COUNTY NOTICE
IT IS HEREBY GIVEN, THAT THERE will be a meeting of the Board of County Commissioners on Saturday, May 10th, 1874. County officials will please take notice, as there will be additional bonds required of them. Liquor dealers will also please take due notice of this, and have their bonds ready for the approval of the Board of County Commissioners.
Further notice is hereby given, that sealed proposals will be received by the undersigned until May 15th, 1874, for the purpose of boarding and nursing three pupils, (O. Beasdel, Mrs. Thomson and Ella Horn), being now supported by the county, same to be paid in orders of Crow Wing County. The Commissioners reserve the right to reject any and all bids.
By order of the Chairman of Board of County Commissioners.
R. X. GOULET,
County Auditor.

NOTICE TO Tax Payers.
Auditor's Office, Crow Wing Co., Minn., Brainerd, May 7, 1874.
The attention of tax payers is called to the following section of the new tax law: Sec. 128. After taxes upon lands shall have become delinquent, as provided in this act, they shall be subject to a PENALTY OF TEN PER CENT. on the amount of such tax; and such tax and penalty shall bear interest from the time when the tax shall become delinquent at the rate of TWO PER CENT. per month, which penalty and interest shall be in the judgment against such lands.
Taxes for the year 1873 become delinquent on the 1st day of June, 1874.
By order of the Commissioner of Crow Wing County.
R. X. GOULET,
County Auditor.

NOTICE.
Owing to the high price of barley, the beer brewers have found it necessary to raise the price of beer two dollars per barrel; and the retail dealers find it unprofitable to sell beer at a less sum than ten cents per glass, and accordingly raise the price ten cents per glass, to take effect on and after Monday, the 11th day of May, 1874.

PUBLIC SCHOOL.
In answer to many inquiries, we would state that there will be no summer term of a public school in Brainerd, owing to the fact that we have no resources at hand with which to pay for it. The School board had hoped, and have made every effort, to have a summer term. But with all the resources at their command, under the existing State law, the Board can only barely make enough together to pay for the schooling already had, and with nothing coming in for future school, (save a little proportion of State school money to be received next fall,) until next spring again. It seems under the law as it now stands, from the best information we can obtain, public schools have no revenue for support except the State fund and the revenue arising from county liquor licenses; and as we have a city organization here, and it imposes a license on liquor dealers, this, under the law, lets the liquor dealer out of paying a county license at all. Hence, on this account, the School Board is left without a single resource upon which to draw for the maintenance of a public school in this place, save only the little pittance that comes twice a year from the State. In short, the Board has spent all, and a little more, that they had, to have schools up to date, and now have no resources with which to provide for future schools, under the school law passed the latter end of the 1873 session of the Legislature. Still, the Board hopes to get something together, or something in prospect, at least, by next fall, so that they may give a full term, and possibly a winter term of public school. The people may feel assured that the Board will do all in their power, consistent with the principle of keeping the District out of debt, to have all the schooling possible. And if the Legislature of 1873 took it upon themselves to strip us of resources with which to keep up schools, all we can do is to hope for a Legislature next winter possessing enough common sense and honesty of purpose to kick such a law into the middle of the past century. As it is, if we had not a city government here, so that liquor dealers could pay their licenses to the county, then we would be furnished with enough school money, added to what we get from the State fund, to have six, or possibly nine months of public school every year. But having a city government on our hands, the licenses have to go towards keeping up city, instead of county and educational institutions. This is, in the rough, the best information we can gather relative to having schools for the present in Brainerd, though it seems to us to be a deplorable string of facts for our educational interests and welfare.

N. P. EDITORS' VISIT.
The probabilities are that our editorial friends, who are to visit Brainerd next week, in company with our citizens, will have a jolly time. Those coming from east of Brainerd, are expected to arrive here by Wednesday evening's train; those coming from west of Brainerd, will arrive here by Thursday morning's train.
A little meeting held Thursday evening by several of our citizens, appointed the following committees:
On Reception—Mayor White, Wm. Murphy and M. C. Russell.
On Invitation and Supper—H. D. Pettibone, C. B. Sleeper and L. B. Perry.
On Finance and Music—Wm. Murphy and F. M. Roser.
On "Quarters," Hall and Excursion—M. C. Russell.
The programme will be:
Thursday morning at 10 o'clock, business meeting of publishers, at the Tribune office.
At 1 o'clock P. M., railroad excursion to Serpent Lake, returning at 5 o'clock.
At 6 o'clock, the editors will take tea with the citizens, on invitations.
At 8 o'clock P. M., a hop, music, and lunch supper at Bly's Hall.
Accommodations for the visiting editors have been provided at the Headquarters Hotel.
There will probably be other "funny" little things thrown in for spice, by our citizens, which do not appear in the programme. Anything to make it "lively" for the first Editorial Convention ever held in Brainerd—the future capital of the proud commonwealth of Minnesota—you know.

