## NEW COUNCIL TAKES HOLD.

Mayor Elect Koop Takes the Oath of Office and the Wheels of the City Government are Started Under New Management.

The Old Police Force Retained and no Changes are Made by the Council in the Election of Other Officers.

Edward Crout Elected President of the Council and Henry I. Cohen Vice President.

On Tuesday evening the management of city affairs was turned over to the newly elected mayor and city council and the first meeting of the legislative body of the city was held for the purpose of organizing and getting matters in shape preparatory to assuming the responsible positions in which the members have been elected. At 8 o'clock City Clerk Farrar called the roll after having administered the oath of office to the members and the first business transacted was the election of Alderman Edward Crout, of the Third ward, temporary chairman, then followed the election of a president of the council, and Mr. Crout was honored by receiving the unanimous vote for the position. Henry I. Cohen was also chosen unanimously for vice president.

The election of a city clerk was then taken up and the present clerk, F. A. Farrar, was elected, the vote standing eight for Farrar and two for Thomas H. Murphy.

The selection of a city attorney came next, and the name of W. M. Clemons was presented by Alderman Adams, of the Fifth ward. Aid. Johnson, of the Fourth ward, presented the name of J. H. Warner. The vote stood eight for McClellan and two for Warner, and the former gentleman was declared elected.

For city engineer R. Whitley was unanimously chosen.

Andy Bennett, who has been junior of the base home for several years, was re-elected without opposition. James Daley was also unanimously elected as driver of the city fire team, and M. Hanson driver of the city work team.

The city clerk was instructed to advertise for bids to be the city printing, and also for feeding the city prisoners.

Mayor Koop then delivered his inaugural address, which appears elsewhere in this issue, at the close of which Dressel's City Band, which was waiting in the room below, struck up a lively air, and Mayor Koop was escorted to their presence and in a few well chosen words thanked them for the honor conferred upon himself and the members of the council. The band played several selections and the council remained business.

The police force, which has served under Mayor Nevins, were appointed by Mayor Koop and confirmed by the council. The appointments were: Geo. H. Stratton, chief; Moses De-rocher, captain; Henry Hurley and A. Brockway patrolmen.

The city treasurer's bond, in the sum of \$30,000, with the following sureties, was approved: C. N. Parker, S. Walker, L. M. Koop, Geo. O'Brien, J. W. Koop, S. Koop, J. F. McGinnis and M. J. Healy.

A bill of \$4 in favor of J. McNaughton was allowed, and a liquor license was granted to John O'Hagin. The council adjourned after introducing a vote of thanks to Dressel's City Band for the music rendered.

**OLD COUNCIL'S LAST MEETING.**  
The city council met in regular session on Monday evening with all members present excepting Aid. McLeod and Crout.

The reports of city officers were read and filed. The finance committee reported that they had checked the report and books of the city treasurer and city clerk and found the same correct.

Bills were allowed as follows:  
Judges and clerks of election, Second ward..... \$8 84 65  
Judges and clerks of election, Third ward..... 109 20  
Judges and clerks of election, Fourth ward..... 95 75

C. B. Wally, putting up books..... 29 20  
Brainerd Lumber Co..... 137 07  
F. H. Bredfeldt was granted a license to sell liquor.

Application of Pat. O'Connor & Co. and Jon O'Hagin for liquor licenses were read and ordered laid on the table until next regular meeting.

Permission was granted F. S. Parker to cut down trees in the street at the corner of Seventh and Juniper streets.

The request of the city band to have twelve electric lights placed in the band room in the Y. M. C. A. was granted.

Request of Co. L. for the free use of electric lights in the armory and for one load of wood to be delivered back of Gardner hall was granted.

The old council then adjourned sine die.

