A Colored Attraction.

The principal theatrical attraction this month will be "The Hottest Coon in Dixie" at Gardner opera house tomorrow night. This is said to be the best aggregation of colored players on the road, not excepting the Black Path company. It is the largest aggregation of exclusively colored talent that has ever ventured to the Pacific coast from New York, and numbers in its ranks many of the foremost colored singers, comedians and specialty artists of their race in America, including Wm. H. Proctor, Bob Kelly, Fred T. Carey, Billy Cole, Will Grady, Lew Gilbert, Norris Smith, Eddie Harris, the Blackstone quartette, Clara Bell Carey, Mollie Minor, Stella Brown and the famous original "Clorinda" chorus of sixteen singers, male and female singers. For all these consecutive weeks these singers were quite the rage at the fashionable New York Casino Roof Theatre. No less than scores of the catchiest "coon" songs ever written will be rendered by these dusky vocalists. A pretty continued cake-walk and field by twenty members of the company will also be seen in the first act.

Official Paper of Crow Wing County.

Legal Notice for Legal Notices.

FRIDAY, MARCH 9, 1900.

Jerry Davis' birthday has been made a legal holiday by the Virginia legislature.

The Porto Rican question is getting more complicated than the 14-15 puzzle.

Gov. Larn has removed Register of Deeds Metcalf, of Hennepin county, for malfeasance in office.

The government surplus for February was nearly eight million dollars, and for the last six months over thirty-seven million dollars.

The recent votes in the Duluth majority count resulted in increasing Hugo's majority to the Trustees' recent administration has been repudiated by the people of the city.

The question of the extension of the constitution to the recently acquired territory of the United States should be decided at the earliest possible moment by the supreme court.

In the meantime give the islands the benefit of the doubt.

A Good Word for Mac.

The Enterprise prints in this issue the views of Hon. W. S. McCleahan, of Brainerd, as given to the St. Paul Dispatch.

The business man of this time would be seriously handicapped without his daily newspaper.

The Journal of Minneapolis concedes no ground among its Minnesota contemporaries.

It is gratifying to find the people of the district will receive efficient and upright service and Judge McCleahan succeeds the present incumbent—Park Rapids Enterprise.

The Trend of the Times.

In an interview published in the St. Paul Dispatch W. S. McCleahan, of Brainerd, acknowledged the leader of the band of the Fifteenth Judicial district and up to the last remaining campaign a staunch Maryland democrat, gives his reasons for coming from that State to the republican fold.

Mr. McCleahan is a graduate of the law department of the University of Maryland and Mr. J. R. Green, of this city, and the Republican fold.

Mr. McCleahan is a graduate of the law department of the University of Maryland and Mr. J. R. Green, of this city, and the Republican fold.

No Foreign Alliance.

We are neither in alliance nor entangled with any foreign power, but on terms of amity and cordiality with all. We buy from all of them and sell to all of them, and our sales exceeded our purchases, in the past two years, by over \$1,000,000,000.

Under the above caption the Cass Lake Echo publishes the following notice of the promotion of Frank Bell, formerly of this city.

The many friends of Mr. Bell will be highly pleased at his success in his chosen line of work.

The voice says: Great Northern Agent Bell on Monday last received official intimation that he had been promoted to the important position of assistant superintendent of the Eastern Minnesota Railway, and he leaves next Monday for the general office to assume his new duties.

We congratulate Mr. Bell on his advancement in the service of the Great Northern railway which he has undoubtedly earned by his close attention to the business of the company and his fitness for the duties he has been promoted to perform.

He has filled the position of local agent for a little less than a year with credit to himself and satisfaction to the general public, with whom he has been called the warm wishes of many friends.

Don't suffer from Coughs, Colds, or any Throat, Chest or Lung trouble when you can be cured so easily. Only 50c and \$1.00. Trial bottles free at McLeod's Great Drug Co.'s and Johnson's Pharmacy.

Yeathilled and crowned with Gold or Oreganin, and best extracted with Odeustender. At Dr. Bibbel's.

Heavy Tax Collections.

The tax collections this spring are heavy, owing principally to the approaching absolute tax sale.

Last year the taxes collected from Nov. 1st to March 1st were \$29,092.02.

This year the collections are \$44,167.41, an increase of over \$15,000, which is undoubtedly owing to the absolute sale, and it is estimated before the sale occurs it may fully be paid, making a total collection of about \$50,000.

The law certainly is a great thing for Crow Wing county.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 60 cents.

Name Thing all Over.

From all parts of Hubbard county comes the cheering news that many who were carried away by the gentle and alluring votes of the free silverites two years ago are determined to undertake no more experiments.

They say that times, under reasonable rule, are good enough and are getting better right along.

We take it that they are looking at the matter from a business standpoint. If so, there will be a great republican victory in November.—Detroit Record.

Advertised Letters.

The following is a list of the letters remaining on file for the week ending March 9, 1900.

No matter how long you have had the cough, if it hasn't already developed into consumption Dr. Wood Norway Pine Syrup will cure it.

The Business Man.

The business man of this time would be seriously handicapped without his daily newspaper.

He must not only keep posted with regard to the progress of events generally, but he wants particularly the most reliable and prompt service obtainable in the way of commercial news.

In this particular, The Journal of Minneapolis concedes no ground among its Minnesota contemporaries.

H. V. Jones, the commercial editor of The Journal, is recognized in commercial circles and by the commercial press of the country as an authority of high standing upon the commercial and financial situation of the northwest generally.

