The streets of highways is doing a good work in Brainerd, cutting in the streets, cleaning out the alleys and ridges from yards, and thus he purifies the atmosphere and thereby greatly increases the beauty of our village.

Dr. W. E. Griswold, well known and popular dentist at Brainerd, died on the 16th prepared to do his work in his line. He requests calls from former patients, that his work may be repaired and completed, if necessary. The Dr. will have rooms at the Headquarters Hotel.

The large quantities of rubbish lying about in many back yards and in some alleys has undoubtedly caused more sickness here this spring than any other cause (and not to mention) and as the weather is now warming up a little the time is opportune to compel owners of lots to clean up their premises or pay to have it done.

We received a pleasant call on yesterday from Dr. L. S. Thompson, of the Swedish Islands, brother of Frank B. We regret that in his great need this man should have to lose any time from his work.
