END OF VOLUME THREE. Three years ago to-day the first BRAINERD TRIBUNE made its appearance. We printed an edition of about 700 copies, and sold them as fast as we could fold them up, at fifteen cents per copy. It was the first paper printed on the line of the Northern Pacific Railroad, east of the Rocky Mountains. Brainerd at that time was literally packed with people—mostly men—from every part of the globe. Business was rampant. Money was almost to be "picked up," and was not valued at half its worth. Next week we commence our fourth year. The TRIBUNE has become well established, and had it not been for our recent disaster by fire—by which we lost nearly everything we had accumulated in three years' hard labor—we could have smiled at the present hard times. As it is, however, we are left with a heavy debt over us, and but little business with which to meet our new liabilities as they fall due. Yet, we feel tenacious and strong-hearted, and hope, by showing a strong will, some way may be opened for us to get through. So, send in your orders.

HOW THEY DO TUMBLE. Along with several other of the old heads that have been dropped into the basket, is also Matt. Carpenter, of Wisconsin. The bolters and Democrats formed a junction, on Wednesday, and elected Hon. Angus Cameron, of La Crosse, to the United States Senate, as Carpenter's successor, amid the wildest enthusiasm. Mr. Cameron is said to be a most worthy and capable man—but his political character is a sort of pepper-and-salt affair.

HOW TO SETTLE IT. The Minneapolis Mail advises the following mode of settling the Senatorial contest in our Legislature: "Let all the Republican members of both houses meet every night in conference for consultation, and a free ballot under two conditions: 1. That the names of Davis and Ramsey shall not appear. 2. That nobody shall be bound to accept the finding of the conference, but shall follow the dictates of his own conscience after all. It is worth trying."

Man. "Our lecture is unavoidably crowded out this week."—[Glyndon Gazette.] Well, well! Chambers, why dost thou persist in following us up in our plan of life? We hasten to warn you against sliding in our groove, because it don't end well, Chambers. We ran for the Legislature and were beaten; you ran for the same position, and were also defeated. Then we commenced lecturing, and "busted," and by the above we regret to learn that you have also appeared behind the footlights as a fully materialized lecturer. Our lecturing, like your application, was considered a little too "thin." Now, Chambers, just quit such nonsense, and let your needle settle down to legitimate business, like we have done—after struggling around for a long time to hit upon some easier way of doing it.

Struck. "A battle has been fought in Spain between the national army and that of Don Carlos, and the latter badly beaten. Don Carlos was personally at the head of his troops, and King Alfonso in command of the national forces."

His. The stories of want and suffering that come from Kansas are terrible to contemplate. Twelve hundred persons are said, by reliable authority, to be living on the most scanty charity, and advised from Burr Oak, Jewell county, state that ten miles west of that place, two families have starved to death. One numbered eight persons. When found, the husband, wife, and six children were dead. The other family consisted of a delicate woman and one child. The husband went to St. Joseph's for help, but when it came both mother and child were dead. Many more will starve, unless they are helped at once, for there is not one man in a hundred with grain enough to last through the winter.

Wife. The daughter of General Sherman has just received a present from the Kedive of Egypt, in the form of a diamond necklace, valued at \$300,000. That would buy a heap of hog and hominy for we poor folks, wouldn't it?

What a joke, though, if it happened to be of the other sort. "Sax, Sam, is you gwine to git dat 'ar job' work from Squire Snobba, or is Tim gwine to git dat job?" asked one darkey of another the other day. "No," replied Sam, sorrowfully, "dat ole Squire say Tim go to his church, an' he's gwine to give Tim de job."

Qd Ned, turned away, muttering to himself, "Dat's jes' why I neber could go a church."

J. L. STARCHER has just added a few new brands of the finer class to his large assortment of Purest Liquors.

TRAVEL is rather light these days. The snow drifted badly a portion of this week. "All for love, and not for lust," is tolerably thin for this cold weather. CHICAGO has been taking another snuff of the infernal regions, via a tolerable big fire—Can-can will fetch 'em. THANKS to Messrs. Currier and Hazen for a liberal mess of pickarel. They were of the Gull Lake brand, and very choice. PROF. ROSENBERG is not "next best man to Ben." He is the best musician in this upper country—that's what's the matter. THEY have it figured down now toward somewhere near a certainty. Alfonso is able to tell what his name is, is thirty guesses.

