## CITY SOLONS IN BUSY SESSION.

### Resolution Offered by Alderman Wright on Recent Kidnapping Case Adopted.

### AUTHORIZE MAYOR TO ACT.

### The Guthrie Bill is Finally Allowed After a Warm Discussion.

The regular meeting of the city council was held Tuesday night in chambers with President Crout in the chair. The following aldermen were present: Halladay, Gardner, Rowley, Fogelstrom, Doran, Koop and Wright.

The report of the clerk of the municipal court for the month of August showed 17 arrests made; 23 paid fines in city cases; 4 commitments without paying fine; 4 sentences suspended; \$642.30 as the amount of fines collected; 18 civil cases commenced; 10 state cases commenced; 8 state cases settled; and \$77.45 was collected in state cases. The report was accepted and placed on file.

The report of Chief of Police Nelson was received and placed on file. Dr. Tubbs, city health officer, reported that during the month four cases of diphtheria and two cases of smallpox had been reported to him. He stated in his report that there were no cases of smallpox in the city at the present time. The report was accepted and placed on file.

The report of Supt. Peterson, of the electric light plant showed 73 lights out in 14; 14 lights cut out; 60 arc lamps are now in use. Report was accepted and placed on file.

The report of Street Commissioner Wetzel showed that he had been busy during the month repairing sidewalks and grading rock for the Seventh street paving. He stated that he had finished something like twenty cubic of rock. The report was accepted and placed on file.

When the bill of City Engineer Whiteley was read there was some antagonism on the part of some of the members of the council, being claimed that the amounts charged for getting grades of the streets for building sidewalks was excessive. The bill was allowed, however, after considerable discussion.

The bill of Roy Guthrie for \$127 for painting street signs loomed up again Tuesday night. Alderman Wright at once questioned its right to appear again, it being claimed that the bill had been tabled. Alderman Rowley called for the opinion of the city attorney on the matter.

The committee on streets and bridges to which was referred the matter of repairing the Mahlum bridge recommended that the bridge be repaired by putting in fourteen new mud sills and also by reconstructing the top railing.

The committee reported further that Elm street in Northeast Brainerd had been opened for travel as per the report made by the alderman from the third ward. The committee also reported that the contract for putting in a catch basin at the corner of Seventh street and Laurel street had been let to P. A. Soderberg for \$28.00, he being the only bidder.

A resolution was adopted directing the Minnesota Water Works Co. to lay and extend a four inch water main in East Brainerd on Kindred street.

The following resolution was adopted by the council and was unanimously approved:

Whereas, on the night of Wednesday, Aug. 29, 1901, the bones of one of Brainerd's most respected citizens was invaded by a gang of ruffians who, in accomplishment of a most heinous crime, not only outraged the sanctity of that citizen's home, but perpetrated an overwhelming outrage upon the peace and dignity of the city of Brainerd, and

Whereas, the perpetration of this outrage was a blow upon the integrity of the city of Brainerd, holding its great state of Minnesota to contempt and ridicule of the people of the great state of Minnesota, and a crime of its atrocity could be committed within the limits of the city of Brainerd, and the public safety

remains unapprehended and unpunished therefore be it

Resolved, That the common council of the city of Brainerd denounce in its most fervent and abundant way, and authorize the mayor of said city to offer as a reward for evidence which will lead to the detection and conviction of the parties who committed the crime, the sum of \$200.00.

City Attorney Crowell's opinion, on the matter of paying the Roy Guthrie bill for the painting street signs, was called for and he stated that in all probability the legal phases of the question would have to be referred to the district judge before the matter could be determined satisfactorily to all, but it was his judgment in the matter, that as long as the signs had been put up the city would have to pay for them.

Alderman Wright stated emphatically that he would fight the matter to the bitter end on the ground that the provisions of the contract had not been complied with, and that the author of the contract, if the city council had not accepted the work.