We take the liberty of returning thanks to Ex-Mayor Bly, for the tender of the use of his Hall for the occasion. Also, to Superintendent Sullivan, for tendering an engine and coach for the excursion to Serpent Lake.
Music will be furnished by Ben Hazen's celebrated band, and we have to thank him cordially for favors extended.

THE NEED OF THE HOUR.
One of the most important needs of this hour is the completion of the St. Paul & Pacific road to the British line. In response to a deputation of anxious Manitobans that recently waited on Hon. Mr. Mackenzie, present Premier of the Dominion, inquiring when the Pembina & Winnipeg road would be built, he replied:
"The Government are prepared to go on with that road as soon as the St. Paul & Pacific people are ready to push theirs to the boundary line."
Last week some Fort Garry people telegraphed to Consul Taylor, in the States, inquiring about the St. Paul & Pacific extension bill, and he answered that it has not yet passed the Senate, and its chances were dubious, and added:
"It is doubtful whether the branch from Glyndon to Pembina will be completed until the Canadian line from Winnipeg to the frontier is fully graded and ready for the iron."
From these opinions of the Premier and the Consul, it would appear that each party is believed to be waiting for the other, and is trying to stimulate the other. But, in fact, the bill has since passed the Senate by a vote of more than two to one, and its chance in the House, where it has been favorably reported, is believed to be good. Of course, the American end of this international line ought to be built first, so as to keep the through connections intact, and it is hoped that the bill will pass, and that the Legislature will restore the grant on such terms as will insure the speedy completion of the line.

GOLD, GOLD, GOLD!
The heading of this article may be viewed with a little wonder by some, and by others as an advertising puff, or patent medicine discovery. But its meaning is just what it says. That the Northern Pacific runs east and west through the only paying gold belt on the continent, is of course, an established fact. That there should be sections of this portion of the Northern Pacific country rich with the precious metal, as well as the western portions, is quite reasonable enough—for that the Northern Pacific belt, from Lake to Ocean, is rich in minerals of various kinds, is well known—the silver, copper and iron mines of the Lake Superior end on the east, and the gold and silver ranges of Montana, Idaho and California on the west. During the past two weeks, as we are credibly informed, unmistakable signs have been discovered about Brainerd—and on both sides of the Mississippi River—of the presence of gold. The "signs" consist of gold itself, of the very finest quality, and in several localities, during the past few weeks, some old gold miners have been quietly at work testing the virtue of the strata of sand that lays next the strata of hard-pan that lies beneath the ridge of country running north and south here, at a depth of from eight to fifteen feet. They make no hesitancy in saying now, as we are informed, that gold exists in paying quantities in this section; that the field is extensive; that the gold is of the purest kind, and that in one or two places they have already found, wages can be made by washing in the ordinary way. These are the facts thus far developed, and it will be with the most intense interest that further developments will be looked for, in regard to what we have great reason to believe will finally result in rich gold diggings in this immediate section of country.

N. F. KNAPPEN, Esq., who has had charge of the Bismarck Tribune, for Col. Lonsberry, during the winter, and whose farewell valedictory invited his enemies to "go to hell," is down around these parts now taking in a little State air, after a close confinement all winter. He will return again soon to Bismarck, and continue on the lively Tribune.