The Ninth Annual meeting of the Minnesota Editorial Association was held at St. Paul Thursday. If—if it—well, nothing. The Order of the Rising Sun will meet in conclave this Saturday, evening, at 7 o'clock, at Bly's Hall. All members are invited. RAILROAD employees are paid punctually at the end of every month. Our friend, J. W. Edgerton, does it with his little car. ALFONSO, the youthful King of Spain, gets over a million dollars salary. Pretty good pay for a boy that don't even know his own name.

A YOUNG ruralist from Two Rivers was in to see us the other day. He said times was awful dull down in his country during the three days the stage didn't run. A WHITE woman in Omaha Kissed King Kalakua at his reception there. We presume all the "high-toned" ladies now are perfectly wretched to know how it tasted. "Husbands, always speak kindly to thy wife."—[Moonhead Star.] What does an old bachelor know about which way has the best effect? Guess again, Nickles.

It times don't soon get better, we propose to rent a cheap cow, and then go to fishing; a man can worry along on suckers and milk, and it beats biled crow all to fuggens. R. M. ROBERTS, wholesale and retail grocer, St. Cloud, has failed in business. This is the first Russell we ever heard of that "busted"—present company excepted, through courtesy.

A RAGING typhoon blew the snow in clouds on Wednesday, and it was cold as a hurricane fresh from the north pole could make it. We call it a typhoon, because that was about the shape of it. ERNEST Tilton & Co. are getting themselves into an awful fix by their testimony against Henry Ward Beecher, or else the great preacher is to be proven one of the basest villains that ever trod the earth.

The month of January just past has been the coldest one, according to the records, that has occurred for forty-two years. The thermometer has averaged throughout the month, two and a half degrees below zero.

A PRIVATE letter from Russia to one of the Manitoba Menonites says that 931 families will leave that country for the Province of Manitoba the coming spring, and it is estimated to be a poor year for Menonite immigration, too.

It is a pleasant thing to live in a community where you know every other body's business better than your own, and where you're on everybody's bond and everybody's at on your notes. There is such a feeling of reciprocity, like.

What's the matter with the dogs? We have not been entertained by a red-hot dog fight for a month or more. Probably it's the wrong time in the moon, or something. For the relief of amusement-lovers we hope the moon may change.

A WOLF comes up to the edge of town almost every day, sets down on his tail and breaks the silence of the adjacent wilderness with his monotonous howl. Some folk would scare; but we are not of the scare kind—they don't make any better looks than's on our door.

The rumor is current that Mrs. Nellie Sartoris Grant is soon coming home to see her pe and me. The rumor is directly suggestive of a certain clause in our national constitution to the effect that a person is not eligible to the office of President unless born in the United States.—[Exchange.]

What a joke, though, if it happened to be of the other sort. "Sax, Sam, is you gwine to git dat 'ar job' work from Squire Snobba, or is Tim gwine to git dat job?" asked one darkey of another the other day. "No," replied Sam, sorrowfully, "dat ole Squire say Tim go to his church, an' he's gwine to give Tim de job."

Qd Ned, turned away, muttering to himself, "Dat's jes' why I neber could go a church."

The original inhabitants of all countries are Communists both in theory and practice; although a civilized and Christianized people think they have bettered it, and won't do it that way, yet, so far as we are concerned, we are decidedly in favor of a "divy," all around.

BILL KING is certainly out of luck. The preachers have boiled him down, and although there wasn't much left after he was skimmed, still the ministers have found the makin'a of a text. William will now be worn completely out across the sharp edge of a pulpit.

On the inside pages of our paper will be found all the latest news, Congressional and Legislative proceedings, and much reading of a miscellaneous character. The 2d and 3d pages will be found crowded full every week now with the very latest and most important of all things appropriate to a live newspaper, such as will be appreciated by the public.

A GREAT quantity of letters are being received at the Northern Pacific Land Department headquarters here, from all over the country, relative to the obtaining of the rich acres in the Northern Pacific country. Mr. Power's department will doubtless be over-run with business as soon as spring opens.

MR. C. C. STAUFF, of Wabashaw, informs the Herald of that city, that a burning chimney may be promptly subdued by throwing into the stove a handful or so of sulphur. This information is valuable, and every family should keep a couple of pounds of sulphur in the house.