Alderman Rowley accepted by asking point blank if it was to be understood that one was to run the council, and he denied the imputation that the work had not been done in accordance with the provisions of the contract. Finally the matter came to a vote on a motion by Alderman Rowley that the bill be allowed. The motion was seconded, but before the question was seconded, Alderman Wright served notice on the council that he would protest and would stand firm on his first convictions. The motion finally carried, five voting for and three against, allowing the bill.

Alderman Wright stated that he would not permit the members of the council would not be permitted to make any purchases; that hereafter all provisions of the charter would be complied with; which is presumed to mean that the proper "O. K.'s" must accompany each bill.

The report of the police committee on the investigation of Officers Preston and Brockway was received and both officers were completely exonerated. The committee concluded by saying:

"That said committee think from foregoing evidence it is fair to conclude that no mistreatment whatsoever on the part of the officers has been shown and two witnesses who were subpoenaed to appear have failed to do so, and we would recommend that the officers be entirely exonerated from any indictment whatever on the part of said officers."

The report of the committee was received and placed on file.

The police committee also reported on the investigation of the charges preferred against Ed. Cullen. Chairman Fogelstrom, of the committee, stated that Mr. Cullen promised not to sell liquor hereafter to minors under any circumstance; that he would saw his fence down about his place to about four feet; and that he would not sell "groceries" on Sundays.

Alderman Fogelstrom wanted to make some motion which would instruct the city attorney to prosecute those who sell liquors to minors, and he did finally get it shaped right and the same carried.

Plumbers P. J. Murphy and Fred Gruenhagen appeared before the council and asked that the ordinance requiring local plumbers to pay a \$10 license be repealed. On motion of Alderman Wright the matter was referred to the city attorney and a committee of three to carefully look up and decide the matter. The chair appointed on the committee, Messrs. Wright, Rowley and Fogelstrom.

The bond of Contractor Z. L. Bianco, with M. K. Stewart as surety was approved and filed.

### Blood Death Off.

E. B. Minnery, a lawyer of Eganville, once took a grave view. He says: "My brother was very low with malaria, and I persuaded him to try Electric Bitter, and he was soon much better, and concluded that we must be wholly cured. I am sure Electric Bitter cured him. The remedy is an expel malaria, kills disease germs, and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cleanses constitution, cures nervous diseases, kidney troubles and bowel complaints; gives perfect health. Only 50c at McFadden Drug Co. and H. F. Dunn & Co."

### MEETING OF SCHOOL BOARD.

### Held Tuesday Evening at the Washington School Building - Business of Importance.

The regular monthly meeting of the board of education was held Tuesday at the Washington school building and the following members of the board were present: Messrs. Hargrove, Dickerson, Storm, Erickson, Preston, Johnson and Mahlum.

There were several parents of children of school age present and asked for information regarding the registration of the free text book system. The matter was discussed at length and it was finally decided that those who wished the use of free text books must make application to the member of the board of the ward wherein they reside. It is presumed that the member of the board will then bring the matter before the meeting and the question as to whether or not the pupil is entitled to the free use of text books will be decided upon.

The building committee reported that the Harrison and the Mill schools were not ready for occupancy but thought they would be next Monday.

The same committee reported that contract for the installing of new water closets in the Lincoln building had been let to P. J. Murphy for \$68.00.

Three bids were received for the purchase of the old Sixth street school building, but the highest bidder got the old shack. A. F. Sorenson's bid was the favorable one and he pays \$275 for the building.

## ILLEGAL AND VOID.

### City Attorney Crowell Holds That Reward of \$200 Cannot Be Paid by City Treasury.

Since the resolution authorizing Mayor Halsted to offer a reward of \$200 for the apprehension of the parties who committed the outrageous act in connection with the kidnapping of Edith Cox, was passed by the city council, there has been a great deal of comment on just what the council will do in view of the illegality of offering a reward in this manner. There may be no doubt but that a reward should be offered, this being the sentiment of many in the city, but according to a statement by City Attorney Crowell made yesterday to a representative of The Dispatch, the action of the council will count for naught. Mr. Crowell said:

"The resolution passed by the city council on Tuesday evening in connection with the reward of \$200, so far as pertaining to the payment of the \$200 from the city treasury, is illegal and void. The council has no right to pay out public money in any way except as provided by law and there is no charter provision for the apprehension of criminals."

