 10 a. m. on that day the same as the general delivery, and patrons who are served by carrier can get their mail by calling at the window. The windows will be numbered and if carrier No. 1 delivers the mail at your house or place of business you will call at the window numbered 1, the same rule being applicable to Nos. 2 and 3.

Postmaster Ingersoll hopes that the public will have patience with the young men who have been appointed carriers until they become accustomed to the work. Neither they or anyone connected with the office in this city have had experience in this line but with the forbearance of the public it is hoped that the system will be shrouded down to a speedy within a short period.

### W. E. BARBER ARRANGED.

He is the Man Charged With Stealing Copper, Etc., from the Northern Pacific Shops.

This morning Deputy Sheriff Winter caused the arrest of W. E. Barber, charged with petty larceny. Barber is the man who is said to have been captured night before last near the shops, with some copper in his possession.

It is understood that the police have suspected him for sometime although they have never been able to get any evidence that would warrant an arrest.

He was arraigned before Judge Mantor this morning and entered a plea of not guilty. His case was continued one week. He claims not to have been connected with the theft of any material from the shops and is positive that he can clear himself of the charge. He was admitted to bail in the sum of \$25.

When writing to your correspondents request that it be directed in accordance with the above, giving careful attention to this request will save many vexatious delays, as mail not properly addressed will be left in the general delivery.

### ORGANIZED JUST THREE YEARS AGO

Term of Enlistment of Members of Company F. Three Years Expires.

MANY OLD MEMBERS DROP OUT

The Company was Organized at the Time of the Leech Lake Trouble.

Company F, of this city was organized just three years ago and the term of enlistment of all of the original members of the company expired at midnight last night.

The company was organized under a call from Governor Clough at that time in inviting Brainerd to furnish one of the companies. This was at the time of the Leech Lake Indian difficulties and some of the officers and men who are now members of Company F, went to Walker at the request of the county commissioners of Cass county to protect the city from a supposed raid.

It is not known what per cent of the old members will reenlist, but it is known that several of the members will not. At the time of the organization of the company three years ago S. R. Adair was made captain and he has continued in this capacity since that time. Dr. Reinhold was made first lieutenant and O. A. Williams was made second lieutenant. Since that time Dr. Reinhold resigned and William Nelson, who was then first sergeant, was elected to succeed him as first lieutenant.

### CONSTABLE COFFIN IS EXONERATED.

#### Jury at Red Wing After being Out Five Minutes Says Not Guilty

### HIS CHARACTER SUSTAINED.

#### Many Witnesses From Deerwood and Brainerd Testify in His behalf.

Constable W. A. Coffin, of Deerwood, who was charged with criminal assault on the person of Maud Grant, and whose trial has just been completed in the district court of Goodhue county, at Red Wing, has been completely exonerated, the jury bringing in a verdict of not guilty.

The following is a gist of the testimony taken in the case.

"Maud Grant was the state's first witness. She testified that Coffin is a constable at Deerwood, Crow Wing county, and on Sept. 7 last was bringing her to the training school at Red Wing. They arrived here at about 9 o'clock in the evening. They walked around several blocks, healking several people whom he met, where there was a good hotel, and finally wound up at the Hendel hotel. He registered and they were assigned different rooms, but they were together. There was a door between the two rooms. He first looked her over and then his. After a while he came into her room and said he would like to talk to her. She refused to talk and he returned to his own room. In a short time he came back and she again told him to go away. After a while he came into her room again. She was just reading her Bible and was just going to say her prayers. He put his arm around her and told her so that she could not move. She struggled and tried to scream but he put the sheets over her face and held so tightly that she could make no sound. He remained in her room until morning. After breakfast they walked to the training school, arriving there about 9:30 o'clock. After setting down in one of the rooms in the school she felt asleep and later was awakened by bed.

Next morning Mrs. Anna McDowell, the mother of Maud Grant, testified that she was the complaining witness in the trial which resulted in the girl being sent to the training school.

Sup't. J. W. Brown testified as to the girl being received at the training school. Miss Edith Kassam, matron of family A at the school, gave similar testimony.

Miss Elizabeth Harsh, instructor of sewing at the school, testified that on Sunday morning Sept. 8, she was coming down the stairs in the girls' cottage. She could look over the transoms and there was a man and girl standing near the table as if embracing. The girl's hands were on his shoulders. She could not see where his hands were.

Alec Hendel testified to assigning them separate rooms on the night of Sept. 7.

The state here rested.