APPROPRIATE resolutions of respect were passed by the School Board at its last meeting, relative to the death of Dr. J. T. Burns, who had been an honored member thereof. Mr. T. H. Ward was elected to fill the vacancy occasioned by the death of Dr. Burns.

NOTICE.—At a meeting of the Board of Education, Nov. 17th, 1874, a resolution was passed that all children attending school in this District, and not residing in or belonging to the District, should pay two dollars each to the District for each term, commencing with January, 1875. W. H. TULL, Clerk of Board of Education, BRAINERD, MINN., Feb. 4th, 1875.

Our office is slightly open, with cracks and crevices; the wind is blowing a hurricane to-day—Wednesday. We are trying to get along some how through the hard times, by doing all our own work this week; but if a man can stand at the case in a snow-drift with the thermometer thirty or forty below zero, and set type successfully, we don't know it—that's all.

ELSEWHERE in this paper may be seen an advertisement relating to the new town of Beecher, Florida. We believe this is the place founded by Mrs. Harriet Beecher Stowe, and is said to be a highly salubrious, delightful and fruitful location. Any one wishing a home in the Sunny South, and a life among the orange groves, had better post themselves up on Beecher, Fla.

A HIGHWAY robbery was committed the other day right in the city of Minneapolis. The "robber" was a desperate Irishman called Jack, and the "robee" was a Norwegian named Owsinsky, and he lost \$25.

In the same city, an old bachelor by the name of Knudsen was found in his wretched shanty, frozen to death. He had got drunk, went home, laid down on the floor and slept his last sleep.

RESOLUTIONS OF RESPECT BY THE CITY COUNCIL. Whereas, our Heavenly Father, in the supremacy of His all-wise providence, has called our beloved colleague, Mr. James T. Burns, into his higher council, and

Whereas, in this untimely loss to us and this community, we deeply feel the full significance of his sudden death, and dispensation of his services, and

Whereas, it becomes this Council to pay its tribute to the well-earned reputation of Mr. Burns for great moral worth, strict integrity in all business transactions, and noble manhood, therefore, be it

Resolved, That in respect to his memory we tender to the bereaved wife, and family relatives and friends, our heartfelt sympathy at their sorrowful bereavement.

Resolved, That these resolutions be published in the Brainerd Tribune, and that a certified copy of same be forwarded to the parents and wife of Mr. Burns. Passed, February 2d, 1875. STAFF OR MINNESOTA, County of Crow Wing.

I hereby certify that the above is a true and correct copy of resolutions passed by the Common Council of the City of Brainerd on Feb. 2d, 1875, as appears by the original on file in my office. F. X. GOULET, City Recorder, City of Brainerd, Crow Wing County, Minnesota.

MEMORIAL.—DR. J. T. BURNS. Since God in His all-wise Providence has taken from our midst, by death, one of our prominent physicians, and a most honorable and useful citizen, it is fitting that some memorial should be contrived to his memory that will outlast the fleeting thoughts of the funeral occasion, and possibly stimulate the living to a like noble purpose in life.

Dr. Jas. T. Burns was born in New York City, and at the time of his death, was twenty-nine and one-half years of age. During the late rebellion, although but seventeen years of age, he enlisted in the volunteer service in the 27th N. Y. Reg't, and was duly discharged during the third year of his service. He afterward graduated and received his diploma from Bowdoin College, Brunswick, Maine.

It was during the exposure incident to his army life, that the disease (consumption) was contracted which so prematurely ended his earthly life. He has never been well since. Endowed with a reasonably vigorous constitution, he has thus been battling with his mortal enemy for more than a half score of years, and when at last he felt that his usefulness for this life was about ended, he submissively endured the decline, and calmly ended the struggle with a firm trust in God.

As a citizen, his sterling character was well appreciated by those who knew him best. His strict integrity, evenness of temper and dislike of all shams and unlawful operating for personal ends, made him an impartial minister of justice, careful in all duties pertaining to enlightened citizenship, and gave him an unimpaired reputation among the people.

As a physician, he made his profession not only a thorough study with which his whole nature was in sympathy, but from a high sense of duty, he made of it his opportunity of doing good unto men, and in a spirit worthy of emulation; he proved himself no respecter of persons. He served at the call of those from whom he expected no remuneration, and cheerfully as at the call of the most exalted deity. When summoned to the sick-bed, he was uniformly patient, candid, and so unexceptionably sympathetic, that he at once won the regard and confidence of his patients.

