VICTORY!
Glorious Results in the October States.

Ohio 20,000, Indiana 5,000, And Large Republican Gains in West Virginia.

The Wave that Will Sweep the Nation with a Big N.

Strong and free, like the eagle's flight, Our glorious banner shall wave. While treason's flag, thrust out of sight, Shall sink in its wily grave.

The result of the Ohio elections in the States of Ohio and Indiana has long been an event of deep interest throughout the Nation, attracting to that great battle ground all the prominent leaders of both parties, and drawing out their very utmost exertions. Hoisting public meetings have been held and ringing speeches delivered in every city, town and hamlet in those States, and the political influence has been brought to bear both by Republicans and Democrats, and has long been considered by both parties that the results would virtually determine the presidential contest in November.

The polls closed on Tuesday evening with victory perching upon the banners of the Republican party. The grand old party which has saved the Union, freed the slave and now having passed through a baptismal fire in preparation for a grander and more glorious mission of freedom and a valuable experience to give the nation an era of prosperity unprecedented in the history of any nation or any people on the globe.

ability of Democrats, with the help of the Union League and other additional members of the legislature, and possibly a majority on joint ballot for a U. S. Senator to represent South Dakota.

While we do not apprehend the accomplishment of this proposed purpose, yet it is barely possible of consummation, through the apathy or carelessness of victory-proud Republicans, and we therefore warn our Republican friends, while it is time and before they become pledged, not to help carry out this, deep-planned and apparent scheme. No Republican, no matter what his personal preferences may be, should be so careless respecting the rights of the Democrats as to help carry out this, deep-planned and apparent scheme. No Republican, no matter what his personal preferences may be, should be so careless respecting the rights of the Democrats as to help carry out this, deep-planned and apparent scheme.

Democratic Meeting.
On Monday evening, last, at Bly's Hall Hon. C. R. Buck, of Winona, addressed the Democratic citizens of Brainerd, together with a goodly number of Republicans upon the issues which divide the two parties. His remarks consisted mainly of a string of generalizations, charging corruption and mismanagement upon the Republicans, and assuring that the Democrats would sweep the field.

Mistaking his audience and the sentiment of Minnesota Democrats, general, he proceeded to discuss the tariff question, the only subject he handled in detail or in any but a general way, and he did so with the result that he did more for the Republican cause than his whole discourse did for the Democratic cause.

The Democratic Legislative District Convention held at Sauk Rapids on Friday afternoon, last, nominated W. H. Hancock, Esq., County Attorney of this county, for Representative. Mr. Hancock is a popular and well-to-do gentleman, and one who will try the steel of the Republican cause. He is, therefore, so far more than a good Republican, he will never have that opportunity.

Washington's election is assured by at least six thousand majority. Republicans, then, should not be induced to vote for members of the Legislature under promise from Democrats that they will vote for him. It is a scheme which will do more harm than good.

proactive tariff only spoke for the protection of the farmer, and a bill of the party which framed it. It is the wish of Republicans that the Democratic party should be so weak as to elect a Democrat to the Legislature.

Vote for Washburn—Vote for Republicans and see that no scratching is done. We are strong enough to elect Republicans, and why then vote for Democrats? No true Republican will do it.

Republicans be vigilant. Hard work will be done. A victory shown away is more than ever gained.

Elsewhere in this issue, published by request of our Democratic friends, appears a biography of John W. Hancock, the Democratic candidate for Congress from this district.