The defendant then called Rev. A. H. Carver, J. McNeill, H. Peterson, Ida Rathbourn, Belle Wlatten, C. J. Rathbourn and Walter A. Johnson. They all testified that Wm. A. Coffin's reputation for truth and veracity were good while that of Maud Grant was bad.

Maud Grant was recalled and on cross-examination admitted that after her trial at Deerwood she remarked in court that she would fix Coffin so that he would not have a chance to serve papers on anyone for sometime to come.

### LITTLE FALLS BOWLERS WIN

#### Over Brainerd by Over Four Hundred Points in the Games Saturday Night in This City.

Saturday night there was a very interesting bowling contest at the Jerome Kelleher alley, between some players from this city and the regular team sent out by the Little Falls Bowling Club. No particular team had been picked out by Brainerd, but if there had been, the regular team would have been different. As it was the boys did very well with the practice they have had.

The Little Falls boys are a gentlemanly lot and the games were very interesting, being the first played in this city. Four games were played which resulted in the following scores:

Little Falls—1st 2nd 3rd 4th				
McDonald.....	147	128	167	167
Lutz.....	170	173	134	148
Durkin.....	174	178	162	189

### REDUCTION IN THE APPORTIONMENT

#### County Auditor Mahlum Receives Notification From the State Superintendent.

### LESS BY NEARLY TWO THOUSAND

#### Other Interesting Data From the Office of County Superintendent Wilson.

Tuesday morning, County Auditor Mahlum received from State Superintendent of Public Instruction Olson, the notification of the October apportionment of the school fund for 1900. The apportionment is usually much less than the one made in October, but of course for the present school year there is no way to know what the amount for March will be. The October apportionment is much less than for the year 1900, although there is quite an increase in the number of pupils. In the year 1900 the apportionment per pupil for October was \$2.73 and for March \$1.25, making a total of \$3.98 per pupil. The October apportionment for 1900 was \$750.29 which is nearly \$3000 more than the apportionment for the same month this year.

Superintendent Wilson stated that he could not account for the reduction and said that if it is carried throughout the state that the money paid to counties for school purposes by the state this year will be less by \$100,000 than last year.

Superintendent Wilson reports good progress in connection with the teachers meeting which is to be held in Brainerd next Saturday. He expects a large attendance.

School District No. 9, Ft. Ripley, has ordered the \$40 library from the state and they are preparing to receive the \$100 and from the state. The state gives one hundred dollars to a district that has a library, a first grade teacher etc., and the entering Fort Ripley district is striving to get in the front rank.

District No. 34, east of Deerwood, is also getting into line in this regard and has ordered the \$40 library from the state.

### CONSIDERED NOT FEASIBLE.

#### Statements Made by Interior Officials at Washington That the National Park Project is No Go.

Statements have been made in Washington by the interior department officials during the past few days concerning the project of a national park on Indian lands in Minnesota, says a Washington correspondent. This project is considered in connection with possible legislation by congress affecting the affairs of the Chippewa Indians. It appears to be the impression of many department officials that it will be possible for the Minnesota delegation to reach an agreement among themselves whereby racial legislation will be enacted to correct the deplorable condition of affairs which has prevailed among the Chippewa Indians for many years. What form this legislation will take it is impossible for any one to predict at this time.

Interior department officials profess to believe that no serious effort will be made at the coming session in behalf of the Minnesota national park project. They assert that the plan is not feasible, and that while many people in Minnesota are serious in their advocacy of its establishment, many are doing so for selfish reasons only. "Among the people of Minnesota who are behind the national park project," said an official of the interior department, "are many who are interested in it."

"We know, for example, that many lumbermen in the northwest are sincerely in favor of the park with a view of keeping the vast tracts of Indian timber in Minnesota out of the market for a few years in order that the present high prices on lumber may not be affected. At the proper time, when they are ready to handle the pine, they will get new light on the subject and will be earnest in their opposition to the park as they are now in advocating it. This element is a small minority, but it is a vigorous one, and the sincerity of their motives is clouded in doubt. While the agitation for the park has been conducted mainly by persons sincerely in favor of it, congress will hardly make the appropriation which will be necessary for the establishment of so large a park reservation. The movement was inaugurated too late in the day and I fear that the hopes of those who are behind it will never be realized."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in some form. Their powders upset the mucous membrane causing them to crack and bleed. The powerful acids used in the inhalers have entirely eaten away the same membrane that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of Catarrh, has at last perfected a Treatment which when faithfully used, not only relieves at once but permanently cures Catarrh, by removing the cause, stopping the discharge, and ending all inflammation. It is the remedy known to science that actually reaches the affected parts.

