The Big Store.

Have You Seen Our Fall Hats?

If not give us an opportunity to show them to you. No matter if you do not just wish to purchase at present come anyway and see our line. We have secured the services of a competent trimmer from one of the leading Millinery Stores in St. Paul, and hence all of our Hats are trimmed neat, becoming and right up-to-date. Our prices are from 25% to 35% lower than any other Millinery store in the city.

Cloak Department.

In this department we can show you as nice an assortment as you wish to see. We carry everything in Ladies Jackets, Capes and Long Coats, both in Fur and Cloth, the latest in all the latest styles and shades, and every garment warranted to fit and wear. Have also a large assortment of Jackets and Cloaks for Misses and Children.

MRS. B. KAATZ & SON,
203-205 Kindred Street, East Brainerd.

Notice of Mortgage Sale.

The name of the mortgage is Fred L. Smith. The name of the mortgagor is Thomas J. Cairns. The mortgage is dated April 10, 1901, and was for the sum of \$100.00. The mortgage is secured by a certain lot of land in the city of Brainerd, Minnesota. The mortgage is now due and payable. The mortgagor has failed to pay the same. The mortgagee has therefore caused this notice to be published for the purpose of selling the land. The land will be sold at public auction on Friday, October 19, 1901, at 10 o'clock a. m. in front of the courthouse in Brainerd, Minnesota. The proceeds of the sale will be used to pay the mortgage and the balance will be paid to the mortgagor. If you are the mortgagor and wish to redeem the mortgage, you should do so before the sale. If you are the mortgagee and wish to purchase the land, you should do so before the sale. If you are interested in the land, you should attend the sale. For more information, contact the undersigned at his office in Brainerd, Minnesota.

The free rural delivery of mail was started at Sauk Rapids Oct. 1. The rain of the past two days has been general throughout northern Minnesota. Store your household goods with D. M. Clark & Co.

DEER HUNTING LATER THIS YEAR

The Season Will not be Open Until November 10, Being Ten Days Later.

SOME IMPORTANT CHANGES.

Game of this Nature Cannot be Shipped Out of the State.

Already the hunters and anxious minders are looking forward to the time when they can go out and slaughter the pet of the forest and it is thought that the season will be an exceptionally good one this season as there are some restrictions which will tend to increase the number of deer this year for the individual hunter, but there are other features of the new law passed at the last legislature which are not so pleasant to the old hunter.

The season this year will not be opened until Nov. 10 for the killing of elk, fawn and deer and it closes on November 30. There is a strict coming from some quarters on this point, it being claimed that the old season when it was lawful to slaughter this game, from November 1 to November 30, was preferable for many reasons. There is also another important change in the law this year. The old law was in effect that no person should kill more than five deer during the season, while the new law has reduced the number to three, provided of course that none of the game above mentioned will be offered for sale or sold any time during the season.

Another very important change is in the matter of shipment to other states. The old law permitted the shipping of this game out of the state but there is a new section this year that reads:

No person shall at any time catch, take, kill or have in possession or under control any elk, deer, moose or caribou, or any part thereof, caught, taken or killed in this state, with intent to ship the same beyond the limits of this state, or with intent to allow or aid in their shipment out of this state, or shall ship or allow or aid in their shipment out of this state.

A SOLID INSTITUTION.

Report of the Condition of the First National Bank has Just been Issued Showing Excellent Management.

The report of the condition of the First National Bank of this city is just out. The report is given at the close of business, September 30. It is the strongest ever issued by this institution, resources footing up to \$223,644.19.

Perhaps the most interesting item in the report is the deposits. The individual deposits subject to check foot up to \$185,628.00, demand certificates of deposit, \$18,901.18; time certificates of deposit \$307,232.71, making a credit on the item of deposits of \$509,561.89.

The report is also one of the most interesting ever issued by the officials since the granting of the original charter, and is a good showing for the management.

SHATTERED A GLASS FRONT.

Team Belonging to Chas. Peterson Ruts Away Causing Considerable Damage.

Wednesday there was a slight flurry of excitement over an Laurel Street, where a team belonging to Chas. Peterson, the liverman, took a spurt down the street, booming frightened at its merry-go-round.