"I suffered for months from sore throat. Electric Oil cured me in twenty-four hours." M. S. Glat.

The Treated the Scurvy.

All doctors told Robert Hamilton, of West Jefferson, O., after suffering for months from scurvy, that he would die unless a costly operation was performed; but he cured himself with Buckle's Arnica Salve, the best in the world.

Surest cure on earth. 25c a box, at McLeod's Great Drug Co.'s and Johnson's Pharmacy.

New researches in India show that this is probably the only source of malaria that give grounds for believing that not all kinds of mosquitoes are dangerous. Thus the "spotted-winged" mosquito is said to be the only offender, the malarial parasite having been only found in two species of these mosquitoes in India, and one in Italy. Their breeding places are rare in India, being only shallow puddles of rain water that do not dry up under a week or more, while the common species feed throughout the year every where.

Half good won't do!

A "may-cure" cough medicine won't do. It will "perhaps" do its work, it's worse than worthless. If it's good, it's worth ten times its price.

Do you know where to draw the line between the good and the bad? This testimonial should help.

"I had a bad cough for six weeks and could not get any relief. My little girl had the same cough. I bought a bottle of your cough medicine and after taking a few doses it was as good as cured. I had it in the most wonderful cough cures ever known. W. H. H. Newington, Oct. 5, 1909.

Tom Stook up for himself. An English general, in reviewing a corps of cavalry, suddenly stopped before a splendid-looking fellow and asked abruptly: "Which is the best horse in the regiment?"

"No 40, sir."

"Which makes you think he is the best horse?"

"Because he is an honorable, thick, obedient, tidy, takes good care of his equipment and his horse and does his duties well."

"And who is the best rider of the best horse?"

"Tom Jones, sir."

"Tom Jones, sir?"

"I am, sir," said Tom Jones.

Her His Match. A certain Glasgow lawyer was very fond of setting traps for workmen who might happen to be working in or about his house. By having money for some other valuable article shown.

A woman well aware of this habit, found a half-crown lying on the floor in one of her rooms. He smiled as he said to himself: "I know what that is for."

And, taking a brace and bit from his bag, he drilled a hole in the coin, and putting in a large screw nail through the hole, he fastened it securely to the floor.

The Arnewood Mystery

BY MAURICE H. HERVEY.

Author of "Dick Man's Court," "Homesville's Crime," "Darkness," "Maurice's Money," etc., etc.

CHAPTER XXII. (Continued.) "The man who thought was murdered in Greek Street?" "Why, my dear sir, I am sure other than the man who was murdered in Greek Street. Wait until you hear the evidence of the trial. It is the most complicated case you ever heard of."

CHAPTER XXIII. It would be superfluous to recapitulate the evidence given at Bow Street and which resulted in the committal for trial upon the capital charge of Philip Blake and James Hogg. Tom Webb was ultimately remanded, since for a medical report as to his mental condition, while Hogg was committed to an asylum.

It was a few days after the committal for trial upon the capital charge of Philip Blake and James Hogg. Tom Webb was ultimately remanded, since for a medical report as to his mental condition, while Hogg was committed to an asylum.

CHAPTER XXIII.

My husband insists upon my writing the Arnewood mystery. I cannot quite see why, but I fancy he will think I treated him rather badly when my poor brother Tom was in that way, and wants me to do that again. I was too busy in studying him with the responsibility for Tom's disappearance.

Best how could I, a mere country girl down in Dorset, imagine that Tom would ever be lonely for the wove in an about a time? It just shows what a dreadful story London really is for a young man, without a home and a wife to look after him.

Ralph told me all about the great and what half-filled the newspapers, and that everyone was talking about, and I couldn't help feeling very proud of the part he played in it. Indeed, after listening to his praise as sung by Mr. Hawkins and an instructor named Trull (such a nice man I thought), I went to wonder whether I should not do him justice. Ralph was not the least overbearing when he was with me, and he told me he only visited the scene after it brought him nearer to me.

Then he pressed me and wanted me until I had counted twenty-five times as ever Tom should be set as a liberty. This was a very strange thing, I was sure, and I had never seen Tom so before. I was sure, and I had never seen Tom so before.

Mr. O'Brien sent me two beautiful copies of the book. I was very glad to receive them, and I was very glad to receive them. I was very glad to receive them, and I was very glad to receive them.

A NOTED JUDGE SAVED BY PERUNA. Had Catarrh Nine Years—All Doctors Failed.

HON. GEORGE KERSTEN, OF CHICAGO.

Hon. Geo. Kersten, 4 well-known Justice of the Peace, of Chicago, says: "I was afflicted with Catarrh for nine years. My catarrh was located chiefly in my head. I tried many remedies without avail. I applied to several doctors, but they were not able to cure me. I learned of the remedy, Peruna, through the daily newspapers. After taking the remedy for 10 weeks I was entirely cured. I consider my cure permanent, as it has been now about half years since I was cured."

Any man who wishes perfect health should be entirely free from Catarrh. Catarrh is a dangerous disease, and one which is often overlooked. It is a disease which is often overlooked. It is a disease which is often overlooked.

Royal Baking Powder Economy

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality.

The Royal is made from pure grape cream of tartar, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is cheaper at its price than any similar article.

Samples of mixtures made in imitation of baking powder, but containing alum, are frequently distributed from door to door in grocery stores. Such mixtures are dangerous to use in food, and in many cases are prohibited by law, Alum is a corrosive poison, and all physicians condemn baking powders containing it.
