

BRAINERD TRIBUNE.

EVERY SATURDAY, BY HARTLEY BROS., PUBLISHERS. W. W. HARTLEY, Editor. Terms of Subscription (Postage Paid), TWO DOLLARS A YEAR IN ADVANCE. Single Copies, 10 Cts. Third Month, 30 Cts.

Little Falls is to have a cash, door and blind factory.

Hutchinson, Minnesota, is to have an Odd Fellows lodge in a few days.

Brainerd is talked of as the location of the new state prison to be erected in the coming summer.

Music Hall in St. Paul was destroyed by fire on Tuesday evening, loss over \$50,000, partially insured.

Our Father, E. W. Hartley, is reported very sick, not expected to live, at Canterbury, New Brunswick.

Ruben J. Raun, of Morrison county, committed suicide at his brother's residence on Monday last, by shooting himself with a shot-gun while temporarily aberrated.

Messrs. Hubbard & Tyler, proprietors of Headquarters Hotel, Fargo, have procured the plans and are perfecting arrangements to erect an elaborate and commodious hotel on the corner of Broadway and the hotel building.

A. N. Darr has become the purchaser of the entire interest in the Sherburne County Star, one of the liveliest papers on our exchange list. Mr. Darr has been an editor and proprietor for some time, and henceforth assumes sole control. Success to you, Mr. Darr, and good luck to the Star in the ascendant.

D. O. Goulet, whose fair mill was burned in St. Paul, proposes, in company with a brother from the east, to erect a \$100,000 grist mill at Little Falls, with eighty horse power engine—provided the town will give a bonus of \$3,000. The citizens will look to it with interest.

We are in receipt of a copy of the 40,000 serial edition of the Fargo Times, illustrated, containing a complete resume of the local figures concerning the Northern Pacific country, published from time to time in various ways, during the last five years. The figures are reliable and the data very valuable as an immigration document and a source of information thousands to the land of promise. Copies will be mailed free to any address on application.

Representative of the Northern Pacific land department, St. Paul, Minn.

Why does not the Benton County Press publish, in full, the paragraph from the 31st from the report of the paper and the entire paragraph from the last issue of the Tribune, from each of which it takes out such portions as seem to favor its absurd notion, omitting entirely the parts which flatly contradict its position as to the conclusions of the Press as well as in fact, in justice to Mr. Benedict and at its request, and for the information of the public who have not seen the letter referred to, we publish the paragraph referred to.

A certain resident of Crow county is we learn, actively and ardently opposing the proposed consolidation of Crow and Crow Wing counties by circulating petitions and obtaining the signatures thereof of lumbermen and other residents in the country who have no interests here or elsewhere, and would sign petitions to attach Crow Wing county to itself if they were so asked. These petitions, however, we have no doubt, will carry great weight (?) with the Legislature when that body is informed of the matter. The gentleman referred to does not hesitate, however, to ask the heavily burdened taxpayers of Crow Wing county to provide schools for his benefit or to avail himself of them though he seeks to prevent Crow Wing county from obtaining any relief from remuneration for his and similar burdens.

THE FIGURES. The figures given below, which are official, show more conclusively than words can express the gigantic imposed upon Crow Wing county in the present law. The following is a list of counties having terms of court, showing their respective assessed values for 1878, as equalized by the State board:

Table with 2 columns: County Name and Assessed Value. Includes counties like Becker, Blaine, Blue Earth, etc.

Our NEEDED LEGISLATION. The attention of our readers is directed to an extract from the columns of this week, from Gov. Pillsbury's annual message to the Legislature this year, showing the need of a consolidation of our Counties. Cass and Itasca counties come directly into the category of counties of doubtful legal status.