E. L. STRAUSS, Esq., at his handsome jewelry store and merchant tailoring establishment, is turning out some beautiful suits for the gentlemen. Mr. Lebinski, his tailor, is a master workman, and gives any one fashionable fit on short notice.
The Real question is, what about Ball!
Poor Bruce White looks for sale by 18 if

Col. JOHN H. STEVENS, of Minneapolis, an old citizen of Minnesota, and a man whom for many years we have felt honored to call a personal friend, spent a day in Brainerd this week. Col. Stevens has charge of the tree planting project on the Northern Pacific prairies, and is taking great interest in his work. He established, and for several years conducted the Farmers' Union, our able Minnesota agricultural paper, at Minneapolis, and he is one of the most scholarly as well as practical agriculturists of Minnesota—and is styled the "Father of Minnesota Agriculture." Some papers are talking of forcing Col. Stevens onto the Congressional track this fall; we hope they will desist; and we trust he will not listen to such twaddle, for he is too good a man and useful a citizen in other ways, to be kicked about a whole Congressional District on a red-hot political griddle.

"We trust the popularity of THE PIONEER at Brainerd has not rendered the newspaper business at that point unprofitable. There are 40 copies of THE PIONEER taken at that point, and 12 copies of THE PRESS. So intelligent a people as this state of things argues ought and doubtless do furnish an excellent patronage for so good a paper as is THE BRainerd TRIBUNE. Nevertheless the paper is for sale—its editor desiring to engage in other pursuits."—[Pioneer].

"Yes, Mr. Pioneer, you argue well; The Pioneer is well liked here; our people are intelligent, as you say, they do support the TRIBUNE well; and it is for other reasons entirely, though they are important ones to us, that we have determined to offer so paying an institution as THE TRIBUNE office for sale, in so promising a location as is Brainerd."
L. S. & M. OFFICERS.—The following is a list of the officers of the Lake Superior & Mississippi Railroad under the new order of things, as we get from a circular sent us:
J. P. Halsey, President.
George H. Smith, Superintendent.
E. D. Halsey, Auditor and General Ticket Agent.
T. M. Davis, Treasurer.
H. A. Towne, Sup't Machinery.
S. J. Wallace, Sup't Bridges and Buildings.
All of which compose a square ticket.

ANOTHER NEW FIRM.—Our young friends, Messrs. Wm. C. Davie and T. T. McAvoy, have formed a co-partnership, under the firm name of Davie & McAvoy. As will be seen by their advertisement in to-day's TRIBUNE, they will keep a first-class grocery, produce and provision store, near the Post-office, Front Street. These young men are deservedly popular in this community, and we feel sure they will be liberally patronized by our good people. They certainly start out in business "on their own hook" enjoying the full confidence and best wishes of every one for their future success among the business men of the New Northwest.

THE INDIANS.
BISMARCK, May 5.—Major Sperry, Indian Agent at Fort Berthold, arrived here to-day with delegations of Arickarees and Mandans on their way to the Indian Territory to examine that country, with a view to the removal of these tribes. The Gros Ventres refuse to leave the country. After visiting the Indian Territory they will go to Washington to see the Great Father.
This delegation passed through Brainerd Wednesday morning, only halting long enough to take in a little diet at the Leland House. There were about twenty of them—the regular unadulterated whooping Sioux, tall, straight, noble specimens of the famous "good Indians."

The reports published that the negroes in some parts of Louisiana refuse to go to work on the plea that the effort is useless and supererogatory, since the government will provide them with food and clothing, appear to be confirmed. Under these circumstances the people will second the suggestion of Senator Alcorn, Mississippi, aid the distribution of government aid shall be made judiciously. The lazy darkies who won't work when they have an opportunity, should be judiciously left out in the wet and cold.

THE PIONEER and the Press, of St. Paul, both had a "little one" last Sunday morning, in the shape of a supplement, or two extra pages of reading matter for their readers. They made more fuss, and blowed their respective horns more, and louder, than a young maternal parent ought to were she presented with triplets. We hope they will "give us a rest" now, in regard to their Sunday editions, their circulation, and Ramsey.

Go to Starcher's for Chr. Stahlman's St. Paul Rock Beer.

The hens have got right down now to their regular work; so a consequence, eggs are falling.

Rev. F. W. How, of New York, recently missionary among the Leech Lake Indians, will preach at the Methodist Church next Sabbath.

Tax U. S. Senate has passed the bill for the extension of the time for completing the St. Paul & Pacific Railroad and branches.

CAPT. HAYMOND, of Bismarck, who has been east and bought all the goods from Chicago to Boston, passed west on his return Thursday evening.