The team threw the light buggy to which they were attached, up against the curb and when in front of the Hanson restaurant, the team was stopped dashed into the window of the restaurant, shattering the pane of glass into the home and pieces and causing considerable other damage.

EXTENSIVE IMPROVEMENTS.

To be Made on the Interior of the First Congregational Church in This City.

Wednesday morning workmen commenced to overhaul the interior of the First Congregational church, plank having been made for extensive improvements, which will add materially to its appearance.

The walls are either to be repaired or calcimined, the woodwork is to be repainted and new carpeting is to be put down. The reorganizing of the church will be thorough and the edifice will be made a place of beauty.

Boom Company Not Worried.

The fact that the people of the city of Aitkin are making a move to either have the dam in this city removed or prevent any further improvements being made there, does not seem to worry any one connected with the Mississippi and Itum River Boom Co.

It is claimed that the overflow caused from the dam in this city when the water is at its highest mark, according to a recent survey, has no visible effect on Aitkin at all; that the water does not reach within 20 miles of that place.

In regard to the point raised, that there was contained in the charter granted to the original company, a provision that the property could not be transferred to another assign or heir, there does not seem to be much anxiety. It is claimed that it has been held again and again that a lease is assignable and transferable.

According to a recent survey the distance to Aitkin by river is 50 miles and it is claimed that the overflow there is not caused by the dam in this city at all.

JIM BURWICK COMING.

Secretary Wilhelm Has Secured the Great Evangelist for a Series of Meetings in Brainerd.

Secretary Wilhelm has been successful in securing Jim Burwick, the great railroad Y. M. C. A. evangelist.

Everything in Gloves, Collars, Ties and Suspenders. Shoes that will fit, wear, and are dressy.

Yours Respectfully,

LINNEMAN & CARLSON

RECOMMEND RENTING THE PARKER PLANT.

The Electric Light Committee Would Equip This Plant for City Power.

PROPOSITION BY BOOM COMPANY

Application of Sam Delude for Liquor License was Turned Down.

A regular meeting of the city council was held Monday night in council chambers with Alderman Wright in the chair. The following aldermen were present: Halladay, Gardner, Purdy, Rowley, Doran, Fogelstrom, Koop, Erickson.

Vice-president Koop arrived and took the chair. The report of Chief of Police Nelson, showed 22 arrests in city cases; 3 sentences were suspended and 7 officers. Thales reported that \$237.55 in fines were collected; 28 civil cases were commenced. The report was accepted and filed.

Supt. Peterson of the electric light plant, reported 70 lights put in during the month of September; none were out cut; 69 are lights are in during the month, making a total of 10 in use.

F. M. Schook, of Aitkin, appeared before the council on behalf of H. Mork, of that city, who sometimes ago petitioned the city council asking that a franchise be granted him to construct a telephone line from Aitkin to this city.

Mr. Schook stated that it was the desire of Mr. Mork to build a line to this city for long distance business only. He stated that the North-western had refused to connect with him should the line be built, but that he was willing to take his chances, hoping that some day either the Northwestern or some other company would be connected with his line. The matter was still left in the hands of a committee for recommendation.

L. J. Guyett presented a bill to the city council to reimburse her for the time which her hotel was quarantined, there having been several boarders in the house at the time and she was obliged to furnish board and room. The matter was referred to the city attorney.

The purchasing committee was authorized to purchase copies of the new Lay city directory for the different aldermen.

A communication was read from President Obute of the Mississippi and Rum River Boom company in which he asked for recognition to the recent conference had with members of the council, that he had conferred with directors of the company and it had been decided that the only proposition that could be considered would be a lease of the dam, turning over the entire property, but reserving enough for themselves, 300 horse power; the city to keep the dam in repair and pay all taxes.

The matter was discussed quite thoroughly, many of the councilmen being of the opinion that the rental suggested by the company, \$4,000 annually, was moderate enough, but the matter of keeping the same in repair was considered an obstacle. Alderman Wright suggested that a good thing for the council to do would be to invite, say a dozen or fifteen business men of the city, to meet with the council on Friday evening to discuss the matter and then make some kind of a proposition to the boom company.

