Terms of Subscription (For ad. Paid) TWO DOLLARS A YEAR IN ADVANCE...

The Moorhead Old Fellows have received their charter.

Zach. Chandler was elected to the U. S. Senate by the Michigan legislature on the 18th inst.

"A quite game of cards on Sunday" was the result of the "Patty Indiscipline." Louder on the petty...

Bro. Nieman, of the Saint Rapids Sentinel, was presented with a nine-pointed boy by Mrs. Nieman last week. Shake old boy.

This is the thirteenth birthday of George Washington, "The Father of our Country," who was born February 22, 1732, and died December 14th, 1799.

Donnell's forty day fast is taking testimony substantiating the fact that Gen. W. D. Washburn was elected to Congress, in November, 1870, over 3000 majority, will close to-day.

Monroe Shires, Esq., P. G. M. of the A. O. U. W., will institute Lodge No. 102 in Fargo, in a few days, under the Supreme Lodge jurisdiction. He has received the necessary supplies, papers, etc., therefore.

A little two year old son of Bro. Wood, of the Saint Rapids First, suffered a severe attack of a very peculiar disease on Sunday last, which resulted in Bro. Wood's absence from home, in a throat and face swelling up to twice its normal size, nearly suffocating the poor fellow. It is, however, we are pleased to state contraindicated.

A serious practical joke has been perpetrated upon W. P. Kirk, of St. Paul, by publishing his and his photograph in the Fargo Herald, for \$8,000 forger, and offering \$500 reward for his apprehension. The perpetrator of the ruse is a young man of Ramsey county, James K. King, to the editor of the Gazette, and if discovered will pay dearly for his unadvised and very charge he selected for his subject, and may himself appear in the Gazette.

An attempt is being made in the Legislature to abolish the office of State Examiner, originating it is charged with county rights who dread or have suffered exposure. It is very likely the office will prove unsuccessful, as we believe the office to be producing a wholesome effect on the Crow Wing county officials having nothing to fear from a visit from Mr. Knox, and the people desire it to remain so. Let the State examiner sleep, water the Turkeys.

We are pleased to learn that George Dow, one of the early day conductors on the Northern Pacific, takes a train again today on the road. He has many warm friends in this country, who have felt that he was unjustly removed from the position he so meritoriously and gratefully by his final and full vindication by the management which removed him and would have placed him in the place he had not been fully convinced that the charges brought against him were wholly unfounded. The course of Mr. Dow in remaining in the country under the unfortunate cloud which had been cast upon him, mainly availing the full vindication his innocence assured him would continue. "Living in the shadow" is indeed commendable and one strong evidence of his personal honor and integrity, and we congratulate him most heartily upon his return to the North. Dow re-commences by taking a freight train, but we are assured that promotion to his old position as a passenger conductor, will follow at an early day.

A change will take place, after the present term, in the office of principal of the public schools of this city, Mr. Farnsworth, the present incumbent, declining to engage for another term owing to more important business engagements. This is deeply regretted by the management, as it will undoubtedly be by the patrons of the schools. Mr. Farnsworth has had charge of the schools for nearly two years with admirable success, and is surpassing any of his predecessors in giving satisfaction to all concerned. The last term he had a record of 100 percent, closed with an average attendance of less than half a score, while in the present term he has secured nearly two hundred, and will probably reach that number ere his class. The wonderful success and attendance has required an addition to the school halls, which was completed last fall, and further enlargement will be required in the future. The present interest continues to be maintained. We should not, however, count this need of more school buildings as a discouraging result to the principal alone, for, with poor assistants, a principal can effect but very little, and in vacating a graded school, Miss Gross until the present term in charge of the primary work, and now in the kindergarten department—has performed her part with admirable skill and ability, promptly responding and carrying out in her rooms all Mr. Farnsworth's plans for progress, and maintaining excellent government and order with the little ones in her charge; and Miss Prieder, who, with the beginning of the present term, assumed charge of the primary work, has given entire satisfaction, showing herself fully alive to the great work thus committing a

VOL. VIII.—NO. 2.

BRAINED, MINNESOTA, SATURDAY, FEBRUARY 22, 1879

BLACK HILLS LETTER.

Dear Tribune: We are again in the midst of winter, with 6 inches of snow on the hills, and from 10 to 12 inches up in the foothills, and across fronts for the next four days. There has been a large amount of snow, and it is very much of a nuisance. We have no more sudden jumps, and the best of all is that we are daily having the higher parts of our country, who are attracted by the new-found wealth of Leadville. Dance houses and gambling halls are gradually closing up, and children and Sunday schools are taking their place.

Our Representatives. We select the following from the Globe biographies of members of the House of Representatives. Major Friday is a representative from this district and Mr. Holland is a brother of G. W. Holland, of this city.

Becker, Sherburne county, was born in Sweden, in 1812. His father was a farmer, but died when the subject of this sketch was an infant, which had a tendency to develop self-dependence and independence. Until 21 years of age he attended school, worked on a farm and in the woods. After attaining his majority he was appointed Justice of the Peace in his native State, and he was married, Nov. 1838, to Miss Betty Washburn, of Wisconsin.

He moved to Minnesota in 1854, where he has since resided. He has been a member of the Legislature of Minnesota for several terms, and he is now a member of the present session. He is a man of high character, and he is well known in his district.

Mr. Holland is a brother of G. W. Holland, of this city. He was born in Sweden, in 1812, and he has since resided in Minnesota. He is a man of high character, and he is well known in his district.

Mr. Friday is a representative from this district. He was born in Sweden, in 1812, and he has since resided in Minnesota. He is a man of high character, and he is well known in his district.

THE DEVIL IN A BLIZZARD.

A legend of Manitoba. Our country is getting to be familiarly known as the land of blizzards. The weather is so variable that it is almost impossible to predict the weather. The blizzards are so frequent that they are almost a nuisance. The people are so used to them that they are almost a nuisance.

The blizzards are so frequent that they are almost a nuisance. The people are so used to them that they are almost a nuisance. The blizzards are so frequent that they are almost a nuisance.
