

LOCAL

J. M. Hartley went west on Wednesday...

The Tribune is somewhat delayed this week by the new Time Schedule...

Machines, oil needles, and parts of sewing machines for sale at the Tribune office.

All kinds of legal, real estate, conveying and other blanks on hand at the Tribune Building.

Ordered, and to arrive in a few days at the Tribune office, a new supply of Home Sewing Machines...

A convenient and novel little contrivance—the magic sewing machine needle threader—for sale at the Tribune building.

Sewing machine thread cutters, to be attached to the presser bar, a very convenient attachment, at the Tribune building.

Rev. A. A. Robertson took his departure from Brainerd on Tuesday...

Pay up—All parties indebted to this office are requested to pay up at once; we want the money that is due us.

And still the improving mania rages in Brainerd. New houses are going up all sides, several on the corner...

The firm of Swartz & West, proprietors of the brick yard at this place has been dissolved by mutual consent...

Dickey's Giant farm and warehouse. Fan Mills for sale at the Tribune office at a low figure—lower than can be purchased of the manufacturer...

The transmigration of the Le Land House still progresses and is rapidly assuming its proper and final proportions...

Negatives are preserved, if desired, at Mr. Hill's photographic gallery, and pictures can be ordered from them at any time by addressing his home gallery at St. Cloud, where the negatives are kept.

Mrs. S. V. R. Sherwood started on Saturday evening last, for Boston, her former home, for a visit with relatives and friends. She went via Duluth and the lake; a very pleasant and popular route this time of the year.

Just arrived at the Tribune building, a stock of the world-renowned Wilson Sewing Machine, which has been recently changed and improved and now possesses many advantages over any other machine made. Call and see for yourself.

A new time card goes into effect this week on the N. P. R. adding a number of freight trains demanded by the increase of freight business on the road. Very little change is made in the passenger train—only the addition of a freight train in the afternoon passenger from St. Paul, which reaches here at 1:40 p. m. instead of 2:50, and leaves at 2 p. m. instead of 2:10.

The handsome, most comprehensive and picturesque view of Brainerd at present available to us, is a new map of the entire town at the Tribune office. Centrally located, its altitude affords a bird's eye view of the entire town at the Tribune office. Centrally located, its altitude affords a bird's eye view of the entire town at the Tribune office.

Mr. J. Hill, photographer, desires to say that as business is his line, falling off will not be his excuse for inaction, having come here to remain only while he was kept busy. If any of our good people desire anything in his line—photographs, tin-types, views, or old pictures enlarged in the best style of the art, we would advise them to call upon Mr. Hill at once. He is the best artist in the State, and carries the oddest and largest line in samples of his work. Call and examine his pictures whether you want any or not.

The St. Paul boom is booming. Three strings of logs, containing two hundred thousand feet each, are nearly ready to be floated down the Minnesota River. The one or more will be driven past St. Paul to-day or tomorrow.

Mr. D. B. French and other gentlemen who own large lots of logs on the upper Minnesota, are considerably disgusted at the policy of the Northwestern Endowment and Legacy Association of Minnesota. Its principle is to sell the logs, and the proceeds hold the logs above the falls longer than necessary. Gentlemen who own large lots above the river, if you please—P. J. Conner, Pres.

Mr. Kerr, chief lawyer at Jones Bros' mill, has a new arrival. This week, that will lay him up for some time, and probably cripple him for life. He undertook to lighten a nut near the large circular saw, and without stopping the mill, and the wrench slipped off the nut and struck him in the hand in contact with the saw, severing the knuckles from the first and second fingers. The wound is very deep, and Dr. Campbell, and it is thought he will regain the use of his fingers, though the wounded joints will probably always be stiff.

