There are 14,000,000 people in this country who are two years of age or over. In this country there is much larger than in any other country. The greatest part of the population of the United States is now in the hands of the young people. Nearly 80,000,000—two thousand million—of the population of the United States is now in the hands of the young people. The United States is now in the hands of the young people. The United States is now in the hands of the young people.

**HOUSE AND FARM.**

**HOUSE TOPICS.**

When an individual is reported to have died of disease of the heart, it is not surprising that the cause of death is reported to be a disease of the heart. It is not surprising that the cause of death is reported to be a disease of the heart. It is not surprising that the cause of death is reported to be a disease of the heart.
