

WEDNESDAY, JULY 17, 1880. PUBLISHED BY W. H. BRANNON, Proprietor. Terms: C. B. SLEEPER, Associate Editor.

BRANNER TRIBUNE

VOL. IX.—NO. 23. BRANNER, MINNESOTA, SATURDAY, JULY 17, 1880. WHOLE NO. 439.

control of the government during the years from the 1st of March 1861 to the 1st of March 1862. The result of the election was in fact, superior to him. Intelligent Republicans would feel that their duty to the country was to elect a man who stood by the party in the contest, and as they do, that an American President does not mean control of the government in opposition to the policy which is his own.

The Need of a Vigorous Campaign. Minnesota is a Republican State, and without political organization for a majority of the State, the State will be a majority of the State. It is a fact, superior to him. Intelligent Republicans would feel that their duty to the country was to elect a man who stood by the party in the contest, and as they do, that an American President does not mean control of the government in opposition to the policy which is his own.

Gen. Garrison's "letter of acceptance" appears in this issue of the TRIBUNE in full and is worth reading, every word of it.

Hancock's election means going back twenty years to fight over the relation for Southern supremacy! Will the North tamely submit or arouse to action!

Commissioners have been appointed by the government to examine and report upon the application of the Northern Pacific Railroad, 400 miles west of Brainerd, just completed.

Mr. H. E. Sargent, General Manager N. P. R. Co. has purchased thirteen acres of land on the west bank of Detroit Lake and will build a house to erect a beautiful summer residence thereon.

The Little Falls Transcript supposes the 2,100 inhabitants of Brainerd, returned by the special census report includes the whole township. This is not so. It only includes the village which is about one-third of the township.

A collision took place Tuesday morning, three miles west of Fargo, between engine No. 3, running in from Brainerd, and a special train going west. The engine had stopped to pick up the body of a man named Thomson who had been run over near Mapleton and the special freight pulled out of Fargo supporting the engine and going into the round-house at Fargo and the morning before they were at a dead lock before they knew it. The body of Thomson had been run over by the engine and the pilot of engine 3 and the two engines coming together mutilated him.

Democracy pretends to be very jubilant over its candidate for the Presidency, Gen. Hancock, and for a wonder, it has a man, at last, whose personal character gives it no basis in their assertions that "both candidates are good men, that country would be safe with either" and all such stuff. But even this we claim is not true.

Organize in every town and hamlet. French to the multitude, and with the Democracy both parties are struggling every nerve and every dollar to obtain control of the government.

As was well known, upon the assembling of the delegates to the Congressional convention the other day, the General Washburn was not a party to the matter, and it was generally conceded that the proper thing to do was to nominate Washburn.

As was well known, upon the assembling of the delegates to the Congressional convention the other day, the General Washburn was not a party to the matter, and it was generally conceded that the proper thing to do was to nominate Washburn.