The following is a partial list of the sewing machine fittings, attachments, etc., to be found at the Sewing Machine Emporium in the Tribune building: Singer, West, American and Home sewing machine needles; needles, ruffers, bunnies, sets, under-edges, etc.

able binders, cordless, patent needle-threaders, thread cutters, patent coils, screw drivers, a pure article of metal put up expressly by the Singer Manufacturing company for sewing machine use, bobbin, screws, springs, gauges, etc. Parts of millinery of all makes furnished on short notice.

It is with regret that we announce this week that Dr. M. C. Parson, who came here some months ago hoping our improving climate would benefit his declining health, has determined to leave us and return to Boston, feeling that the climate here is not so good as he thinks the atmosphere is too rare and bracing for him and complains that he is growing weaker and his cough is increasing. He adds, however, that he has worked too hard attending calls day and night, leaving his bed in a sweaty condition and going into the cool night air, and to this undoubtedly he has attributed his ailment and atmosphere is due his failure.

Dr. editor was kindly remembered this week by two baskets full of beautiful large potatoes, one presented by C. L. Fischer and raised on his vigorous farm, one sent from the garden of Levi Kricher and raised in his garden in town. They were the finest ever seen at this season of the year in any climate, or any soil. Who says this soil is nothing but sand and will raise anything? Mr. Fischer says his crops are all looking and doing finely and that his most successful crop is corn and that on what has generally been rated "jack pine sand hills" and considered worthless.

Improvements in the Howe Sewing Machine in reply to a recent order for a shipment of the new Howe Sewing Machines, I am in receipt of the following list of improvements...

Your order is received, but owing to a change in the style of the needle bar and other improvements in our machine, we shall be compelled to send you a new one in a few days. We hope you will be pleased with the result. Give us a call if you want a mill check.

The arrival of the improved machines will be noted in these columns, when I hope my customers will call and examine the improvements. W. H. Hartley, Agent.

A Literary Avalanche. An enviable fame among people who have good books in being achieved by the late addition to the Tribune office, New York, New York. Simultaneously with the publication of the new edition of Chamber's Cyclopaedia or Encyclopaedia, they announce the publication of three other standard and popular books, all of which are priced at very low rates.

Many persons who have not the Consumption "when asked to cure their throats with Shiloh's Catarrh Remedy. Do they know that Catarrh leads to Consumption and a remedy that will cure the entire town at the Tribune office. Centrally located, its altitude affords a bird's eye view of the entire town at the Tribune office.

ship is divided into four classes, each class paying in the amounts and at the following times, as follows: Class A—10 to \$5,000, payable at death or expiration of 25 years. Class B—10 to \$5,000, payable at death or expiration of 20 years. Class C—10 to \$5,000, payable at death or expiration of 15 years. Class D—10 to \$5,000, payable at death or expiration of 12 years.

This table also illustrates the manner of grading assessments to age. Every member is assessed the amount of his age, in case of loss either from death or expiration of endowment—but a young man just beginning life receives a certificate for a larger sum than an old man whose life is nearly closed.

A young man or woman 10 to 80 years of age at the time of joining is eligible for \$5,000, while the aged person who joins at 56 to 64 years of age receives a policy for \$2,000. The association is a State institution and is prohibited by its articles of incorporation from taking risks south of the south line of Wisconsin, thus avoiding heavy mortality rates.

In officers are prominent men of high standing, morally and financially, and have filed the necessary heavy bonds upon our insurance laws. It was also organized in January last and its membership already exceeds seven hundred and is rapidly increasing. The spirit and vigor of the association, E. C. Holaday, of Minneapolis, was in Brainerd last week and established a local agency with W. H. Hartley, of Brainerd, who is now prepared to receive applications.

We have now in stock at the Tribune building on Sixth street needles, to extra attaching to the treadle of the new Home and Singer sewing machines, and will have in a few days a large stock of needles for all kinds of machines, attachments of all kinds, and all the necessary tools and accessories for all kinds of machines made.

Your order is received, but owing to a change in the style of the needle bar and other improvements in our machine, we shall be compelled to send you a new one in a few days. We hope you will be pleased with the result. Give us a call if you want a mill check.
