

# THE BRAINER DISPATCH.

VOLUME 30, NUMBER 50

BRAINER, MINNESOTA, FRIDAY, NOVEMBER 22, 1901.

INGERSOLL & WIELAND, PUBLISHERS

## DEPUTY SAUNDERS NABS VIOLATORS.

### Non-Residents Hunting in Cass County for Big Game Without Licenses.

### THEIR STUFF IS CONFISCATED.

### All are Wealthy Illinois Men—Are Taken to Walker for Hearing.

Deputy Game Warden Saunders last night made a big haul near Hackenschack, in Cass county, and four prominent non-resident men of Illinois are in limbo and will have a chance to squirm while in the grasp of Minnesota's stringent game law.

The men who were arrested are T. C. Sager, G. W. Johnson, D. W. Burbank of Geneva, Ill., and E. Well, of Chicago. It seems that these men had the audacity to come in this state to hunt for big game without procuring a non-resident license. The deputy game warden was put on their trail and they were located near Hackenschack, where they had camped out for a fine hunting season.

Besides placing them under arrest charging them with violating the game law of the state, all their guns, dogs, traps and other truck were confiscated, amounting in all to nearly \$1,000.

Game Warden Saunders, it is understood, has positive evidence against the men. They have been taken to Walker, where the court is now in session, and they will be given a hearing.

### Two Important Arrests.

Two important prisoners were confined at police headquarters Monday. They were John O'Brien and Frank Johnson, both of whom have a long list of aliases. They were in charge of a United States marshal who was taking the prisoners to Detroit for appearance before the United States commissioner. They are being held for complication in the robbery of the postoffice at Millerville, Minn., although they are believed to have had a hand in a good many other jobs in the shape of burglaries and other kinds of robberies. Johnson was recognized by Chief Bowers as a man who has served a penitentiary sentence, for a robbery at Wild River, and yesterday, "the law gives us no protection from the adult only."

### More Medals.

Ald. John Sheffer today received a letter from Gov. McKellan, lately in charge of the Minnesota exhibit at the Buffalo show, in which the writer said he with one or two assistants were busy preparing the Minnesota stand for shipment home. Two cars were already loaded. Mr. McKellan gives the following news that the fruits of the state keep right on in its business of capturing medals. Four more gold medals, four silver medals and 12 bronze ones have been presented. The state on its exhibit of vegetables and in fruit one gold, two silver and six bronze medals have been secured. Mr. Schager says that the fruits exhibit from Minnesota was such as to secure the medals from an indifferent judge, which was not the case at Buffalo.—St. Cloud Journal-Press.

FOR SALE CHEAP—Two fine lots on Seventh street. C. E. Cole, 429 Hamilton avenue, Battle Creek, Mich.

## A BOWLING CONTEST.

### A Second Event Tuesday Resulted in A Victory for the Calling Log Team.

There has been considerable interest in late in a bowling contest which is being waged between two teams composed of young men of the city. One team composed of Messrs. Cox, Heffner, Stout and Brown, some time ago challenged a team composed of Messrs. F. B. Johnson, Dr. Frederick, A. McCarthy and D. McDonald. The first contest of three games was waged last week, the latter team coming out with flying colors. Tuesday night, however, the tables were turned and the former team won by a good margin in the total score.

In the first game of the three played "the team" headed by F. B. Johnson won by a margin of 13 in the second game they won by a margin of 47; but in the last game the other team got 85 points ahead and thus won out in the total score.

### MUST PRESENT CERTIFICATE.

### The Milk Lacs Lake Indians Will be Paid Off at Vinland on Monday.

Indian Agent Simon Michele has sent out notices that the Indians of Milk Lacs lake will be paid off on Monday, November 25, at Vinland. Agent Michele will have along with him on that day Dr. L. A. Parkison, the government physician, and all Indians will be vaccinated as they received the annuity. A strict obedience to this ruling will be adhered to and no Indian will be paid off until he can present a vaccination certificate from the government physician.

Dr. Parkison was in the city yesterday and he stated that there was very little smallpox now among the Indians, and since the quarantine has been raised the contagion has been watched carefully. It will be watched from now on and the first time that a case presents itself the subject will be placed in quarantine.

### Wants Them Imprisoned.

State Game Warden S. F. Fullerton favors life imprisonment for careless hunters as a means of diminishing the number of accidents during the deer hunting season.

A month before the deer season opened Mr. Fullerton sent circular letters to the auditors of the counties instructing them to reduce licenses to minors.

"We have secured some protection by shutting out the boys," he said yesterday, "but the law gives us no protection from the adult only."

"The legislature should provide a board of examiners to determine the fitness of applicants to handle firearms, and require that no license be issued except upon the certificate of the board." The board might be a state body or localized by congressional districts. Such a board would help some, and its efforts should be supplemented with a penal enactment providing for the life imprisonment of hunters convicted of causing death by the careless handling of their guns.

### ENGINEER TARBELL DEAD.

### Faithful Employee of the Northern Pacific At Fargo Dies Wednesday At the Seafarmer.

Last night at 11 o'clock W. P. Tarbell, an engineer for the Northern Pacific on the Dakota division, whose home was at Fargo, died at the N. P. Seafarmer in this city, after being a sufferer for sometime with pneumonia.

Deceased had been in the employ of the Northern Pacific for a long time and is well known among all the railroad men. He was in his 47th year.

### Eyes Examined Free.

At the Arlington Hotel, Tuesday and Wednesday, Nov. 25 and 27, by Prof. Brown the expert optician, free your bad eyes, eye burns or blurs, don't fail to call on the Prof.

## PROPERTY OWNERS WELL SATISFIED

### What it Cost the City to Pave and Curb Seventh Street South.

### SAVING IN TAKING THIS WORK.

### Dr. Hemstead Thinks City Could Afford to Go Ahead and Improve Streets.

Some of the property owners on Seventh street have been figuring up the cost of the grading, paving and curbing of that street late, and there is an agreeable surprise in the matter of expense, which reflects great credit not only on the street commissioner but on the street committee and the city.

Heretofore work of this kind has been let by contract, but this time the city council thought that they would experiment some along the paving line and Street Commissioner Wetzel was put in charge of the work. The result has been that the work has been done cheaper than it could possibly have been if taken by a contractor and it has also been done better.

It has been figured out that the cost for curbing, grading and paving this street with crushed rock was \$61.20 per 25 foot frontage to each property owner. This street, as is known, is very wide, there being 50 feet between the two curbs. This price also includes granite curbing.

