

Social Culture.

It has been the fashion to complain of the decay of industry in rural localities. But the fact is that the country has made more frequently by those who are active in the country than by those who are idle. It is not the country that is the cause of the decay, but the decay of the country that is the cause of the country's decay.

Female Beauty in Uganda.

The Ugandan women of the upper classes are not only beautiful but also intelligent. They are well educated and are active in the country. They are not only beautiful but also intelligent. They are well educated and are active in the country.
