The boys are getting married—Rush City, Pa. How about the girls?

Senator C. F. McDonald, of St. Cloud, Minn., editor of the St. Cloud Times, was married at St. Paul on the 19th inst. to Miss Minnie Campbell of Littlefield, sister of Mrs. W. M. Campbell, of Meeker county.

R. N. Goodell, Reg. of Grand Rapids, Mich., has recently made a purchase of some improved land near Grand Rapids, of Mrs. J. F. Hamel and T. Nison, amounting to \$14,000, and will have 100 acres in crop this year. The tract lies on the east side of New Buffalo, is included in the acreage of the late Senator Goodell, and he will probably make other extensive purchases—(Eggleston Rep.)

The joint committee, on Legislative appointments has finally agreed upon a bill which was introduced in the house on Monday. The bill is for the purpose of amending the law relating to the election of members of the board of trustees of the city of St. Paul, and also the board of trustees of the city of Minneapolis. The bill is reported by Mr. F. W. Johnson, and is expected to pass in the near future.

The machinery for the Northern Pacific company's "T" line is being placed in position in the new building which is being erected at the corner of 10th and 11th streets, and which is soon to be enlarged twenty feet, making the building 40 x 100. As soon as the machinery is placed in position, the work of erecting the "T" line will be started in earnest. It is expected that the "T" line will be completed in the near future, and will be a great benefit to the city of St. Paul.

The Republican has called the Northern Pacific road public property, and has called for the forfeiture of the lands of the "T" line, the above would not have had the appearance of an attempt to interfere with the road. The Northern Pacific does not go into the rolling mill business for a few months yet, and if it ever does the mills will not be located at Fargo.

G. F. Kinross, Land Commissioner. New York, Feb. 21—Director Willard, one of the leading members of the Northern Pacific, is, according to the appointment of C. E. Kinross, the position of land commissioner of the road, vice Power resigned. It is thought Mr. Kinross will be a most successful and energetic officer, and his appointment is a great gain to the Northern Pacific. Mr. Kinross has a long experience in the land department of the Northern Pacific, and is well qualified for the position. He is a native of New York, and is a member of the New York bar.

As will be seen by the following circular, which has been published by the chief engineer of the Northern Pacific, the eastern extension of the road from the N. P. Junction down the south side of Lake Superior is to be completed forthwith. The eastern extension of the road is to be completed in the near future, and will be a great benefit to the Northern Pacific. The road will be a great benefit to the Northern Pacific, and will be a great benefit to the Northern Pacific.

From Post to Pillar. The Sherrburne County Star does not seem to relish the idea of being shut out every head and wanted by none in the arrangement of the legislative district. The Star, however, has no one to blame more than itself for the evident desire among the neighboring counties to be in a separate district from Sherrburne. The Star has no one to blame more than itself for the evident desire among the neighboring counties to be in a separate district from Sherrburne. and is politically doubtful. We venture to say that we shall manage to get through successfully with our friends, and would just as soon be in a bad case as in a good one. The Eagle will only leave itself. Mills Lake county is taken out of the hauling connection and takes Sherrburne county's place, with Benton, Morrison, Todd and Crow Wing counties. We sincerely hope no further change will be made, so far as Sherrburne county is concerned.

North Pacific Land Department. The announcement is made this week that Col. James B. Power has resigned the position of Land Commissioner of the Northern Pacific road, and that office has been placed temporarily under the management of Col. R. M. Jewett, the auditor of the road, pending the selection of Mr. Power's successor. The resignation of Col. Power is no matter of surprise to those who are familiar with the road. Power, in fact, it has been known for some time that his views did not accord with the policy of the newly constituted board of directors of the road. Power's resignation is a great loss to the road, and it is to be regretted that his views did not accord with the policy of the newly constituted board of directors of the road. Power's resignation is a great loss to the road, and it is to be regretted that his views did not accord with the policy of the newly constituted board of directors of the road.

This course may not be the true theory of Col. Power's resignation but knowing these facts the Tribune very much regrets that the road should have taken this course. It is to be regretted that the road should have taken this course. It is to be regretted that the road should have taken this course. It is to be regretted that the road should have taken this course.