Dr. Hemstead, president of the Northern Pacific bank, stated this morning that he had not heard a property holder on Seventh street make a kick on the grade of work that had been done and some even have not asked what the paving will cost them. He states that they will be surprised when told how cheap it has been done. The work on the street is perfect and it will last for many years.

To a representative of The Dispatch this morning Dr. Hemstead said: "Once the people know that the city can do this work, and do it well, for a cheaper price than can be done by a contractor, I do not think that there will be any objection on the part of the taxpayers of the city to going ahead and improving the streets of the city. This crushed rock can be used as a roadway and the city could go right ahead at a very nominal cost to make an improvement in this line that would be lasting."

### DAVIDSON—TANIS.

### Nuptial Event Occurred Yesterday at the Home of the Bride's Parents in the South Side.

There was a very pretty wedding yesterday at the home of Mr. and Mrs. J. L. Tanis, 515, Ninth street south, when their daughter Miss Annie A. was united in marriage to Mr. George H. Davidson. None but relatives and a few intimate friends of the contracting parties were present. The ceremony was performed amid a beautiful arrangement of flowers, Rev. James Orlow being the officiating clergyman. Mr. Albert Ware was best man and Miss Ester Tracy was maid of honor.

After the ceremony a wedding breakfast was served the bridal party with their relatives and friends partaking.

The bride is a very popular young lady of the city and is well known. The bridegroom is employed in the blacksmith shop at the Northern Pacific shops.

They left at noon for Stevens Point, Wis., where they will spend a short honeymoon. They will be "at home" after December 30.

Dr. J. E. Kinney of Boynton, died at 11:15 o'clock Wednesday night. Dr. Kinney was taken ill about three weeks ago, but at first his malady was not thought to be serious. An abscess formed on his neck, and later, blood poisoning set in and the physicians in attendance realized that his death was a matter of but a short time.

## TAKES PRIDE IN RESULTS.

### President Cooper of the State Fair Looks Over Past Experience with Considerable Pleasure.

President John Cooper, of St. Cloud, of the state agricultural society, will start about December 1 for his winter home in southern California and will not be present at the annual meeting of the association to be held at St. Paul the second Tuesday in January, says the Journal-Press. Mr. Cooper is preparing his report to the annual meeting of the association and has just received from Treasurer Frank J. Wilcox, of Owatonna, his report of the year's business and which will be included in the president's annual report.

The business of the Minnesota state fair for 1901 is certainly a record breaker in every respect, in all the departments exceeding its predecessors. The total receipts of the year are found to have been \$131,254.27 with disbursements of \$98,984.63, leaving a balance in the association's treasury of \$44,549.84. The receipts for admissions were \$57,072.16, which is probably the greatest amount that was "taken in" at the gates at any other fair ever held in the west, or the east for that matter. The association has made valuable improvements on the grounds at Hamline during the summer and some \$5,000 has been expended in improvements since the close of the fair.

Mr. Cooper has been president of the association for four years past. When he became president, the Agricultural society had \$5,000 in its treasury and the success of its fairs was largely a matter of speculation. In the four years of his incumbency of the office every fair has been more than self sustaining and the society has expended in permanent improvements at the fair grounds approximately \$50,000 which with the splendid surplus now to its credit shows a business management that would succeed under almost any circumstances.

As Mr. Cooper well says, the fair is not for the purpose of making money, but it is a mighty comfortable feeling to have a balance on the right side of the ledger.

### HORSES HAD TO BE SHOT.

### A Team Belonging to T. Barrett Over taken by Switch Engine at Eighth Street Crossing.

Wednesday about 7:30 o'clock considerable excitement was created about the Eighth street crossing when a switch engine rammed into a wagon and team of horses owned by T. Barrett the milkman. A young son of Mr. Barrett was driving the team and on the wagon was a large advertising sign of the Lion Clothing Co. The sign was placed on either side of the wagon and the boy sat between them. As he was going over the crossing he did not see the engine coming.

The engine hit the horses, throwing them down and dragging them for a short distance. The wagon was not injured a great deal excepting the front end. The boy jumped and escaped uninjured.

Both horses were badly injured and as they were led from the crossing the blood oozed from the cuts and gashes which made a pitiful sight. Dr. J. D. McDonald was called and in order to save the poor dumb brutes further suffering shot both of them, as they would have been worthless even though the wounds would heal.

### REYNOLDS WAS MURDERED.

### Coroner's Jury at Case Lake Comes to That Conclusion in a Mysterious Case.

The coroner's jury at Case Lake in the Iva Reynolds case returned a verdict late last night that he came to his death by two bullet wounds from a firearm in the hands of someone unknown. Several witnesses were examined but nothing new was learned. There is no clue as to who did the shooting. Reynolds was buried last evening. It is not known whether the matter will be further investigated.

# A. E. MOBERG, STARTS THE GREATEST SALE YET.

We want the public to know that no matter how many Reduction Sales or low many kinds are in progress we will not only meet all cut prices, but always go them one better. We will do business if we have to do it at a loss.

During all this month we will sell Dry Goods, Clothing and Shoes at prices seldom if ever made.

## A CLOAK SENSATION.

Table number one contains Ladies' and Misses fine all wool and all silk lined jackets and garment of all sizes and colors, also Ladies' extra heavy winter capes, price on all from \$10 to \$15, you may Grab any one in the lot and pay only \$4.95

Table number two contains Ladies' and Misses finest all wool jackets, lined with best silk and satin linings, with beautiful applique trimming, retail price up to \$20, we also include in this lot the latest things in 27 inch garments, all silk lined, also Ladies' 49 inch long garments and pay only \$7.50

Table number three contains Misses and Children's jackets automobiles and long cloaks worth up to \$5.50, you may Grab any one in the lot and pay only \$3.95

## LADIES' SHIRT WAIST SALE.

Lot Ladies' Shirt waists, \$1.25 kind only 75c

Lot Ladies' Shirt waists, \$1.50 kind only 98c

Ten doz Ladies' fine flannel, also mercerized silk waists never sold less than \$2.00 and \$2.50, choice this sale only \$1.50

These prices demand Early Buying.

## A. E. MOBERG,

Dry Goods, Clothing and Shoes. 516-518 Front Street, Brainerd.

## DEAD MAN'S FAMILY FINALLY LOCATED.

### They Live in Minneapolis Where Deceased Worked for a Lumbering Concern.

### IT WAS ON HIS WAY TO WOODS.

### It is Not Probable That Coroner Reimstad Will Hold An Inquest

Word was received in the city Wednesday by Dr. Reimstad, coroner of this county, from Chief of Police Ames, of Minneapolis, stating that the man who was killed Tuesday morning this side of Jonesville, was a resident of Minneapolis as was supposed by the authorities here, and that he has a wife and several small children living at 207 Grand avenue north.

It was learned in Minneapolis that the man, whose name is Chas. Goshing, was in the employ of one of the large lumbering concerns of that city. He had been working in the mill during the summer and was sent out with a number of other men to work in the woods near Aitkin.

That none of his companions have showed up in quest of the man who must have been missed, creates some strange to the authorities in this city, and some have suggested foul play.

The man had \$1.40 on his person when found. Dr. Reimstad has not yet held an inquest over the remains, and it may not be necessary. There is no evidence in hand so far that would prove that the man was killed by other means than falling from his moving team, and so far as known, the man was thrown from the car unseen by anyone.

WARREN—Position as housekeeper in respectable family by a young widow, with baby. Child no trouble. Address box No. 1082.

Bicycles for rent at Hoffman's.

### SACRIFICED LIFE TO SAVE COMPANION.

George Whitford Drowned Sunday Morning in Rice Lake While Skating.

### GLORIOUS EXAMPLE OF COURAGE

Young Man Was Reached by Friends But Could Not Be Saved.

A distressing accident occurred Sunday morning about 9 o'clock on Rice lake near the Brainerd Lumber company mill and as a result one family in the city is heartbroken over the loss of a son. Early Sunday morning George Whitford and Maria Bridgeman, two young men about eighteen years of age went out for a skate on the lake about an hour before the skating of the ice broke at a point just east of the mill and both went under.

John Lackey, who works at the mill, heard the cries of the boys and rushed to their assistance. Bridgeman seemed to have kept himself above water somewhat longer than Whitford and when Lackey reached the scene he was pulled out of the water, although almost exhausted and ready to give up the fight with death which seemed to have a firm grip on him.

Whitford was seen in the water however, but it was readily seen that he would be drawn down by the watery elements. Others about the mill were at once notified and the place around the opening in the ice was dredged and after about half an hour's grappling with the hook the body was located and was taken from the water, cold and lifeless.

Young Whitford was in his eighteenth year. He was a son of Mr. and Mrs. James Whitford, who run the Rice Lake hotel. He was a particularly bright young man and had numerous friends in the city. The shock to the parents is almost unendurable, the mother of the boy as he remains were brought to the house yesterday by hysterics.

That Throbbing Headache. — Would quickly leave you, if you have Dr. King's Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make blood and build up your health. Money back if not cured. Sold by McFadden Drug Co. & H. P. Dunn & Co. Druggists.

### LUMBERMEN ARE SLOW.

They Are Delaying Their Settlement With Capt. Mercer for Green Lumber.

Cut Last Winter. Indian Commissioner Jones is becoming quite impatient with the Minnesota timber contractors who are delaying their settlements with the agent Mercer for green timber cut last winter.

### BOY ACCIDENTALLY SHOT.

Walter McNeely While Out Hunting With a Companion Is Quite Seriously Injured Sunday.

Walter McNeely, who lives south of the city some distance, was quite seriously injured Sunday afternoon while out hunting with a companion. The boys had stopped to get a drink out of a spring and while fooling one of them kicked the gun in some manner so that it discharged.

Young McNeely was shot through the groin and while it is not thought that the wound is critical it is quite serious and he will be laid up for some time. He was brought to the city and taken to St. Joseph's hospital where he is being attended by Dr. Batcheller.

The deceased had been employed for some time in the M. & L. round house as helper. He was well known among the workmen about the place as a genial, good natured lad, whose sunny disposition was an inspiration. He was the only son of Mr. and Mrs.

### WHEAT SHIPMENTS UNPRECEDENTED.

About Eleven Hundred Loads of the Cereal at Staples Sunday Morning.

### TRAINMEN USHERED INTO LINE.

Crews From the M. & L. and From the St. Paul & Duluth Are Secured.

Sunday's business on the Lake Superior division eclipsed all records in the traffic line for the same period, twenty-four hours. The train register at the Northern Pacific telegraph office in this city shows that something like thirty-two freight trains passed through the city during the day.

B. P. Nelson of the Nelson-Tullih company, and H. C. Akeley of the Akeley Lumber company, laugh at the idea of selling "burned" lumber at green timber prices.

Without going into the feasibility of the plan, Mr. Owen thinks that as a general proposition it will be discouraged by the market.

There is no doubt a difference in the price of burned and green timber but the demand for burned timber will cease. The fact that the value of damaged goods has suffered and the consequent natural drop in prices always creates the demand.

From Coopersville, Mich., comes word of a wonderful discovery of a pleasant liquid that when used in bad colds always ends a good night's rest.

Spreads Like Wildfire. — When things are "the best" they become "the best selling." Abraham Harris, a leading druggist of Belleville, O., writes: "Electric Bitters are the best selling bottles I have handled in 20 years. You know why? Most disease begins in disorders of stomach and liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, helps cure multitude of ailments. It builds up the entire system. Put a new life and vigor into any weak, sickly, nervous man or woman. Price 50 cents. Sold by McFadden Drug Co. & H. P. Dunn & Co."

### PRELIMINARY ORGANIZATION.

There was a Fairly Good Attendance At the Labor Hall Meeting.

M. N. Rogers, of Minneapolis, organizer for the State Federation of Labor, presided at a representative gathering of the laboring men of the city Monday in Trades and Labor Assembly hall.

Representatives Morris and Twomey held an inning Saturday with President Roosevelt about the proposed National park in northern Minnesota.

That this park scheme is developing into a fight between the small and large timbermen of Minnesota, there is not much doubt.

The small contractors are opposed to the park because they want to get hold of the timber, not having a large available supply, while the big dealers have plenty of timber in sight and are friendly to the park scheme which would reserve a large acreage of timber to be used in years to come.

If the supporters of the park will change front, consult with the forestry commission, urge a forest reserve instead of a park, they will be more apt to attract the practical attention of President Roosevelt who forest and ardenly believe in preserving them.

Great Loss of an Editor. — "For two years all efforts to cure Eczema in the palms of my hand failed," writes H. N. Lester, of Syracuse, Kan. "I was wholly cured by Zuckerman's Arion Salve. It is the world's best for Eczema. Score and all skin diseases. Only 25¢ at McFadden Drug Co. & H. P. Dunn & Co."

Screens Doors, 85 cents at Hoffman's. Bring in your potatoes to C. A. Bann. Highest market price paid for them.