A little red ant is said to be busily engaged destroying the larvae and young grasshoppers in the southern counties of the State. Those ants should be encouraged by all means.

Mr. E. H. Bly is fencing in and cleaning up his beautiful premises, and very soon will have a handsome home and fine business location all combined.

A new time table on the N. P., to go into effect to-morrow (Sunday), is just out. It does not materially change the time, however, from what it has been the past week—but look out, or you'll get left, so you will.

A Mr. FOLLETT, of Michigan, has taken up his residence in Brainerd with his family. He has located here for his health, having been charmed with our beautiful and salubrious climate.

JOSEPH WHEELLOCK, editor of the St. Paul Press, has again been declared, at Washington, to be a male man, and has been re-appointed Postmaster of St. Paul. He has made an excellent officer thus far, and we congratulate.

The Crow Wing County Bible Society will hold its annual meeting in Bly's Hall on Sunday evening, the 27th inst., to commence at eight o'clock. The meeting will be addressed by Rev. John Hinton, State Agent of the American Bible Society, and others.

HANDSOME.—At Santa Barbara, California, recently, the Press was the astonished recipient of \$1,925 in gold, the gift of citizens who felt "that the Press had performed, and was still performing, a noble work for the town." Such is the reward, at very rare intervals, of those who do write.

ANOTHER SPLENDID ARRIVAL.—Miss Jennie Dee is just opening out her second grand stock of Millinery Goods, direct from the fashionable depots of the east. The ladies are invited to call around at her place on West Front street, and see the sights in Millinery Goods, and learn her low prices.

Mr. NELL, a prominent lawyer of Columbia, Ky., has been spending a few weeks in Brainerd and along the Northern Pacific, partly on business, and partly for pleasure. Mr. Nell is delighted with our country and our climate, and will probably come hither with his family and take up his permanent residence. We hope so, indeed.

Our friend Dane, who has so long been in the General Ticket Office here, has transferred himself to the same office of the L. S. & M. R. R. at St. Paul. Dane is a good fellow, and we wish him success everywhere. He is a native of New England, and must not be confounded with the Danes over at the Reception House—though they are good people, just from across the water.

It is expected that the Rev. J. Cadwallader, who has been laboring successfully as an evangelist for several months past in various cities of our State, will visit Brainerd in a few days, and with the same large-hearted liberality and earnestness of spirit that has characterized his work in St. Paul, will prosecute his chosen work here.

ATKIN ITEMS.—Steamboat left with full amount of freight. T. B. Walker, Jack Tidd, Green Leighton and Nat Butler were passengers, together with John Randolph and the Queen.
Dave Willard played a bad joke on the boys. He invited a party to take a ride on the hand car, and after carrying them four miles from town to the fishing grounds, left them. Some of the boys say that it was not a good day for fishing.
Messrs. Potter & Knox did a heavy business loading the steamer, and reduced their stock to such an extent that they will have to order a new supply.
AQUATIC.
The American Bait Co.'s Baiting Bait, is much better, and less than half the cost of imported Baiting.

One dead, Dr. J. T. Dunn, who came here and located last summer, on account of his health—being very low with consumption—has gradually "pined up," and hopes, through the purity of our air and dry climate, to permanently recover. Dr. Dunn is able to pursue the practice of medicine night or day now, and we are pleased to see that he has his full share of the little "something" there is to do.

The St. Paul & Pacific grand-extension bill, as it passed the Senate provides that, in case the said Railroad Company or its bondholders shall fail to produce by the 1st day of September, 1874, to the Governor of Minnesota satisfactory evidence that sufficient means to complete said lines of railroad have been provided, the said Governor may contract with other parties for the completion of the railroad.

A few evenings ago a certain young man went to spend the evening with his affianced. During the evening he told a few stories and called them tales. The lady reproved him, and told him he should say "anecdotes." After a short time he went out to see his horse. When he returned she asked how his horse was getting along. "Oh," said he, "he's not doing any better than the rest of his anecdote."

See the advertisement to-day for the Headquarters Hotel.—E. W. Weed, proprietor. The "Headquarters" is par excellence this season, and travelers, tourists, invalids and pleasure-seekers will find it a home fully up to the necessities of this location. For hunting, fishing, health, happiness and pleasure, Brainerd can't be beat on the continent, and the Headquarters Hotel can't be beat for comfort and good cheer.