It did not see the resolution or know anything about it until the matter was brought up at the meeting. I fully agree with the council that it is an outrageous act on the part of the council and in favor of condemning the act as any one can see, but not see how the money can be paid out for the reward."

## LUKENS-JOHNSON.

### Two Popular Young People of the City Were United in Marriage Wednesday Evening.

Wednesday Miss Sophia Caroline Johnson became the wife of Mr. Amos Flora Lukens, Jr., A. H. Carver, of the First Presbyterian church officiating at the wedding ceremony. The wedding took place at the home of the bride's parents, Mr. and Mrs. J. F. Johnson in the presence of about thirty friends and relatives of the young couple.

Immediately after the wedding ceremony the wedding party drove to the home of Mr. and Mrs. Albert Angel where a sumptuous wedding supper was served.

The bride is one of the popular young ladies of the north side and has a large number of friends throughout the city. The bridegroom has been employed with Albert Angel in the grocery store for a long time and he, too, has a large circle of friends.

Mr. and Mrs. Lukens left on the midnight train for Minneapolis where they will visit for sometime, taking the rights at the state fair while there.

Chas. Replogle of Atwater, O., was unable to work on account of indigestion trouble. After using Foley's Kidney Cure four days he was cured. H. F. Dunn & Co. McFadden Drug Co.

Thursday, Mr. Miller lost a valuable  
horse by sickness.  
The third of the fall may be heard  
pounding out \$3000.  
Monday, Mrs. C. C. Wheeler, left  
for her school, district 27, of Deer-  
wood.  
The masses have the foundation  
completed for the Bay Lake school  
house.

Dear stories are getting to be num-  
erous, some of them having a fishy  
flavor.  
Mr. Miller's store has a fine chim-  
ney. Miller secured a master of the  
art to build it.  
Miss Lulu Hocking, of Brainerd,  
arrived Monday to take charge of the  
Eastern school.

Chas. Coleman left a leather halter  
with a rope tie on the school grounds.  
Anyone finding would confer a favor  
by sending it at the postoffice.  
Mr. and Mrs. Chas. Adams, of  
Deerwood, a number of the school  
boarders took their dinner on Look-

very pleasant call from Mr. and

Thursday morning D. Archibald  
came down with the mail carrier and  
informed us that there would be a  
picnic here, and before Dave could  
get away, he had arrived, Mrs.  
Archibald in charge of one load, and  
Mrs. Jefferson the other. They were  
accompanied by Mr. N. W. Harris  
and mother, Mr. and Mrs. Davis of  
Duluth, Miss Ethel Archibald and  
Johnny Jefferson. The day was very  
pleasantly passed.

We have received a very interest-  
ing letter from Mrs. H. Young of  
Montana, our address bearing the  
honorable suffix of M. A. (i. e. so-  
cially to Watson) Master of Arts.  
A letter from Mrs. Young became an  
ancestral property of her many  
children, each getting from the per-  
sonal of its contents, a sort of personal  
visit. Mrs. Young, in a style pecu-  
liarly her own, can even paint a glow-  
ing picture of the rocky wastes of  
Montana.

The Special Meeting of the Police Committee Held Last Evening

**O'NEIL WAS NOT ILLTREATED**

The Committee Decides to Recommend A Complete Exoneration.

