St. Louis had a million dollar fire on Tuesday.

The election of McKinley in Ohio caused much sorrow in England.

A serial story is now running on the inside pages of this paper, which is intensely interesting.

The Warren Register says about one-half the wheat crop remains unthreshed in that section of Marshall county.

A call has been issued by Chairman Haswell for a meeting of the Republican state central committee on Dec. 7.

Malicious diphtheria prevails to such an extent at Bank Rapids and Paines Bluffs that the public schools have been closed.

It would be a good idea to banish the anarchist flag from the United States and attach a death penalty to any one who hoists it.

Twenty quartets were sung into the deliberations of a Michigan jury and the court was heartless enough to acquit the verdict.

About \$20,000,000 of sugar bounty will be distributed among Louisiana planters this year, in accordance with the provisions of the recent act of congress.

Coronaz convicts two weeks from next Monday for the crime of killing Hattie Johnson who then takes his seat. What a representative to succeed Conant and Nelson!

A woman editor of the Prisoner Army makes a most ungracious and unkind allusion to the Michigan state. He evidently likes that kind of newspaper business.

Petty larceny in the Salvation Army makes a most ungracious and unkind allusion to the Michigan state. He evidently likes that kind of newspaper business.

Dozelle was to have been benched from the state alliance presidency when he snoodled in vindicting himself for the crime of not being a member of the committee. The benching committee has not called on him yet, so it is natural to suppose that the dollar is still in the air.

The republican national committee meet next Monday, when the place of holding the next national republican convention will be chosen. Minnesota should support the place of the honor, and we hope she will succeed. All members from the Northwest should support her, and she is simply able to accommodate the great gatherings that will be present.

'Tis much has been written about the young Emperor of Germany, but nothing has appeared which by a moment be compared in brilliancy and radiance with the character sketch which Mr. W. T. Stead furnished in the Review of Reviews (American edition) for November. The front-page portrait of the Emperor from a new painting recently completed by a man detailed for the purpose, is a masterpiece of art. Other portraits of the Emperor appear in the course of the sketch.

It is perhaps not generally known. It is a fact that there is a home on the United States peninsula. It is the faithful old school which General Custer rode at the battle with Indians at the mouth of the Indian Territory in 1868, and at the battle with the Sioux Indians in 1876, in which the General and his men were killed. The General's horse, Commodore, escaped badly wounded, and is now cared for at Ft. Riley, Kansas. His presence here has paid his transportation wherever he goes and to pay his food. He is cared for by a man detailed for the purpose, and he is a fine specimen, but no one sits in the saddle.

A FORTUNE

Inherited by free, pure blood, free from hereditary taint, clear complexion, rheumatism, scrofula, and many other malades cured by the use of powerful purgatives. The standard specific for this purpose is the one best known and approved - Ayer's Sarsaparilla.

SAVED

Several hundred dollars were saved by using Ayer's Sarsaparilla. It is a fact that there is a home on the United States peninsula.