The Red River Star enumerates the advantages to be found in the Red River Valley. They are: One of the richest soils in the world, (we except that of no known land), a country interspersed with prairie, woodland and the rivulet dell; a climate not to be feared, but rather to be enticed alike by the hardy and the afflicted; railroads in the best condition, well managed and popular at home; a navigable stream running through and supplying our people with a market at either terminus of navigation; pleasant winters and healthy summers; and a country fast assuming the proportions of an old settled region in the matter of population and convenience. What more could the pioneer wish!

J. L. STARCHER, corner of 6th and Laurel streets, has just received a large stock of old Wines and Liquors, which will compare favorably with the stock he has been known to keep heretofore.

BASE BALL ITEMS.
During the past week the Brainerd Base Ball Club has held two meetings, which were well attended, and at which some important action was taken.
The First Nine have been selected, Mr. F. Thompson being Captain. The practice days have been decided on—Wednesdays and Saturdays; communications opened with clubs in other cities for the purpose of playing match games; a uniform is in process of preparation; the grounds have been further improved, and, in fact, a genuine healthy spirit of enthusiasm developed as promises to make our fine club a living organization.
The support which the association has met with at the hands of our citizens deserves gratifying mention, and so far as the players can reflect credit on our city, we are sure we shall not err if we promise that they will. We notice that the play of the Nine has steadily improved since they commenced to practice together, and their daily contests gather quite a number of interested spectators to watch them. May the championship pennant find its way into their hands.
P. S. We just learn that the soldiers at Fort Ripley have proposed to come to Brainerd to play a match game on any suitable day, and that the club has accepted the challenge, and named Friday, May 15th, as the time. We shall certainly see some fine playing on this occasion, and may the best men win.

For the patent Medicated Gels, Wines and Liquors, for medicinal purposes, go to Starcher's, Union Hall Building.

DRAGON BROWN.

A Dialectic known for a good man.

BY JOHN PAUL.

It's Deacon Brown you talking about? He hasn't been heard for a year; He's planted him at last kibbage time.

Well, I'm rather 'laxated to say That he wasn't much the sort of saint Set up by Haris and Hy.

Not it makes it rough for a chap that gets The writin' of his blog.

For the Deac. jest was a common cum O' the most ornariest kind.

His camel boat one—it was yers ago, When drivers both drow and steered—

Would a panned out letter that trip; But consider'n of his brightens up.

Of he'd been a high-toned gamboller, Or the touch of a milking camp.

But he jest plugged in a no 'count way, A leadin' a good square life.

It's queer how he fount at Fredericksburg— The Deak, just went in wet.

Yet he wasn't sustained by the soothin' thought.

Jest over beyond that turnip patch, Some twisted holes yer kin see.

I know some folks reckon contrarywise, An' sling their ink quite free.

And I guess I'll be gettin' then— Yet jerdin' 'stranger, I alters unroof.

Notice is hereby given that a co-partnership has this day been formed by Jo Lamont and Charles Wilson.

ORDINANCE NO. 11.—An ordinance to compel the owners of dogs to procure a license, and to prohibit dogs from running at large in the City of Brainerd.

Section 1. The owner or owners of every dog and slut which uses or may be used to be found within the limits of the City of Brainerd, shall procure a license from the Recorder of said city to keep said dog or slut, and to permit the same to run at large in the City of Brainerd.

Section 2. Before the owner of any dog or slut shall permit the same to run at large in said city, he shall, in addition to procuring said license, put a collar on said dog or slut, on which shall be placed, in legible characters, the name of said animal as registered and licensed by the Recorder.

Section 3. It shall be the duty of all police officers of said city to shoot or otherwise destroy every dog or slut which he may find running at large on the streets, alleys or commons of said city without having on its neck said numbered collar mentioned in the preceding Section, and to remove the bodies of all animals so killed as aforesaid, to some place without the limits of the city, or to bury the same.

Section 4. This ordinance shall take effect from and after its publication. Passed April 27th, 1874.

JOSEPH E. TURNER, President of Common Council. F. X. GOULET, City Recorder. LYMAN P. WHITE, Mayor.