The electric light committee, to which was referred the matter of getting power to carry the city through the winter, suggested the renting of the Parker plant, if it could be secured at a reasonable price. The running expenses, it was suggested, would amount to about \$8 per day, not including the rent of plant and dynamo. The matter was recommended to the council for its consideration.

The committee, to which was referred the matter of paying the bill for special police at the county fair grounds, recommended that the same be paid.

On motion the bond of Ole Olson was approved and a liquor license granted.

On motion the bond and liquor license of Adam Armstrong was referred to the Mayor with power to act.

The liquor license and bond of Wm. Bradford were received. The former was granted and the latter approved.

The application for a liquor license of Sam Delude came up again Monday. The committee to which was referred the matter to make an investigation, did not make a written report. Chairman Rowley of this committee made a verbal report. He stated that the other two members of the committee would not recommend the granting of a license.

Letters were read, one from the city recorder of Aitkin and another from the county attorney of Aitkin county, and they both recommended Delude as a worthy man to receive a license, the latter especially lauding the man for "high personalty."

The investigation showed that Delude had always conducted his saloon as well as any other man in the city, but it was stated on account of his connection with another business he was not the fit person to be granted a license. Mayor Hatfield did not know what was meant by such laudatory remarks for this man. The mayor stated that he desired to assist the council in these matters, investigating thoroughly every case before a license was granted. The matter was put to a vote and Delude was turned down, the vote standing three for and six against the granting of the license.

It seems that some residents who own property within the fire limits have been violating the ordinance and the city attorney was instructed to prosecute all cases of this kind.

Alderman Fogelstrom wanted to know what was the matter with the "lightning" in the fourth ward. He stated that the lights had been rather off duty for some time.

A resolution was offered to vacate Seventh street between the north line of front street and the south line of Main street. It seems that this is the first move on the part of the Northern Pacific Ry. Co. to build a freight house in the park. The company, Mr. Wright stated, could not build unless the was done. Mr. Wright stated that the superintendent has recommended the erection of a freight depot, but wanted this resolution passed first.

There seemed to be a general opinion that the depot on this location would be a detriment to the city. On the other hand someone suggested that the company can occupy this street by right of possession, it having been occupied for fifteen years. On motion a committee of three consisting of Aldermen Rowley, Fogelstrom and Wright, was appointed to confer with the superintendent on the matter.

An ordinance fixing the salaries of city employees was passed.

The committee to which was referred the matter of securing additional power was instructed to present further recommendations.

A letter was read from Agent Gates, of the state board of control in which he suggested many improvements which should be made in the city jail. The matter was referred to the health, sewer and police committee.

Geo. W. Lann, Pegasus, Mich., writes: "Your Kodol Dyspepsia Cure is the best remedy for indigestion and stomach trouble that I ever used. For years I suffered from dyspepsia, at times compelling me to stay in bed and causing me to hold agony. I am completely cured by Kodol Dyspepsia Cure. In recommending it to friends who suffer from indigestion I always refer to you for if it fails, I have never said."

LEVY MUCH LARGER FOR CITY SCHOOLS.

What It Will Take to Run the Schools of the City Coming Year.

BOARD MEETING MONDAY NIGHT

Resignation of H. A. Titze As a Member of the Board Is Received

The board of education held its regular monthly meeting Monday night at the Washington school building, all members being present.

The resignation of H. A. Titze, a member of the board was received and the same was accepted. Mr. Titze is about to take up his home in Minneapolis, and this was the reason he sent in his resignation.

Superintendent Torrens reported \$38.60 collected during the month of September for tuition. The board fixed the tax levy for school purposes last night. The total is \$82,500, which is a large increase over last year. The levy made last year was \$27,500. This increase is due to the fact that the board has expended considerable money in building out and equipping the new school buildings, and partly the expenses each year will be greater. There will be more fuel used, more teachers are needed and there is a much greater expense all around.

The amount is divided as follows: Operation of schools, \$39,000.00 Interest on bonded indebtedness (other than state) 4,300.00 Fund for paying interest, 1,000.00 Total \$44,300.00

THE HOME GOLD CURE.

An Ingenious Treatment by Which Drunkards Are Being Cured Daily In Spite of Themselves.

No Notions, Doses, No Weakening of the Nerves, A Pleasant and Painless Cure for the Liquor Habit.