As a man, he always acted from principle, in the sphere in which he moved, it was his motive to lighten humanity's burden. He stood ready to do what he could at every worthy call, political, social or religious. "Being dead, he yet speaketh."

The recent attack of hemorrhage which hastened his death, was induced by a too long journey to sea and examination of a permanently disabled fellow-soldier, who needed an increase of pension for his support, which could not be secured without the doctor's examination as pension agent. But the severity of the ride proved too great for his frail system. In trying to assist a fellow-pensioner, he sacrificed his own life. He lingered several days after the first attack, and there was a prospect that he might again recover; but the destroyer had marked his next victim. During the day on January 29, he failed rapidly. I took his hand in mine about 7 o'clock P. M. He recognized me, and repeated my name; said he was trusting in Christ, and all would be well. I commenced singing the hymn, "Jesus, lover of my soul," etc. He joined nobly in singing as best he could when I reached the verse.

Other refuge have I none; Hangs my helpless soul on Thee; Leave me, or I will sink alone; Still support and comfort me; All my trust on Thee is stayed; All my help from Thee I bring; Cover my defenceless soul; With the shadow of Thy wing.

These were his last intelligent words. Two hours afterward he quietly ceased breathing, and the pulse was still. Let me die the death of the righteous, and let my last end be like his.

My dear friends, may our lives abound in the good we have wrought into other lives, and if we build upon the foundation sentiment of that same immortal verse, both a living and dying faith, the angels will stand ready to greet us with the holy refrain: "Blessed are the dead who die in the Lord."

A PITIFUL TALE. The Champion Grasshopper Sufferer. He looked into the waiting room at the Central depot yesterday...

He was a man who had seen other days; his hair was years old, his coat shone with oil and grease...

"Who are you?" asked the husband, struck with the bummer's lonesome voice and general hard look...

"Name's Jones—Kansas grasshopper," replied the man, turning away his head as if deeply affected...

"You're married?" she asked. "Yes, I'm married to a woman, I'm out here on the common in a wagon, all sick and shivering with cold..."

"My grasshops! but wasn't that awful!" sighed the woman. "I had a hundred acres of corn, fifty of wheat, thirty of oats—nine meadows of fruit, but the grasshoppers made a beggar of me in five hours!"

"That's all right," said the husband. "I wish it was ten," added the woman as she shook Jones' outstretched hand...

Speaking of the Grasshopper, a young man remarked in our hearing...

On Thursday, Gov. Davis received 32 votes; but the loss of two votes yesterday was only occasioned by absentees, as is proven by the vote given yesterday to all the candidates. Beside, we know, positively, that several of the "scattering" votes are Davis' votes at any moment they are needed.

In some of the new styles there is no change. Poor relatives are cut the same as last year.

A little peppermint is better than brandy when there is any trouble with your "true inwardness."

Here's a new view of the Christmas stocking—The boy says he "set it, but didn't catch anything."

Since the hard times struck Nevada they have raised the price of killing Chinamen to seven dollars.

The reason why Pagans are so far behind-hand in the march of civilization is because they are such idle people.

Gregory, of the Rochester Democrat and Chronicle, hopes that Halstead and Watterson won't fight—"they might hit each other."

This jute the ladies patch their hair with never looks more like real hair than when it appears in the butter.—[Berkshire Courier.]

That's too bad. Boston is to have a convention of bald-headed men. After all, however, it may not be as unfortunate as the great fire.

The Gardiner, Maine, Journal says that there is a store in that place in which a skull is kept, marked: "This man was a drummer. Beware."

CUT THIS OUT.

IT MAY SAVE YOUR LIFE. There is no person living but what suffers more or less with Lung Disease, Cough, Cold or Consumption, yet some would die rather than pay 75 cents for a bottle of medicine that would cure them. Dr. A. Roscher's German Syrup has lately been introduced in this country from Germany, and its wondrous cures astonish every one that try it. If you doubt what we say in print, cut this out and take it to your Druggist, S. V. R. Sherwood, and get a sample bottle for 10 cents; or a regular size for 50 cents. O. G. GREENE, Woodbury, N. J.

IN A POLITICAL WAY THE TRIBUNE SHALL BE REPUBLICAN in principle, but we shall say what we please, and think right, in this direction, without extra expense to the subscriber.

