Lumbermen are scarce now and it is said that every available man is being sent into the woods. There are doubtless the number of men at work in the pines this winter to what there was last.

J. W. Bailey returned from Croquette, Minn., on Monday night, where he has been visiting during the past few weeks. He was accompanied by his brother, David Bailey, who will spend the winter in Croquette.

**A THRILLING EXPERIENCE.**  
A Former Brainerderman Tried to Run Down a "Green Goods" Establishment.

The country is now being flooded with cheaply made "green goods" men in New York, and the man who has not received one in a way beyond the time. These articles purport to be of a strictly confidential nature and usually state as follows:

I heard of you through a mutual friend and you very kindly sent me a shirt, a thoughtful man, and one who could be relied upon to keep a man in a constant state of readiness for a person to handle money. If this proposition is objectionable to you I pray you to destroy this letter and let nothing of the contents be known.

The social given by the ladies of the Presbyterian society on Tuesday evening at the church was a wonderful success. There was a large attendance, numbering over one hundred. A good program of literary, musical, and dramatic, tableaux, etc., and a nice lunch was served, and the proceeds were \$14. These socials will be repeated in the future, trusting in the continued kind patronage of the public.

Another of those regular winter fatalities in the lumber camp occurred at the works of F. W. Woodson on Willow river, the victim this time being a Swede named Martin Oleon, aged 26 years. He was tending chains, and as he was helping to put on a log, one of the logs rolled back on him, killing him instantly. His remains were brought to town and placed in the morgue. A brother in Minneapolis was notified by telegram.—Athlet.

That Doerwood has a dunt and a watch repairer is probably not generally known, but such is the case. Mr. Doerwood, who is a practical watchmaker and a dentist, and if anybody has the toothache or a watch that shows the right time twice in every twenty-four hours can go on him.

**DEATHS.**  
At a regular communication of Aurora Lodge No. 100, A. F. & A. M., held on Feb. 10th, 1892, the following resolutions were unanimously adopted:
