M. C. A. grounds.

Brainerd's splendid military organization, Co. I, will be in line as well as members of the G. A. R., city firemen and several of the civic societies of the city.

Music for the occasion will be furnished by Brainerd's two superb brass bands. G. S. McPherson and aides will have complete charge of this feature of the entertainment. Immediately following the parade will come the patriotic address to be delivered by Hon. J. Adam Bede the speaking to take place on a platform in Y. M. C. Accidental Death. Peter Demara, aged about 20 years, was knocked off a logging car into Rice lake and killed Monday morning. Demara was engaged in unloading logs from the cars and was alone at the time the accident occurred although it was witnessed by several people who were some distance from him. In some manner the logs rolled against him when the binder chain was released and carried him into the water and it is thought he was hit upon the head by a log as he came to the surface. Help was immediately called and the body removed but life was extinct. Demara had been in the employ of the Brainerd Lumber company for some time and was considered to be a first class workman. He was unmarried and his relatives live at St. Remy, Quebec.

Think He Is Insane. Wm. Alexander brought the Shupe to the city this morning and turned him over to the authorities. The gentlemen found Shupe in the middle of a swamp some fourteen miles from Brainerd in Daggett Brook township about dark last night and he was preparing to lie down in a mud hole for the night. His actions indicated that he was crazy and they thought the best thing to do was to put him in charge of some one in order that he might not harm himself or anyone else. Shupe had a Winchester rifle and a razor with him and also a bundle of photographs and letters. He was wet from head to foot where he had been wading in the swamp and asked to be put somewhere where he wouldn't come to harm as he was afraid he was going crazy.

Request to Business Men. At a meeting of the executive committee of the Fourth of July celebration on Tuesday night a resolution was unanimously adopted requesting the proprietors of the business houses in the city to close their respective places at 1 o'clock on Tuesday and remain closed until 6 p. m. This will give those who come to the city from a distance ample opportunity to do their trading and will also give the merchants and their employes an opportunity of witnessing the principal attractions of the day. It is hoped the request will be generally complied with.

Notice to Water Consumers. Water rents for the third quarter, 1899, are due July 1st, and must be paid on or before the 10th of the month. The water will be shut off from all customers who are in default after the 10th of the month. MINNESOTA WATER WORKS Co., Office First National Bank Building.

There is no use in endeavoring to fully explain all the attractions that will be in progress, but the general public can rest assured that the celebration will be a hummer.

PRIZE AMUSEMENTS.
The suggestion has been made that private citizens in carriages join in the parade and help make the forenoon attraction a success. Carriages can be gaily decorated as well as the horses and the addition to the procession would materially help the effect. All those who will accept can consider themselves invited and they will be assigned a position by one of the aides who will be detailed to take charge of that particular feature.

DEATH.
Emil Nelson, aged 18 years, son of Mr. and Mrs. Ole Nelson, died on Monday, the funeral occurring Tuesday afternoon from the Episcopal church, Rev. Kite officiating. The young man's death was the result of spinal injuries received some three years ago at which time he was caught in the shafting of the flouring mill and since which time he has been an invalid and confined to his bed.

His prompt reply was, "Wait and see which comes out best."

The big tree in Maryland is the estate of Alan Harris. In the second year of Robert Wilkes' term, 22 inches in diameter or about the size of the ordinary kitchen barrel. Three years later it was 22 inches, 25 inches and 30 inches in circumference, respectively.

There is no safer safeguard against all degrees of moral anarchy than a habit of self-control. As much good blood may find in moments of high excitement as may cause disturbances, of repeated, unrepentant, the rational faculties. Machinery that is honest and tends to be itself to peace, and the agitation of unrepentant emotion may gradually produce an "unstable equilibrium" of the nervous system, and predispose the brightest man or woman to be entirely upset by a sudden crisis of passion, alarm, loss, or ecstasy. For joy, the crisis, anger, fear or appetite, requires the quiet restraint of reason. The asylums are full of auditory cases. The neglect to exhibit prompt and cordial recognition for favors received, or good-will and friendliness manifested, is not only degrading to a nation or an individual, but it stands in the way of future advantages. "I liked the young man's appearance," an influential woman recently remarked, "but as he failed to call or write in acknowledgment of the courtesies shown him, I shall hardly take the trouble to favor him socially again." EVADING THE TARIFF

IMPORTANCE OF MOVEMENT AGAINST UNDERVALUATION.

Letters to the Government Through The President, Formerly Selected at Washington, D. C., May 24, 1899.

Three-fourths of the customs duties of this country are collected through the administration of the service, which is chiefly dependent upon the appraiser at that port.

An enormous evil, which the customs service has been afflicted with for both Democratic and Republican administrations, has been undervaluation. It was Daniel Manning, secretary of the treasury under Mr. Cleveland, who said the government was losing \$40,000,000 a year by reason of the enormous evil of undervaluation at the port of New York. The loss of money to the treasury is not the only consequence, but even more important consequence is the revenue lost to the industry of the country.

There are no industries, there can be no industries of trusts. That's true, and free trade has proved itself a disaster in getting rid of industries. This, however, ever anxious the people of the country may be to get rid of it, it is not likely to be willing to get rid of them at that. If a man has a job on his leg he can get rid of it, he would a doubt, by cutting off his leg. But there are other ways.

There is one way, and that is the method of approval of the free trader, if the maximum of industry. If there are no industries, there can be no trusts, they are by killing the industry. Protectionists prefer to keep the industries and to deal with the trusts in some other way.

The quantity that attempt to compel them to make honest invoices is an infringement upon their rights, an unwarrantable interference with their business.