One thoroughbred Jersey bull for sale, 3 years old, kind and gentle. Price \$40 apply at farm, Leaks Station, W. E. CLARK.

### GREATLY IN FAVOR OF IT.

President Owen of the State Board of Forestry is Particularly Interested in New Plan.

S. M. Owen, president of state board of forestry, is much interested in the report from Washington that Secretary Hildreth has completed a re-organization of the forestry division of his department that will insure the conduct of forestry affairs on strictly business principles.

Mr. Owen is particularly interested in that part of the plan which is to provide for the sale of burned timber at green timber prices after Jan. 1. This measure is designed to prevent the wanton burning of timber by persons who wish to secure it as "dead and down."

Without going into the feasibility of the plan, Mr. Owen thinks that as a general proposition it will be discouraged by the market.

There is no doubt a difference in the price of burned and green timber but the demand for burned timber will cease. The fact that the value of damaged goods has suffered and the consequent natural drop in prices always creates the demand.

From Coopersville, Mich., comes word of a wonderful discovery of a pleasant liquid that when used in bad colds always ends a good night's rest.

Put a new life and vigor into any weak, sickly, nervous man or woman. Price 50 cents. Sold by McFadden Drug Co. & H. P. Dunn & Co."

### THE FOREST RESERVE.

Congressmen Morris Wants His Constituents to Be Advised Before Action.

Representatives Morris and Twomey held an inning Saturday with President Roosevelt about the proposed National park in northern Minnesota.

That this park scheme is developing into a fight between the small and large timbermen of Minnesota, there is not much doubt.

The small contractors are opposed to the park because they want to get hold of the timber, not having a large available supply, while the big dealers have plenty of timber in sight and are friendly to the park scheme which would reserve a large acreage of timber to be used in years to come.

If the supporters of the park will change front, consult with the forestry commission, urge a forest reserve instead of a park, they will be more apt to attract the practical attention of President Roosevelt who forest and ardenly believe in preserving them.

### Wants Them Impounded.

State Game Warden S. P. Fullerton favors life imprisonment for careless hunters as a means of diminishing the number of accidents during the deer hunting season.

A month before the deer season opened Mr. Fullerton sent circular letters to the auditors of the counties instructing them to refuse licenses to minors.

"I've had secured some protection by shutting out the boys," he said yesterday, "but the law gives us no protection from the adult foot."

The legislature should provide a board of examiners to determine the fitness of applicants to handle firearms, and require that no licenses be issued except upon the certificate of the board. The board might be a state body or localized by congressional districts. Such a board would help some, and its efforts should be supplemented with a bond enactment providing for the life imprisonment of hunters convicted of causing death by the careless handling of their guns.

S. A. Loehn, formerly of Fargo, who has been engaged in the merchandise business at Bemidji, Minn., during the past two years, filed a petition in bankruptcy in the United States court at Fergus Falls Wednesday.

Leo Gann, who left St. Cloud some time since to pursue his theological studies at Rome, reached Naples October 30 and will spend several days in sightseeing about Naples and Mr. Yvernia before going on to Rome to take up his work.—Journal Press.

The Val Bait Brewing Company, of Milwaukee has concluded arrangements for the construction of a solid brick two story block on the N. P. right of way at the site occupied by an old hardware store room, Moorhead.

The estimated cost of the new structure is in the neighborhood of \$6,000.

The Brainerd Dispatch.

Published at the Post Office at Brainerd, Minnesota, as second class matter.

Official Paper of Crow Wing County.

Published at the Post Office at Brainerd, Minnesota, as second class matter.

Legal Notices for Local Notices.

FRIDAY, NOVEMBER 22, 1901.

LITTLE FALLS will have a city trolley line early in the spring.

The public schools of Motley have been closed on account of smallpox in that vicinity.

MINNESOTA beats the world for fine winter weather, of which the present is a sample.

BRANSON sent 75,000 copies of the Commoner into Ohio just before the election, and lost at the result.

The next legislature should pass a law making it unlawful to kill men during the open season for deer.

This is about as treacherous as the careless deer hunter and both are claiming countless victims these days.

A. G. BERNARD will not start a paper at Farley as reported. A. G. already has two papers and he says that is one too many.

BRANSON will not down much to the disgust of the old time democratic leaders who wish he would "go way back and set down."

The Minneapolis Times feels called upon to make the statement that W. E. Hearn, the yellow journalist, does not own or control that paper.

The first rural mail route in Stearns county has been established. Rural mail routes mean good roads which is one of the requirements.

The prediction is made that the Northwest will be in the throes of a lumber famine by January, especially as far as the better grades are concerned.

The Paris exposition awarded a gold medal to Minnesota for the best system of child labor inspection. It cost \$145 to get the medal, however, and it will be called for.

NOVEMBER 23, has been designated as Thanksgiving day and the people of these United States have much to be thankful for in this year of our Lord, nineteen hundred and one.

COLE TORNOSE is said to have received a capitulation in the Minneapolis police force tendered him by Mayor Ames. No further doubt about his complete reformation can be entertained.

In 1900, according to the census bulletin, the number of males of voting age in the United States was 21,329,819, and of this number 2,236,255 are illiterates and 5,102,243 foreign born.

As an evidence of prosperity among the farmers the produce dealers claim the former do not ship eggs enough to the market to supply the demand but are using them for home consumption.

THEY say it is a poor rule that will not work both ways but we have yet to hear of the hunter who took a shot at a man and killed a deer. Statistics show that in this instance the rule is a dead letter.

DELENA's chief of police is in serious trouble, having been indicted for writing a letter when first taking office, in which he told the school keepers they need not regard the law as to the hours of closing. He should have added the postscript "burn this letter."

It takes two tons of pig tobacco and half a ton of smoking to supply the wards of the state in the penitentiary, insane hospitals and asylums per quarter. It may be stated that none of the weed is given out at the reformatory or at the state training school for boys.

This board of control has saved the state \$5,000 a year in the matter of insurance on state buildings in policies just written. Give them credit for that.

MIKE DOWLING who is out after big game, killed a moose in the north woods Saturday. He will now be more persistent than ever in trying to hang Congressman Eddy's scalp on the fence.

The St. Paul Globe and the St. Cloud Times, both claiming to be straight democratic, are in a heated discussion as to what constitutes a democratic paper. Why not refer the question to Charlie Towne or Billy Bryan?

In speaking of the candidacy of Henry Treloren for the democratic nomination as Mayor of Duluth the Long Prairie Leader remarks "Oh, we democrats are not all dead yet. No, there's Hensch, Bro. Graham and—Bryan."

