Published Every Saturday by HARTLEY BROS., Publishers. W. W. Washburn, Editor.

REPUBLICAN TICKET. HON. JOHN S. PILLSBURY, Of Hennepin County.

HON. JOHN S. PILLSBURY, Of Hennepin County. HON. CHARLES A. GILMAN, Of Stearns County.

A young lady has sent the editor of the Little Falls Transcript a bouquet which Bro. Stevens thinks exquisite.

Hon. C. A. Gilman will stick, will be elected, and will qualify and serve as lieutenant-governor.

How sad that the Pioneer Press cannot be the great dictator in Republican politics and still be independent and Democratic by its terms.

The St. Paul Rapidist writes that C. O. Schramm, of Minneapolis, indulged himself in a letter to the editor of the Transcript...

There were but twelve members of the A. O. U. W. in the city and they were acclimated to that name of them.

The women of Todd county, or some of them, are right up to the neck in Mr. George and Mrs. Cheny, neighbors at Hartford, having extorted the effluvia of words from the man...

Gen. Washburn has been advised that the Third Congressional district is entitled to a certain number of young men of appointing some young man that will reflect credit upon the district.

We suggest, in order that harmony be maintained, that the Republican caucus be held in a hall, and that a special committee be appointed by the Republican convention...

On the question of Gilman's eligibility the Brained Tribune says: His office of legislator can be resigned at any time prior to his qualifying as lieutenant-governor in January next.

Such both! How was Hon. J. S. Pillsbury inaugurated four years ago? He was State senator, resigned to accept the office of governor.

VOL. VIII.—NO. 31. BRAINED, MINNESOTA. SATURDAY, SEPTEMBER 13, 1879. WHOLE NO. 395.

Incompatible to one already held disqualifies the occupant for the latter and not the former, and creates a vacancy independent of his resignation.

Shoot that Editor, Leon. Last Friday evening Leon Hoode attempted to come home from St. Paul and Minneapolis falls, but was second asleep on the train reached Little Falls.

Warning to Amber Cane Growers. We understand that some farmers on East Terrace have commenced stripping their leaves from their maple trees.

Charitable Hackmen. Set this down to the credit of the hackmen of Minneapolis. Yesterday a party of a number of them were standing by their backs in front of the Nicollet street car house.

A Literary Avifauna. An evitable fable among people who love good books is being achieved by the American Book Exchange, 55 Beekman street, New York.

MIMI'S REVENGE.

It was the 11th of November, the Martinmas Fair, the last festival before Christmas. The little German town was filled to its capacity with a throng of merry, eager, eager folk.

A heavy rain had fallen; it ceased about noon, and it went as heavy as ever. There was a trill of music from the band. There was a trill of music from the band.

WORKING AN ENGINE.

After all, we say operation on a steam engine is not a very difficult matter, and I think I can show that we do not entirely without a certain amount of responsibility, but is not so difficult as it is often represented to be.