WE BELIEVE IN THE CENTENNIAL, THE REVOLUTIONARY Fathers, and the Fourth of July, as much as we believe in anything, in a terrestrial sense, and are opposed to Third Termism, Specie Payment, Asses in Authority, and a Low Price for Wheat. We also believe a Rich Man is just as good as a Poor Man, as long as he behaves himself, but are opposed to the Rich piling up wealth, in any shape, from the labor of the Poor.

EVERY FAMILY IN NORTHERN MINNESOTA WANTS THE TRIBUNE FOR 1875.

ADVERTISING: CHEAP: GOOD: SYSTEMS. All persons who contemplate making contracts with newspapers for the insertion of advertisements, should send 25 Cents to Geo. P. Russell & Co., 41 Park Row, New York, for their "Advertising Manual" (twenty-seventh edition), containing full and complete information, containing full and complete information, and estimates, showing the cost. Advertisements taken for leading papers in many States at a tremendous reduction from publishers' rates. GEO. P. RUSSELL.

THE WEEKLY SUN. A large, eight column, independent newspaper, of 66 broad columns, especially designed for the farmer, the mechanic, the merchant and the professional man, and their wives and children. We aim to make the WEEKLY SUN the best family paper in the world. It is full of interesting and instructive reading of every sort, but prints nothing of a frivolous or sensational character. Price \$1.50 per annum in advance. The cheapest paper published. Try It. Address THE SUN, New York City.

A NEW IDEA.

70 Cents

sent to the NEW YORK & ORIENTAL TEA COMPANY will insure by return mail, one pound of excellent Oolong, Young Hyson, English Breakfast, Japan or Mixed Tea such as is usually retailed at \$1.50 to \$1.75 per pound. IT IS A FACT NOT GENERALLY KNOWN that by a recent arrangement of the Post Office, small quantities of merchandise are now conveyed at charges considerably less than those of the express companies. The cost on one pound of Tea being 6 cts. only.

The New York and Oriental Tea Company is taking advantage of THIS EXTRAORDINARY FACILITY and is supplying its customers in all parts of the United States with the finest Teas ever imported at

Wholesale Prices.

REASON WHY you should order your Teas from the New York and Oriental Tea Company. 1st. Because the Company deals only in PURE UNADULTERATED TEA. It is well known that immense quantities of so-called "Tea," adulterated with the leaves of Willow, Hawthorn, and other trees, and even small stones, particles of lead and steel filings, besides coloring matter, are sent over the country and sold at enormous prices as "Tea!"

The buyers of the New York and Oriental Tea Company, can, by a NEW PROCESS, not generally known, detect the presence of adulteration in all its forms; and the Company will continue to maintain the high character it has hitherto sustained, by selling none but

GENUINE TEA.

2d. Because our command of capital enables us TO IMPORT LARGELY FOR CASH, and thus to sell cheap. We buy all our Teas at the Ports of China and Japan, and thus save many intermediate profits and charges.

3d. Because we have inaugurated a NEW SYSTEM of business, originated a NEW Idea. We save the profits of the middlemen and give them to our Customers, by sending direct to any address, the finest qualities of Tea at Wholesale Prices.

4th. Because as the GREAT NEED OF THE TIMES IS PURE TEA AT A LOW PRICE; and as we are determined to supply this need, it is your interest to help us by sending on your orders at once.

See our Price List. Oolong (Black) 40, 50, 60, best 70c. per pound. Mixed (Green and black) 40, 50, 60, best 60c. Japan (Uncolored) 60, 70, 80, best \$1.00 per lb. Imperial (Green) 60, 70, 80, best \$1.00 " Young Hyson (Green) 60, 70, best \$1.00 " Gunpowder (Green) \$1.00, best \$1.05 " English Breakfast (Black) 60, 70, 80, best \$1.00 "

P. S. We have a special quality of very fine Oolong and Young Hyson at \$1.25 per pound.

Any of these qualities delivered free by mail, and safe delivery guaranteed on receipt of price.

PLEASE NOTE.—We deal in nothing that is UNPURE, IMPURED, DAMAGED, OR ADULTERATED in ANY RESPECT, even in the lowest qualities in the above list, are perfect in their degree, clean, pure, and uninjured in every particular.

WE WANT ACTIVE AND RELIABLE AGENTS EVERYWHERE, to whom special inducements are offered. The business is honorable and respectable. Young and old, rich and poor, male and female, can get up clubs and act as Agents. Send for circular and prospectus at once.