Men are still being wantonly killed in the woods by reckless deer hunters. A good plan would be to give a few of these careless individuals the limits of the law for manslaughter. Men who shoot at anything and everything that moves in the woods should be taught a lesson.

The Fillmore county farmer who applied to the Secretary of Agriculture for a license according to the Winnebago Press, stating that Battle Axe seed was preferred but that he would take Climax or Star plug, was informed that the department was sending out fine cut soil this year.

The Minneapolis Journal sees nothing but political significance and a smooth piece of strategy in Gov. Van Sant's stand against the consolidation of the Great Northern and Northern Pacific lines. This was to be expected, but the ordinary individual will give the governor credit for doing what he thought was right in protecting the interests of the people of the state of Minnesota.

When a bright man is wanted for actual labor he doesn't have to pass civil service examination, remarks the Oakland Independent. If this is an indication that there is no labor connected with a civil service position this California editor's opinion might be changed somewhat if he followed some of those who hold these positions, from morning until night. This again he might not be "bright," enough to pass the examination.

On November 24 a pledge drawn by the American anti-cigarette association will be read in every Sunday school in the United States, according to an exchange. The pledge binds the signer to abstain from the use of cigarettes or tobacco in every form until 21 years of age. The association is said to have 300,000 members and it is expected that several hundred thousand will be added on that day.

Boys who "skip" school should be warned. Last winter the legislature passed a law making the offense of systematic "skipping" punishable by commitment to the state school. The law provides that upon the approval of the board of education pupils who make a habit of staying away from school and who will not mend their ways after the truant officer has done what he can to persuade them to do so shall be wards of the state. It provided in that case, and sent to the school at Red Wing.

Forty cents on the dollar will be realized by the creditors of the T. M. Roberts supply house concern which went to the wall at Minneapolis some time ago, and 30,000 mail orders with cash enclosures are said to be in the lot. The people who patronized the institution realize how a particular order house could undersell the home merchants who pay their bills, 100 cents on the dollar, pay taxes in the community in which they live and contribute to the general welfare of their home town and county. People who sell goods at cost or less the year round have a peculiar way of getting their goods and beating their customers which comes to light sooner or later.

The Fergus Falls city council will be asked by petition to pass an ordinance prohibiting spitting on the sidewalks. Thus are the rights of the street loafers being abridged.

The Albert Lea Tribune hits the nail on the head when it says "If stances are not rare when great minds cannot agree, but personal graces and dislikes should not enter into newspaper discussion to any great extent."

Neighborhood Gossip.

David W. Roman had his ribs broken at St. Cloud in a runaway. A state farmers institute will be held in Wadena December 6 and 7. The North Dakota Millers Association held a meeting at Fargo Tuesday.

James Dillon, convicted of burglary at Fargo, drew a term of three years in the pen.

William Sloan, a farmer of Madelia, was thrown from his wagon, breaking his skull. He will die.

A game warden killed Lake-Koronski, near New Payetteville, and secured over 200 feet of gill nets.

A little daughter of Mr. and Mrs. E. P. Wakefield was drowned while skating near McGregor Monday.

The five-year old son of Mr. and Mrs. Jos. Symonak was burned to death at Holding, in Stearns county, by the Fergus billiardist, was defeated in the game at Minneapolis with George Spear, the Flour city crack.

The Mankato Library Association is now ready to advertise for bids for the construction of the new Carnegie building.

The Fargo Packing Co. fire losses have been adjusted at \$4,000. The face value of the policies carried by the company was \$38,910.

M. Zakariasen, the Brainerd tailor, was in town yesterday looking up a location. He was accompanied by Ole Finnes—Aitkin Age.

Pine River will vote on incorporation December 15th. Two years ago Pine River was all under one roof and there were but few settlers in the county round about.

The young boy who was killed in a Great Northern smashup at White Earth last summer, has been found to have been Roy Wilkinson, son of Mr. and Mrs. R. W. Wilkinson, of Fargo. The boy ran away from home.

The Duluth saloon men who expected the Sunday closing order which was issued by Acting Mayor Cromwell during the absence of Mayor Hago would become a dead letter in the course of a few weeks, have come to believe that it will stand. Mayor Hago has shown no disposition to in any way interfere with the order.

The driving park directors report that the occasion is short of a considerable sum of money, the principal shortage being due to the fact that so much money had to be expended in making copies in improvement of that the returns from the trotting meets were not as large as were expected.—Wadena Pioneer-Journal.

There is a suit for damages in progress at Fergus Falls this week which will interest some of our readers. Dr. Berthold of Perham, who is well known here, is the defendant in a damage suit brought by a woman named Mrs. Gratzek. She claims that the doctor made an allegation derogatory to her character in a barber shop at Perham, and she wants a plaster in the shape of \$5,000 paid over the wound.

Hon. C. B. Buckman in Minneapolis journal annual congressional matters.

Candidates do not seem to be jumping over each other to get into the fight. Senator Brower has concluded not to enter. Senator Jones is thinking about it, but, like several others, he has not made up his mind what to do. There is plenty of time, though. The campaign will be long enough, if it does not begin until spring. Then, in our district, the man who is nominated has no sure thing for election, and will have to keep right on campaigning up to election day.

Going out of the clothing business and selling the stock at actual cost price. Come and examine prices.

HENRY J. COHEN.

D. M. Clark & Co. sell Sewing Machines on small payments.

Schwantes Given Life Imprisonment.

Wausau, Wis., Nov. 12.—Frank Schwantes, accused of murdering the Milwaukee woman, was sentenced to life imprisonment.

The Fergus Falls city council will be asked by petition to pass an ordinance prohibiting spitting on the sidewalks. Thus are the rights of the street loafers being abridged.

CROW WING COUNTY TAX COLLECTIONS.

County Auditor Mahlum Has Completed work on the October Settlement.

DELINQUENT TAXES RUN LOWER

The Total Amount of Taxes Collected for Period Reaches \$70,892.97.

County Auditor Mahlum has just completed his work on the October settlement which covers all the taxes collected, delinquent and current, between June 1 and October 31 and shows the distribution of the total amount to the different funds. The total amount of taxes collected by the county for this period was \$20,892.97 and the amount is divided as follows:

Table with 2 columns: Item and Amount. Items include State, County, Poor farm, Roads and bridges, Bonds and interest, Special R. and B. fund, Local mill school fund.