The present appraiser at New York, Wilbur F. Wakeman, appointed by Mr. McKinley, undertook the task, and he has pursued his way zealously and with high intelligence. He has not only done his duty, but he has done it with a result, he has been here, and he will continue to be the most efficient opposition those whose business he has interfered with is to be expected.

The Providence News, published in an important industrial center, and one of the best of the kind, commencing upon this matter, says:

"Without fear or favor, we have appraised and reported to the government, and in spite of resistance, evasion and personal abuse we have continued to do our duty. We have not only done our duty, but we have done it with a result, he has been here, and he will continue to be the most efficient opposition those whose business he has interfered with is to be expected."

The Providence News, published in an important industrial center, and one of the best of the kind, commencing upon this matter, says:

"Without fear or favor, we have appraised and reported to the government, and in spite of resistance, evasion and personal abuse we have continued to do our duty. We have not only done our duty, but we have done it with a result, he has been here, and he will continue to be the most efficient opposition those whose business he has interfered with is to be expected."

EDSON ETCHINGS.

Mrs. J. L. Hammett visited at Bay Lake last Saturday. Mrs. Martell and two daughters and Mrs. Fred Crowell attended the picnic. Miss Nora Hammett and her brother, Edson, have gone to North Bay Lake to work at D. Archibald's during the berry season. A fine museum and magic lantern show was given recently at the school house. Two votes were to be taken, one for the prettiest woman, drawn by Miss Elida Loh; the prize for the laziest man was not awarded, as there were no votes, so we suppose there are no lazy men in this neighborhood. The Edson school picnic was a great success. The children met at the school house where each one received a fancy bag of candy instead of the customary and time-honored card. From the school house the children marched to the picnic grounds where friends and parents were favored with a short program of songs and recitations. Meanwhile the ladies in charge of the tables wondered if the establish would hold out as they saw twenty-five of our Indian friends from the reservation marching up. But the ladies of Edson are good providers as was demonstrated when it was found there was plenty for all. After dinner a good old fashioned dance was enjoyed, Mrs. Crowell and others presiding at the organ. All enjoyed the occasion. DAME REMON. July 7th

A MOON TO MOTHERS

If any Brainerd Mother Has Looked For This, Follow The Advice. Whenever we go and among all classes we find children suffering with their mothers. The latest mother knows that this is not a habit and anxiously looks for a remedy. It is something very hard to relieve, and the family physician tells her that the child will outgrow it in time. Sometimes they do and sometimes they do not. In the meantime annoyance and embarrassment is the result. If anyone knows a remedy, is it not an act of charity, if it not a duty to make it public? Should selfishness or pride keep it concealed? Mr. Christ Hanson, of 128 Oak street east, has used Doan's Kidney Pills in his family and makes the following statement for the benefit of anxious mothers and the relief of interesting little children. Mr. Hanson says: "My little boy aged about six years, was afflicted with kidney weakness. Like all such cases it was very cordant and troublesome at night. I gave him some of Doan's Kidney Pills, which he loved, and since that time I have noticed that he goes no further evidence of the trouble. For this reason I give this remedy my endorsement. Doan's Kidney Pills are for sale by all dealers. Price 50 cents. Mailed by Foster-McMillan Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no substitute. For sale by the McFadden Drug Co., and Johnson's Pharmacy.

Merry Wedding Halls.

A wedding of interest to Brainerd society occurred on Wednesday evening at the home of the bride's mother, Mrs. E. J. Fulton, at which time Miss Ethel Fulton was united in marriage to Chas. D. Kumerth.
 The house was prettily trimmed with floral decorations and the effect was most artistic. The ceremony took place at 9 o'clock, and while Miss Mabel Fulton, sister of the bride, played the wedding march from Lohengrin, the bride party descended the stairs and took their positions, the officiating clergyman, Rev. G. P. Kile pronouncing the solemn wedding service which made them man and wife, during which time the bride, carrying a bouquet of bridal roses and maiden hair ferns. The bridesmaid wore white organdie and carried pink roses. Following the ceremony the bride party repaired to the Windsor Hotel where covers were laid for fifty and an elaborate banquet was partaken of.
 The bride was a society favorite in the city, which has been her home for many years, and for some time she has been one of the efficient teachers in the public schools of Brainerd. The groom is a machinist in the employ of the Duluth & Iron Range at Two Harbors, for which place the couple left on the early morning train Thursday, and where they will make their future home. Many handsome and useful wedding presents were tendered the couple.
 Among the out of town people who attended the wedding were: Mrs. Frank Kumerth, of Sioux Falls, S. D., mother of the groom, Mrs. L. M. Spain and Mrs. Frank Fulton, of Two Harbors, and Miss Mary Curry, of St. Cloud.

 A Week of Opera.
 The Beggar Prince Opera Company is playing a week's engagement at the Gardner Opera House this week. The company is small, but larger than the small stage companies of this locality, and most much of the company's special scenery can be used. The attendance has been fair throughout the week. The play is an excellent one, and the title role, "with Mr. F. W. Wade in the title role, and as the "Beggar Prince" was irresistibly funny. He was ably supported by the balance of the company, Mr. LeVell as Bippo, Miss Merris as Bettina, and Miss Gray as the Princess, deserving special mention. The chorus, though very small, is strong and well trained. On Tuesday night Giofo-Giofo was presented, and Wednesday evening "Olivette," and last night "Said Pasha" was sung. Tonight "Olimos of Normandy" will be the bill. A grand family matinee will be given to-morrow afternoon for the ladies and children. Admission for children will be 10 cents. To-morrow night the week's engagement will be closed with Gilbert and Sullivan's beautiful opera H. M. S. Popho.