The Journal of this week contains an editorial, addressed to Republicans, on the necessity of loyalty to party nominees. From the pen of that eminent Republican, W. H. C. Stevens. An article on party loyalty in the Journal is certainly ridiculous, considering that the about during the election did not support a single Republican whose Democratic or Populist support was willing to "put up" for its support. After referring to the contest for governor and congressman, Mr. Stevens pretends to regret the lack of Republican support received by Mr. Fleming for representation, and refers to Mr. Fleming's efforts to secure the election of the republican legislative ticket. Mr. Fleming is a good Republican, and undoubtedly did all he could to elect the whole ticket. Last statement of this kind comes with poor grace from Mr. Fleming, before the election that he would give him his personal support, and as a leader of the demop party would see that a very weak man was nominated by their agent Mr. Fleming, so that he would be elected without effort. He deliberately went back on that promise and had himself nominated and did all within his power to defeat Mr. Fleming. However, the commonest sense of his hypocrisy and false promises, and it will administer a fitting rebuke at the proper time.

**Not Too Expensive.**  
Several of the candidates for city officers have filed an affidavit of their expenses connected with the campaign with the city clerk. J. H. Koop may, it is said, have the largest amount, \$90.75. Henry Henneman's election cost him \$45. W. H. Manton spent the sum of \$42.15. Frank Mattson's expenses were simply the filing fee of \$5. Among the aldermen elect who state that their election expenses were but \$5, the fee for filing the certificate of nomination, are F. E. Lowe, Ed. Crout, S. R. Adair, Geo. Halliday, Solomon Johnson and P. O. Fogelstrom. H. E. Cohen's election cost him \$18.30, J. C. Jamieson \$30.00, Geo. E. Gardner \$17 and John W. Koop \$12.25.

**DEERWOOD NEWS.**  
There was an oyster supper at C. J. Rathvon's on Thanksgiving evening given by the ladies aid society of the Methodist church.

A gentleman has bought Christ Boehmer's farm and his farm adjoining it, for the purpose of raising stock. He intends to put 70 cows on the place to start with.

The Cedar Lake creamery will start up again after being shut down for a short time. The farmers will be glad to hear the friendly whistle once more.

Yves Taylor and Jennette Wright have been met the past few days with sore throats.

The recent storms greatly aid down the attendance in the various schools around and about Deerwood.  
Mrs. H. Mordant went to Duluth to spend the Thanksgiving holidays with Mr. and Mrs. C. Adams.  
Mrs. H. C. Opie and children left Klondike last Saturday for Indiana, where Mr. Opie has accepted a mill work.  
Mrs. Opie and children will visit at various points before joining Mr. Opie.

# THE DYNASTY MAY CHANGE

### EXTRAORDINARY HUMOR COMES FROM MADRID.

Queen Regent likely to Retire to America With Her Son, and to be Succeeded on the Throne by Don Carlos—Change to Take Place After the Treaty of Peace is Signed—Juan Peribon by the Emperor of Austria—Clergy and Military Said to Favor the Change—Austrian and the Philippine Leaders Want Liberty of Death.

London, Nov. 22.—A curious report in regard to Spain's future government is current in diplomatic circles, which, from its source, is entitled to weight. It is that there will be a change of dynasty; but a powerful chance. The queen regent is said to be convinced of the benevolence of her son's return, and has, upon the advice of friends, accepted of Austria, and will return to Spain in a carriage, and will be a question of days to quit Spain with her family and Don Carlos will be proclaimed king. Everything is reported to be already arranged, and the army and clergy are alleged to be ready for the change.

According to the procreant Don Carlos, no son as things are running smoothly, will abdicate in favor of his son, Don Juan. There is much agitation among the Philippine representatives in Europe over the Philippine situation. Agoncillo, the representative of Agoncillo, who has been in Paris watching the proceedings of the peace commission, started for Washington yesterday. It is in Paris that on Wednesday last he called a meeting of all the Filipinos in Paris and London to assist him in Paris, when a committee was formed with the object of doing everything possible to induce Spain to recognize the elected Filipino republic. A telegram was sent to Agoncillo asking for instructions, and the following reply is said to have been received:

Liberty or Death. "Instat upon absolute independence. Overturn fight to the death. We are all united and the government is prohibiting it. In the individual case, tribes of the mountains are submitting to Agoncillo. The only obstacle is the presence of gold." The statements made by Gen. Wesley Merritt in reply to the appeal of the Filipinos to fight for the independence of their country, have caused indignation among the Filipinos. The American people have caused indignation among the Filipinos. The American people have caused indignation among the Filipinos.