All the schools in the county receive \$8507.64, of which the Brainerd schools receive \$6964.77, with the exception of the local mill tax or \$680.98, of which the city schools get \$388.57, the schools throughout the county outside the city receiving the balance.

The collection of taxes for the town and city, there being but one city in the county, is \$4,477.23, of which Brainerd receives \$3,898.51. The total delinquent tax collection for this county for this period amounts to \$6,599.41 and the current taxes amount to \$14,293.56.

The collection of delinquent taxes for this period for Crow Wing county does not show up as large as on former periods of the same time, which naturally is an indication of prosperity; it shows that the delinquent taxes in the county are being pretty well cleaned up.

The total collection of delinquent taxes amounting to \$6,599.41 is divided up as follows:

Table with 2 columns: Year and Amount. Years include 1900, 1899, 1898, 1897, 1896.

COURT AT WALKER.

Ten-Civil and Five Criminal Cases on the Calendar For Trial Before Judge McClennahan.

The grind in the district court at Walker before Judge McClennahan is now on its face. There are ten civil and five criminal cases.

Of the latter, there are two for the grand jury. One is that of Angus McDonald, who killed "Baldie" Regan, in Cass Lake, last spring. Regan had been the terror of the northern part of Minnesota five years. He had abused McDonald on different occasions and the morning he was killed had resumed this pastime. McDonald had an axe and struck Regan on either side of the head, leaving two terrible wounds, from which he never recovered. McDonald is a half-witted fellow, who has been an inmate of the insane asylum at Fergus Falls.

The other murder case is that of Sol Williams, who shot James Morris at Vermillion, in the eastern part of the county, last spring. Morris was a tenant of Williams, the latter having given him the use of his house at Vermillion till he could procure another, making no charge. Williams says he was abused by Morris and his wife and that they had repeatedly threatened to take his life.

On the morning of the murder, Williams was preparing to go to Grand Rapids and the Morris family again began to threaten him, and Morris chased him with a knife. Williams went to the house and procured his rifle. He returned to his home and was preparing to take his departure, when Morris attacked Williams with a knife. Williams grabbed the knife and struck Morris in the chest and arm, following it with two more shots as Morris fell. Williams gave himself up to the sheriff of Itasca county, and at a preliminary hearing was bound over.

ASTHMA CURE FREE!

Asthmalene Brings Instant Relief and Permanent Cure in All Cases.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL. WRITE YOUR NAME AND ADDRESS PLAINLY.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

Dr. T. W. Shaw, M.D. writes that Asthmalene contains no opium, morphine, chloroform or ether. He has used it for 20 years and has cured many cases of asthma.

It's a Long Subject.

But we're going to tell you only very little about it.

For thirty years—nearly thirty years—the Royal Talismen of Chicago has been selling people how to dress well, and at the same time cut the price.

But they are better than they are called. They are not only prepared to show you the "Man From Mianow," but they are ready to show the men, and young men, and boys of all America how garments can be made in-house—made-to-order—made stylishly, simply, and satisfactorily at about one-third the cost as much as other tailor usually charge.

If you could be satisfied of this you would very promptly decide to—

"Pay Less and Dress Better."

wouldn't you? Well, we can satisfy you. We have the exclusive local sale of Royal Talismen. We carry the complete Royal Talismen, and are showing over five hundred patterns in beautiful suits of the latest and most up-to-date styles in fact right now, and we have goods, and have them now.

Take up.

**Neighborhood Gossip.**

The Staples Milling company began to grind Monday.

Paul A. Spang, of Marshall, a prosperous farmer was adjudged insane.

A. O. Bernard, of the Walker Pilot and Cass Lake Vindicator, denies the report that he is to start a paper at Farley.

There will be a second trial of the \$1,000,000 damage case of H. W. Pearson, of Duluth, against the Great Northern road and J. J. Hill very soon.

Today takes Foley's Honey and the positively prevents pneumonia, or other serious results from colds. It may be too late to-morrow. H. P. Dunn & Co. & McFadden Drug Co.

The Public Service Company agreed to furnish heat for the St. Cloud high school at \$600 per annum, but it found that it had blown off more than it could chew.

A thousand things by it are done far better than most. It is the best for Rocky Mountain Tea. McFadden Drug Co.

A special town meeting was held this week to separate the township from the village, at Clearwater, but the proposition was defeated three to one.

I'd leave my happy home and cross the deep blue sea. Better than without Charley and my Rocky Mountain Tea. McFadden Drug Co.

The Association of American Agricultural Colleges yesterday at Washington, elected Dr. Liggott of Minnesota, president; J. H. Worst of North Dakota fourth vice president.

Brings attractiveness to lies, untruths, and gabs, making them handsome marriageable women. That's what Rocky Mountain will do. \$50 at McFadden Drug Co.

Richard McGuire, formerly of Sauk Rapids and a son of John McGuire of Foley, was quite severely injured by being caught in a belt in the J. Neils Lumber company's mill, at Cass Lake Saturday—Sauk Rapids Sentinel.

W. J. Shiraly, Batesville, O., speaking of the pulp, says: "I used it for piles, and it has done me more good than any salve I have ever used, and I have tried a great many kinds." H. P. Dunn & Co. & McFadden Drug Co.

President J. E. Conroy, of the Fargo Packing company, has returned from Alaska, where he is interested in some large marble quarries. He states that the Fargo Packing Co. plant recently destroyed by fire, will be rebuilt on a larger scale.

O. A. Pointe, Upper Branch, O., writes: "I have been using Foley's Honey and Tar for hemorrhoids and find it has been simply I ever tried. It stopped the cough immediately and relieved all aches." Take note of this. H. P. Dunn & Co. & McFadden Drug Co.

At the opening night sale of boxes of the Brainerd opera house the highest prices were brought \$445. The parquet seats will be sold for \$7.50 each, and three days notes will be given before the sale begins. Some Little Falls people have expressed intentions of attending the opening, and the opera house management will afford them due opportunity to get satisfactory seats.—Transcript.

Adolph Blumer, Grand Mond, Ia., writes: "I have used Foley's Honey and Tar in my family and think it is the best cough cure on the market. I would not be without it in my home as there is nothing so good for coughs and colds." H. P. Dunn & Co. & McFadden Drug Co.

Work on the M. & N. is going along more swiftly now since the frost has taken some of the slop out of the ground. Grading is done more easily. Between Temtrike and Blackda about five miles is ready for the ties, including the crossing of Erickson lake. There are three or four large cuts to tackle, and it is said that there is only about two hundred rods of the right of way upon which no work at all has been done except the clearing.—Bemidji Pioneer.

Seymour Webb, Moris, N. Y., writes: "I had been troubled with my kidneys for twenty-five years and had tried several physicians but received no relief until I bought a bottle of Foley's Kidney Cure. After using two bottles I was absolutely cured. I earnestly recommend Foley's Kidney Cure to all city Foley's, H. P. Dunn & Co. & McFadden Drug Co.

Deputy Sheriff William Westberg, of Fargo Falls, a week or two ago left the city and Sheriff Wagner finds indications that his accounts are far from being straight. He was not number books and Sheriff Sawyer is making good all shortages.

A Catholic fair will be a big attraction at Bemidji next week.

The relatives of the late William Semper, of Sauk Rapids, are scrapping over the estate.

Lumber sales to the amount of about \$100,000 were recorded in the office of the register of deeds at Duluth.

The Carleton college Y. M. C. A. has invited the state Y. M. C. A. to hold its next annual convention in Northfield.

W. A. Hitebeck, of Mankato, a member of the switching crew on the Omar road, slipped and fell under the wheels. Both legs were cut off.

The 17-year-old daughter of P. Bodden, of Argyle, disappeared last at the same time the hired man and \$180 in money were found to be missing. The couple were to have been married soon, with Mr. Bodden's consent.

The members of St. Cloud court, No. 404, Catholic Order of foresters, were hosts to many members of the order, among them being John E. Neimeyer, St. Paul, state chief ranger; George W. Stenger, St. Paul state secretary, and several state officers.

L. H. Herrick, of Benton county bank, Sauk Rapids, on Saturday received a telephone message from Ned Swanson, cashier of the bank of Lindstrom, one of the group of banks owned by Mr. Herrick and the Jacobsons, of Alexandria, saying that the bank had been totally wrecked by a charge of dynamite, but the crackers had been unable to gain an entrance into the inner safety deposit vault, where the bank's treasury was kept.—St. Cloud Journal-Press.

Two indictments have been found by the grand jury against L. H. Herrick, the former traveling salesman for the St. Cloud Grocery company. The true bills were returned to the court at its opening yesterday morning but their contents were not divulged. Under the provisions of his bond Howell was not due to the court to the authorities until today. The grocery company claims shortage of some \$700, and it is probable that the amount has been divided into two specific delinquencies. Howell is on the road selling jewelry for a manufacturing company, and was in Brainerd yesterday.

**BIG LAND DEAL CONSUMED.**

The Deal Includes the Sylvan Lake Live Stock Ranch and Involves a Consideration of \$50,000.

The real estate firm of Moore Bros. & Sawyer, of Minneapolis, recently closed one of the largest farm land deals of the season, involving a financial consideration of nearly \$50,000. The land purchased involves in the aggregate 4,000 acres of what is known as the Sylvan Lake Live Stock ranch, in Cass, Crow Wing and Morrison counties.

The land was purchased about 10 years ago by the Sylvan Lake Live Stock company for an immense sheep ranch. A good proportion of it is tilled, and contains large, well watered pastures.

It is situated largely in Cass county on the Northern Pacific road, which at one point cuts through the land. The firm will place it on the market, and has already contracted for the sale of 1,500 acres.

Immigrants for Northwest.

The annual report of the Inspector general of immigration, shows that 10,223 aliens declared they were bound for Minnesota, when questioned at ports of entry during the fiscal year. Of these there were 6,108 Scandinavians (Norwegians, Danes and Swedes), 1,234 Finns, 813 Germans, 576 Croats and Slavonians, 278 Hebrews, 210 Poles, 137 Italians (south), 108 Italians (north), 125 Slovaks and the remainder scattering.

Immigrants bound for North Dakota included 1,283 Germans, 1,147 Scandinavians, and the remainder of a total of 2,880 of scattering nationalities, each being represented by less than 100 persons. The 2,675 immigrants destined for South Dakota included 1,342 Germans and 907 Scandinavians, with the remainder scattering. Montana received an accession of 1,387 aliens to her population, of whom 347 were Scandinavians, 276 Croats and Slavonians, 116 Northerners, 173 Irish, 112 Finns, with the remainder scattering.

Clippie, Doers and Imperial killed an animal of the name of Hesse, a corner of Fourth and Front Sts.

Columbia Bicycles, 840 Hoffman.

**FOLLOWS VACCINATION**

**EIGHT DEATHS FROM LOCKJAW CAUSE GREAT ALARM AT CAMDEN, N. J.**

**OFFICIAL ACTION IS TAKEN**

City Authorities Begin a Complete Investigation of the Whole Matter. Several Cases Also Reported in Philadelphia—Physicians Leth to Believe the Disease is Due to Impure Vaccine.

Philadelphia, Nov. 18.—The alarm that has been caused by the nine cases of tetanus following vaccination in Camden, N. J., has aroused the city officials there to take official action in the matter. The board of health and the board of education each held meetings during the day. The former decided to request physicians to cease vaccinating persons until an investigation as to the cause of the lockjaw cases has been made, and the latter rescinded the order of the compulsory vaccination of all school children. Of the nine cases of tetanus so far reported eight of the victims have died and the other is in a dangerous condition.

The board of health appointed a committee of five to act in consultation with the county physician and make a complete investigation of the whole matter. Dr. H. H. Davis, president of the board, in stating the purpose of the call, said he did not believe that vaccination was the direct cause of tetanus, but as the city was thoroughly aroused and the people were looking to the board of health for some action, he, therefore, believed something should be done.

There have been several cases of tetanus following vaccination reported in Philadelphia, but no official action has been taken. The question of compulsory vaccination of school children and teachers has been taken to the courts and resulted of a verdict in favor of vaccination. The case was that of a girl's high school teacher who refused to be vaccinated. She was suspended by the school board and she carried her case to court. The board was sustained and the teacher was dismissed from the service of the city. She took an appeal to the superior court.

Cornelius Dugan of this city has promised the Anti-Vaccination society to make a thorough investigation of the death of Joseph Goldie, a boy of Bristol, Pa., who died in a hospital here from tetanus alleged to have followed vaccination. The coroner's physician is now engaged in making an autopsy.

Miss Hilda Hock, a well known music teacher in a critical condition as a result of vaccination. Miss Hock a few days ago was vaccinated on one of her limbs. The whole side of her body became paralyzed and she is suffering greatly. A specialist at Philadelphia has been sent for to make an examination.

**WHERE'S THE LEAK?**

I can find it and stop the damage. What'll I charge for the work will be economy, not expense. Don't be afraid I'll refuse a small job, and don't be afraid I can't do a good one.