The police committee composed of Alderman Fogelstrom, Gardner, Koop and Purdy met last night in council chambers and took up the charges made against Officers Preston and Brockway to the effect that they had mistreated Frank O'Neil, the man who unlawfully attacked Officer Hurley in East Brainerd several weeks ago, after he had been arrested and handcuffed. The two officers themselves, Officer Hurley and A. O. Narrow testified before the committee. John Larson, the man who was also an eye witness to the occurrences after the arrest, was also expected to testify but he is sick in the hospital and could not be present.

From the evidence that was taken last night it would seem that the officers did nothing out of the way. Many who claimed that they had seen the occurrences and who stated that they had seen the officers do the man bodily harm after the handcuffs were put on, could not be found last night.

Officer Hurley testified as to the facts surrounding the arrest, and about his coming across the bridge with O'Neil. He stated that when he got to this side of the bridge and saw Officers Preston and Brockway, O'Neil began to fuss and swear and accused him of breaking a promise, he having claimed that protection was promised him if he would walk alone. When he got abusive Officer Hurley turned him over to Brockway and the minute he did this O'Neil squared off on the officers. At this time Brockway raised his hand and slapped him on the side of the face, at the same time tripping him up. Officer Brockway then held him down while Officer Preston put the handcuffs on him.

Both officers, Brockway and Preston, testified to the facts and corroborated most of the things that Mr. Hurley had said.

A. O. Narrow and John McPherson were both eye witnesses and had seen the occurrence at the end of the bridge. They saw Brockway hit the man and Narrow testified that he thought he hit him while he was down.

All the witnesses testified that no violence was used after the man had the handcuffs on and while he was being marched off to jail. They also testified that the language used by O'Neil was something villainous in the extreme.

After hearing the evidence of the five witnesses the committee decided to recommend to the council that the two officers be entirely vindicated and exonerated.

Bicycles repaired at Hoffman's.

**CURBSTONE CHAT.**

George Cook: For a swell parade and an elaborate celebration Brainerd certainly is in it from start to finish.

H. D. Trogley: We are very much interested in the Seventh street party and would like to see the matter pushed a little.

Secretary Wilhelm: We are going to get out and make another thorough canvass to get in sufficient funds to keep the "Y" on the move. We hope to meet with better success this time now that prosperity in the city and county are in large measure.

County Treasurer Frater: Of course I am glad to get home, but my trip out was certainly an "expensive one." I really like the west and Seattle is one of the liveliest cities I was ever in and is located on a beautiful spot. Of course there are many disadvantages there. Beats and all kind of living expenses are high. I happened to be in Seattle when our old "Dad" Dan Backstair died. I did not see him, but my brother told me that he had talked with him a day or two before he died.

Sunday Base Ball Game Won by a Score of 7 to 1—Other Game a Warm Up.

Brainerd 5, St. Cloud 2.  
Brainerd took the second game from St. Cloud Monday afternoon at the driving park. James Boyle was in the box for the locals and he was the hero of the hour. He pitched a great game, striking out fifteen men. His support was very good, but might have been better.

Toke Hansen was in the box for the St. Cloud team. He was of color entirely Monday, and during the whole game fanned but four men. They landed on him pretty hotly also and it seemed like bad medicine.

Following is the summary of the game:

**SUNDAY'S GAME.**

Brainerd 7, St. Cloud 1.  
There was a very good attendance at Sunday's game between the Brainerd and the St. Cloud teams. Wire was in the box for the St. Cloud aggregation but he was easy money for the boys. They got eight clean hits off him and then some of the best hitters in the team did not seem to have their batting clothes on. The St. Cloud boys also made a series of errors that were bad and might have cost them the game under most favorable circumstances. Lacher, who is a very sure player, made a very bad error in the seventh. The St. Cloud boys play a good game, however, and a very good double was executed in the eighth when it looked as though the Brainerd team might possibly pile up the scores still worse than they were. Lacher's work behind the bat was very good and he not only plays the game all the time but manages to get the other boys in the game also.