A Great Game Yesterday, Resulting in a Score of 10 to 7, Winning a glorious football victory in a clean, fast, and most destructive and brilliant play. Harvard's eleven showed advanced playing positions. The original scores were only 14 to 0.

**THUNDERBOLD FIERD BOMBING.**  
Oscar Mendezine the scene of a Terrible Contamination at Merced, Mo., Nov. 22.—The largest and most destructive contamination that has ever swept over the Ozark mountains since 1831 is now demonstrating this town for miles and miles north and south with the Memphis railroad. The autumn heavy rains are rapidly falling snow from an area of about twenty miles long in a series of miles of fence, orchards, plantations, farms and dry pasture fields, stocked with cattle and other animals, and many settlers' homes lie directly in the line of the ravaging monster. Whole neighborhoods are advancing to the scene but find themselves totally unable to check the flames. This town will probably be destroyed.

**THRESHOLD WRECKERS.**  
No Punishment For Severe to Administrator to These Men.  
River Junction, Fla., Nov. 22.—Three unknown white men went to the home of Andrew Blackman, a farmer living about twenty miles north of here, and demanded food from his wife. She was alone with her three small children and offered bread, saying it was all she had. They demanded more because the children had fed to the woods. The tramps then set fire to the house, roasting the little ones to death.

**Bombardment.**  
Lima, Peru, Nov. 22.—Eight locomotives on the Chicago & Erie road exploded near here. One of the engines was probably faulty during the wreck, about twenty-five cars were wrecked.

# SICK AND BROKE IN DAWSON.

### Hospital and Cemetery Not Far Apart. Graves Must Be Blasted.

Mr. Frederick Palmer writes from Dawson City, Alaska. Dawson is too far away from home country for a man to be either sick or broke there with much peace of mind. The biggest fee I heard of was paid by a part owner of a claim on Dawson creek, which is a "stranger" claim. This is about all that Dawson can do for its sick.

When a sick man is taken to the hospital the hospital authorities find out at a depth of four feet that he is eternally frozen, and his friends may as well let their hands go. In many cases the hospital is a state of perfect preservation, but it is a state of perfect preservation. In many cases the hospital is a state of perfect preservation.

**THEY ARE ABOUT ALL THAT DAWSON CAN DO FOR ITS SICK.**  
The same way that the miners work, when the trails are good. His partner was very ill, and a Dawson doctor was paid \$500 to make a call on him. When a sick man is taken to the hospital the hospital authorities find out at a depth of four feet that he is eternally frozen, and his friends may as well let their hands go.

**CONCERNING WOMEN.**  
The greater number of dresses which the German empress took with her to Jerusalem were ordered in London. The empress of Russia has every intention of raising a statue to her beloved, Prince Alton, in the town of Darmstadt.

Legal Rates for Legal Notices. We, the undersigned, hereby certify to the public that in our respective jurisdictions during the year 1910 the most liberal and equitable rates for doing in compliance with the laws of Minnesota are as follows: For every insertion of a notice of any kind, not exceeding 100 words, one cent per line per day.

It has been the city of West Superior \$4,000 to have an expert examine the water works system.

The Little Falls Herald is with Towne for congress in 1910 and that must be consulting to Charley.

CITY CLERK FARBER can consider himself endorsed. The council showed its wisdom in making no change in such an efficient officer.

MAY ELLERS LANE should go to Germany as women are appreciated there, the army of that country being eight women colonels.

CHIEF STRATTON and the balance of the police force gave thanks yesterday to Mayor Koop for his good judgment in retaining them in office.

The "political orphan" who was elected governor appears to have some family live after all judging from the way the pope and deus are courting him.

The cause of the rotten newspaper warfare carried on by the Lind managers is all explained when it is known that the St. Cloud had charge of the way the pope and deus are courting him.

