Republican Platform. ODD NO. 417. MAINS. ILLINOIS. COLORADO. MISSOURI. WISCONSIN. CALIFORNIA. PENNSYLVANIA. CONNECTICUT. NEW YORK. NEW JERSEY. DEMOCRATIC PLATFORM.

The Past and Future. The Tribune has not without its share of criticism, but it is not the least of its merits that it has been able to maintain its position as a leading newspaper in the West.

Immigration to the Northwest. O. J. Johnson, who has been traveling in the Northwest, writes that the immigration to that section is increasing rapidly, and that the people there are becoming more and more settled.

The Great West. The West is a land of opportunity, and it is the duty of every citizen to take advantage of it. The people of the West are becoming more and more independent, and they are no longer dependent on the East.

The Tribune's Record. The Tribune has a long and honorable record, and it is proud of it. It has always been a champion of the people, and it will continue to be so in the future.

Resolutions of Regret. At a meeting of the vestry of St. Paul's Church, the following resolutions were adopted: Resolved, that we regret the death of our brother, Mr. John Doe, who died on the 1st inst.

Too Much! Much too much! We are all in the same boat, and we are all suffering from the same ailment. We must do something to cure it, and we must do it now.

The Fatal Question. It is a question that has troubled the minds of many people, and it is a question that will continue to trouble them in the future. It is a question that has no easy answer, and it is a question that is worth thinking about.

BRAINERD

BRAINERD, MINNESOTA. SATURDAY, FEBRUARY 14, 1880.

Vol. IX—NO. 1. Calling off a dog. We have seen a dog in this office, a dog that has been trained to do a great many things, and it is a dog that is worth seeing.

The Sub-Committee. We have got through them! We have got through them! We have got through them! We have got through them! We have got through them!

Business Directory. A man named Wacker died a few days since in Cooper county, Va., and was buried in the presence of his wife and children.

It can almost be asserted that the brains of the nation are being used in the most wasteful manner. The people are not using their brains to the best advantage.