Ortl was on the slab for the locals and, as usual, he did good work, holding the St. Cloud team down to six hits, which were very untimely at that, and which did not net them any runs. He struck out ten men during the game, and he seemed to always have his best with him and to do the most effective work when it was most needed, which is so unusual with pitchers usually.

St. Cloud had their first inn; Murry drove a dinkly out toward the first bag; Griebler singled but later in trying to steal second was caught; Limperech struck out. For Brainerd the bombardment commenced in the first inning, although two men had been retired before the score was made. McCarthy struck out, P. Boyle flied out to Bennevit; but Conners singled, advanced to second and came home on Finn's single. J. Boyle got to first, having been struck by the ball; Peterson went out from Lacher to Bennevit.

In the first half of the second inning St. Cloud scored but this was the last time that the figure one graced the score sheet for them. Both L. Vosberg and Lacher were caught out at first but Bennevit drove and Peterson advanced to second and came home on Finn's single. J. Boyle got to first, having been struck by the ball; Peterson went out from Lacher to Bennevit.

In the first half of the second inning St. Cloud scored but this was the last time that the figure one graced the score sheet for them. Both L. Vosberg and Lacher were caught out at first but Bennevit drove and Peterson advanced to second and came home on Finn's single. J. Boyle got to first, having been struck by the ball; Peterson went out from Lacher to Bennevit.

The third was uneventful for both teams. For St. Cloud Murry flied out to J. Boyle and Wire flied out to Rosenberg and Griebler struck out. For Brainerd McCarthy went out from Limperech to Bennevit; P. Boyle struck out and Conners flied out to H. Vosberg.

It was about the same story in the fourth although Lacher for St. Cloud made a nice single and Bennevit again soaked the ball for a two-bagger. L. Vosberg and H. Vosberg both struck out and Limperech went

**STRANGE DEATH.**

Mystery Surrounds the Death of a Young Girl at Case Lake. Supposed to be Lightning.

One of the strangest deaths in the history of Case Lake occurred late Wednesday afternoon. Mabel the 4-year-old daughter of Mr. and Mrs. C. H. Leeman had been playing in the yard in front of her parents' house, when a severe storm broke. She went into the house and reclined on the sofa. Following a severe flash of lightning and sound of thunder she jumped to her feet and grabbed her head blood at the same time coming from her mouth.

After she had passed away, the remains were examined and the flesh covering the spine was black and blue. There were no symptoms of poisoning or anything of that kind, and it is now supposed that she succumbed as a result of a shock of lightning, which struck and shattered a tree to the rear of the house. However, no other person in the room fell ill but effects from the flash. How the lightning could have been communicated to the body of the girl is a mystery.

**William Clark, Who Witnessed Murder of John McGrath, Arrested at Pilger.**

**HE MAKES A CONFESSION.**

**Taken to Little Falls and Locked Up He Rehearses the Incidents of Murder.**

A man giving his name as Walter Clark and claiming his home to be at Tuscola, Ill., was arrested near Pilger, Saturday evening about 7 o'clock by Ed Flood, one of the members of the Sheriff Tanner posse, charged with the murder of John McGrath.

Clark confessed to the sheriff that he was in the box car at the time McGrath was shot, but claims that he himself had nothing to do with the killing.

Clark says that he, with two other men whose names he does not now know, were being their way from St. Cloud to Little Falls. They entered the car where McGrath, his brother and some other men were riding.

Clark says that one of his companions pointed a revolver at McGrath and ordered him to hand out his money. Some words were exchanged and the fatal shot was fired. The men searched McGrath's pockets, but got no money from him. They secured a small sum, however, from the other men. The murderer said to Clark and his companion, "I've killed him, we would better get out of this." They climbed on the roof of the car and divided the money. Lincoln, and Clark dropped off about five miles further on. He walked back to meet the others and they worked their way back to Little Falls site at a restaurant there, and then went to Brainerd. Clark left his companions here, and claims not to have seen them since.