This wonderful remedy is known as "Sanflin" the Guaranteed Catarrh Cure" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

Sanflin is the only perfect Catarrh Cure ever made and is now recognized as the only safe and positive cure for the annoying and disgusting disease. It cures all inflammation quickly and permanently and is also the only medicine that will stay Fever or Gold in the Head.

Catarrh when neglected often leads to Consumption—Sanflin will save you if you use it at once. It is no ordinary remedy, but a powerful treatment which is positively guaranteed to cure Catarrh in any form or stage if used according to the directions which accompany each package.

The southward dry spell is producing some serious fires in this section. The rank growth of grass and weeds which encumbers the uncultivated lands in this section is getting dry as tinder and carelessness of the farmer starting fires is creating considerable trouble. Monday three big fires broke out to the north, northwest and west of here, and the high wind that prevailed during the afternoon threatened to develop a fiery holocaust similar to that which devastated this region in 1894 and destroyed Hinckley—Milne Lucas County Times.

I. left for Backus, where will hunt for a day's stacking at Mr. Ferris' club house. A. P. Shaaka, who has been working for Louis Lajoie, has brought out William Olson, of Seventh street, and will take charge of the shop tomorrow morning. Mr. Olson's health has failed him and he has been compelled to seek other climates. He will leave for Wisconsin tomorrow. Yesterday R. D. King and Pete Wolvert went out to Mud lake for a hunt. R. D. King, of course, prided himself with being a great shot, and he went out all gilded and yesterday morning it looked bad in duck-pond. The boys were having pretty good luck but finally Mr. King, eyed, eyed some ducks out on the water and they thought they had better creep up on them and kill them at once and get a good pot. They crawled on their hands and knees for about three hundred yards and when they got within range R. D. suggested that they count three and every body fire. Wolvert did the counting and when three was counted bang went the guns and imagine the dismay, when they discovered they had fired into a number of ducks. Wolvert released his gun and thought he would catch some of the ducks on the wing.

DIED OF OLD AGE.

Former Resident of This City Lays Down to Eternal Rest at Home of Mrs. J. T. Lucas, Red Island.

Bad Wreck. News from Bemidji last evening reports a fearful freight wreck on the Great Northern a short distance out of that city, by which a freight bound for Duluth went into the ditch and seventeen cars loaded with wheat were literally smashed into splinters. The accident was due to a defective switch, four of the cars and the engine getting over all right, but all the cars back of that went into the ditch. It is believed that there were four tramps in the cars wrecked. It is the worst wreck on that division and will take not less than three days to clear away.—Fargo Call.

Deceased was in her seventy-sixth year and died of the infirmities of old age. She was a resident of this city for six years and was well acquainted here. The interment occurred at Bird Island Tuesday.

INVITATION TO BROTHER ELKS.

Members of Brainerd Lodge, B. P. O. E. Invited to Attend Meeting of Elks at St. Cloud.

Yesterday Exalted Ruler J. T. Sanborn received the following communication from St. Cloud Lodge, No. 616, B. P. O. E., which is self explanatory: Saint Cloud, Minn., Oct. 30, 1901. To the Exalted Ruler, and Members of Brainerd Lodge of Elks, Brainerd, Minnesota.

Dear Sirs and Brothers: I am directed to extend a cordial invitation to the Brainerd Lodge of Elks to be present at our next regular meeting Friday evening, November 1st.

You will have several candidates for initiation, one of whom is Hon. Frank M. Eddy, of Glenwood, Minn. After the regular work we shall have a social session and trust that a large number of the boys from No. 616 will be present.

Fraternally yours, H. A. McGEEHAN, Secretary.

To the officers and members of Brainerd Lodge 616, B. P. O. E.: Your attention is called to the above invitation received too late to take any action by the lodge.

Fraternally yours, J. T. Sanborn, Exalted Ruler.

BROKE HIS LEG.

F. B. Seely While Pulling Stumps South of the City Wednesday Was Quite Badly Injured.

Wednesday afternoon while pulling stumps south of the city a short distance, F. B. Seely, of Selkirk Army fame, had his leg broken in a rather peculiar manner. The sweep head bit him and threw him to the ground and in falling he caught his leg between the leg and the cap. He was removed to St. Joseph hospital where the wounded member was dressed.

Buy your jewelry and silverware of E. S. Houghton and get a piece of elegant opal chainware with each purchase of \$1.00 or more.

Lost—M. Cedar Lake, spangled, light yellow color, answers for the name of "Chessa." \$10 reward. F. J. Murphy.