The sewing society of the First Congregational church will meet at the home of Mrs. J. W. Slip on Saturday afternoon, instead of Friday afternoon, as previously announced.

Mrs. T. Jackson gave a candy pull last night at her home in honor of Miss Hattie Long, of Marshalltown, Iowa, who has been a guest in the city for some time. There were about fifteen young ladies present and a delightful evening was spent.

There will be union services at the First Congregational church on Thanksgiving day, when the First Methodist Episcopal, the First Baptist and the First Congregational churches will participate. Special music will be prepared for the occasion.

One of the daintiest melodies to be sung in season, will be heard in the production of the musical comedy, "The Casino Girl." The composition is entitled, "Loves' Lane" and it was received with great enthusiasm, both in New York and London, where the production has met with enormous success.

Little Miss Mildred Pegg celebrated her fourth birthday yesterday afternoon when some eighteen of her little friends called on her at the home of her parents, Mr. and Mrs. H. P. Pegg. The little hostess was the recipient of many costly and beautiful presents. Her father presented her with a piano.

Dr. Hajcheller had a narrow escape this noon at the Sixth street crossing. His horse stumbled and fell and the doctor was thrown forward over the top board of the buggy. The thills of the buggy were badly broken and it is thought that one of the front legs of the horse was badly sprained. The general doctor was not injured at all.

Rev. A. A. Holmgren, of Burlington, Iowa, will arrive in the city on Saturday evening. He is expected to deliver a temperance lecture under the auspices of the Scandinavian I. O. G. T. in the Columbian.

The lecture will commence at 7:30 o'clock and everyone under-

standing the Scandinavian language is invited to be present. He is a fluent speaker and is one of the foremost temperance workers in this country.

MACHINIST INJURED.

John Kidgion Falls From An Engine Cab At the Northern Pacific Shops and Injures Skull.

Yesterday about 10:30 o'clock John Kidgion fell from an engine cab in the Northern Pacific shops and was slightly bruised about the body besides having his skull injured.

He was removed to the N. P. Sanitarium, but upon examination it was found that the injuries were not serious.

BUTTER MAKERS CONVENTION.

Is Being Held in St. Cloud—There Are Nearly Three Hundred Delegates in Attendance.

The eighth annual convention of the state association of butter and cheese makers was opened at St. Cloud yesterday afternoon. President H. T. Sondergaard, of Littlefield, delivered his annual address, expressing his thanks to the local people for the arrangements for the financial assistance in the way of prizes for the best butter exhibits, he said:

"It is this convention to fall back on its friends every year before our annual state convention. I shall we keep on passing the hat around and depend entirely on what we receive, but I shall practically drop the premium fund and let the entrance fees cover the expenses. I have been for some time in favor of a self supporting state butter and cheese makers' association. The state ought to appropriate about \$1,000 annually to our association."

President Sondergaard complimented the association's organ, the Daily Record in closing.

Senator R. R. Brower extended the welcome to the convention on behalf of the city.

At the session that followed there were reports from Secretary Bennett, the treasurer, and other officers. F. M. Whitman, of Avoca, read an interesting paper on "Tempering, Separating and Care of Separators," while "Charming and Washing Butter" was the subject of a discussion led by M. P. Mortenson, of Stockholm.

Governor Van Sant addressed the convention at a meeting at the Davidson opera house last night, and W. P. M. Connell, state dairy and food commissioner, George P. Grood, of Lovvick, and W. L. Noyes, of Mondak, wore on the program. An orchestra and several local singers joined the exercises. The city is handsomely decorated, and local committees are looking after the comfort and pleasure of delegates.

How Do You Know

those baking powders are made from alum? Their lower price, their unfamiliar names, generally betray them. But it is not necessary for you to know. You know that Royal does not contain alum, that it makes the best food, that it is pure and healthful. You know that alum powders are unhealthful. This knowledge is sufficient to enable you to protect yourself and your family from alum baking powders and the evil results which are certain to follow their use.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

WILL MOVE WITH A RUSH.

When Snow Comes Everything Will Move Rather Rapidly in Lumbering Camps in the Northern Minnesota.

With the coming of snow logging operations will commence with a rush in the northern part of the state. The conditions were never more favorable for a big cut of pine. The absence of snow until the ground has frozen deeply has been a great help in the building of camps and logging roads. With a frozen road a light fall of snow is all that is necessary. For the past two weeks the loggers have been busy getting their camps and roads in order, and with the first fall of snow will be ready for active business. Over two thousand men have been on this preparatory work, and at least three thousand more will be needed when active cutting begins.

A. T. Whalock, a local employment agent, of Bemidji, who furnishes many of the loggers with men, gives the following estimate of the number of men to be employed by the following loggers within a radius of fifteen miles of Bemidji this winter.

Blakely & Farley, twenty camps, 100,000 feet; 200 men; S. A. Gray, three camps, 15,000,000 feet, 300 men; Tait & Co., two camps 14,000,000 feet, 120 men; Clearwater Logging Co., four camps, 20,000, 4,200 men; Irwin & O'Brien, six camps, 20,000,000 feet, 300 men; Brainerd Lumber Co., four camps, 20,000,000 feet, 500 men; Caver Bros., three camps, 15,000,000 feet, 250 men; A. Bagley, two camps, 10,000,000 feet, 250 men; T. B. Walker, eight camps, 60,000,000 feet, 1,000 men; Halverson & Richards, 20,000,000 feet, 300 men; Thief River Logging Co., three camps, 20,000,000 feet and 300 men.

But the loggers are free to confess that the amount of logging done must depend largely upon the labor market. They are offering good wages, and so far have secured men as needed. With good steady men wenders will be accomplished in the pine woods this winter. Warce at present are as follows: For common labor, \$28 and up; teamsters \$35 to \$45; sawyers, \$30 to \$35; cooks, \$40; 80; blacksmiths, \$40 to \$60. Besides the usual demand for lumberjacks a growing demand for iron-makers and laborers upon the two railroads under construction in the county threatens to cause a shortage in the labor market.

School Report.

The following is the report of the St. Hubert school for the month ending Oct. 25: Number of pupils enrolled, 28; average daily attendance 20; Clavette and Artoise Montgomery, Mable Green and Clinton Harris were not absent. Susie Pfeiffer, Eddie Harris, Florence Gertrude, Myrtle Ralph and Edith Vohsary were absent but Edith Vohsary did not come until the middle of the month. Miss Grace Fellett is the teacher.