There was no mistake about the date that winter set in this year. It was a jump from Indian summer to the worst blizzard that has visited the northwest in years. Things are covered by halves in this section.

TOWNS' friends claim money defeated him and the St. Cloud Journal Press very aptly remarks that "the money which defeated him was the fee paid Towne by the owner of Canadian pipe for a free trade brief he never filed."

Lino's life will be a weary burden until he has paroled out the patronage incident to the governor's office if every city and hamlet in the state has as many aspirants as Brainerd. Forty years of waiting have made the boys hungry.

PEAS'S Anoka Union seems to think its influence is on the wane if the vote for W. D. Douglas for attorney general in Anoka county is any criterion. The Union directed its attention especially against Mr. Douglas during the campaign.

Our democratic and populist brethren of the press need not worry about the return of Senator C. K. Davis. The republican legislature of Minnesota will stand to that matter when the time comes in a manner that will be practically anonymous.

The defeat of Edmund for governor will undoubtedly be the last thing that could have happened to the republican party in the long run. The people will have had enough of Linderson in two years and the republicans will have come to their senses in more ways than one.

In Nebraska the republicans will have a majority of thirteen on joint ballot and both branches will be organized by them.

The officers at the Central home house also their Thanksgiving turkey yesterday with relish, the new city council having decided that the business was so well attended to by them that a change was not advisable.

LEWIS carried the Sixth district by over 4,000 while Duluth's silver idol Towne, was defeated by nearly 500 votes. Before election Lind said silver was not an issue and after election claimed his success was due to that issue, while Towne merely claimed he was defeated by a combination of circumstances.

MORRIS' majority in the district was 463 this year. In the district outside of Morrison county he gained over two years ago, but in Morrison Towne's majority increased from 123 to 427. But, as Postmaster Swanson of Boyce, remarks with pride, "it was a sick piece of political work—Little Falls Transcript."

COLE HARVEY has a scheme on hand which is a dandy. He proposes that every free silverite in the country contribute one dollar per month from now on until the next election and use the fund which would amount to \$150,000,000 according to his figures, for electing a free silver president in 1900.

The election of A. N. Dore of Elk River as speaker of the next house of representatives would give that body as able and painstaking presiding officer. Mr. Dore has had experience in legislative matters which would materially assist him in the discharge of his duties and his hosts of friends in Northern Minnesota and in other parts of the state hope to see him honored.

Mayor Koop's message to the council is published in this issue and as it is a document outlining the policy of the chief official of the city for the coming two years, it will be read with interest by the citizens and taxpayers.

The suggestions regarding the construction of a bridge across the river are timely and we believe the plan suggested regarding issuing certificates of indebtedness is the only feasible way to overcome the present obstacles which prevent the building of the structure and it must of necessity be built. Mayor Koop states that he will enforce the laws regulating the saloons as he finds them and if he follows out his line of policy as set forth in his message the people will have no reason to complain. If the city council and the mayor work in harmony there is no reason why the administration for the coming two years should not be a profitable and beneficial one.

Old Bug Combs Back. Come back, "Old Bug." We guarantee immunity from the ballot-hole candidate—election's over, and all you have to fear is walking on the war department carpet a time or two, and then good, kind Uncle Sam will say: "Bliss you, Bug, what made you squeak like that? You've killed a few soldiers—but you're an Indian, 'Bug' and an Indian bug can't be punished for ignorance. No doubt it was a mistake, Bug. You probably were just shooting at a mark for fun. Here's \$20, Bug, and some more ammunition. Don't do it again, Bug. And keep away from the flowing bowl, Bug. If you must drink, smuggle it in bottles. Good day, Bug, come again!"—Hutchinson Leader.

August Flowers. "It is a surprising fact," says Prof. Houston, "that in my travels in all parts of the world, for the last ten years, I have met more people having used GHEBEN'S AUGUST FLOWER than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I had for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that GHEBEN'S AUGUST FLOWER is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." BOTTLES BOTTLES FREE at M. E. Swartz.