It is now generally known and understood that Drunkenness is a disease and not weakness. It is caused by poisoning, and nerves completely shattered by periodical or constant use of alcoholic liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicizing or loss of time from business by the wonderful "Home Gold Cure" which has been perfected after many years of close study and treatment of insubordinates. The full and complete directions of this wonderful discovery are positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous treatment of thousands of drunkards into sober, industrious and upright men.

Write Care Your Husband! Children Care Your Father! This remedy is in no sense a nostrum but it is a specific for this disease only, and is scientifically soluble and perfectly tasteful, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of drunkards have cured themselves with this precious remedy, and as many more have been cured and made temperate men by having the "Cure" administered by loving friends and relatives without their knowledge in coffee or tea, and believe today that they discovered drinking of their own free will. Do Not Wait. Do not be deceived by apparent and misleading "improvements." Drive out the disease at once and for all time. This "Home Gold Cure" is sold at the extremely low price of One Dollar, thus placing within reach of everybody a restorative more effectual than others costing \$25 to \$50. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent One Dollar. Address: Dept. 100, Edwin B. Giles & Company, 2380 and 2382 Market Street, Philadelphia. All correspondence strictly confidential.

FROM OUR COUNTY CORRESPONDENTS.

KATRINE
Chas. Coleman and John Peterson are home from the harvest fields. Several home seekers have been looking over the land of red apples. Mr. and Mrs. Otto Wasserherer visited their son Paul and family near Duluth.

The Bay Lake school commenced Monday the 6th, Miss Lydiast, of Minneapolis, teacher. Theo. Hunt Archibald's birthday anniversary will be celebrated Saturday at D. Archibald's. Mr. Jefferson took his family out for a ride Sunday and got them lost. The Bowdler about Katrina were too intricate for them.

Mr. Highfield, living on the Deerwood road two miles from Bay Lake, had 40 bushels of potatoes stolen. He had them in sacks near the road, ready to haul to market. The bare-faced bear stories will not stand investigation. I. D. Carr was stopped one-half hour by one the other day. It proved to be an old squaw stripping basswood bark for strings. Nothing but a siren roar will convince us.

The annual meeting of the Bay Lake Library Association was held Oct. 1st. The old officers holding over another year. One new director was elected, Mr. Ed. Wassersch. There are 34 members; 185 books. There were issued 39 books 102 times during the year. The library is self supporting. We carry over our 2nd. Free Traveling Library from the state. Mrs. L. H. Seefeld is librarian.

DEERWOOD.
John Zheman is putting a large wing on his house and siding on the north side.

Wm. Taylor is having his house raised another story after which he intends to have it sided and finished throughout.

Rev. Justice Parish has returned from the annual conference and is to stay another year on the Deerwood and Bay Lake circuit.

Mr. and Mrs. Wm. TenBrook are spending their vacation at Deerwood. Mr. TenBrook's parents, Mr. and Mrs. C. J. Rayburn.

L. A. Mosher recently bought the Purgens homestead and is making improvements on the house preparatory to spending the winter there with his family.

H. J. Hager, who went through an operation several weeks ago, has not improved as rapidly as he hoped for, but at this writing is doing fairly well and it is hoped we shall soon see him attending to business again.

Wm. A. Coffin was taken to Good-charge but to answer to a serious charge but to his many friends believe in his innocence and hope that he may have no bother in showing that there was no grounds for the charge made against him.

Edward Rhodes, who was charged with having improper relations with one, Maud Grant, appeared before Justice Rayburn on Monday and denied the charge under oath and brought two witnesses who swore that he was at another place at that time, thereby proving an alibi and establishing his innocence.

JACO.
Mother's Worm Syrup.
Best worm medicine. Children like it as well as they do the bread.

SEWELL LAKE JOTTINGS:
Mr. Weber's new granary is about finished. Mrs. Rardin's sister, Mrs. Curtis, is visiting her at present. Born on the fourth day of this month to Mr. and Mrs. Wm. Pfeiffer a little daughter. Chas. Holbert who was reported dead has been heard from. He and his family are in Iowa. Louise Weber of this place entered upon her duties as teacher of the Thenns district last Monday. Many of our readers will be pleased to learn that Mrs. Harrington and daughter Elsie are in Brainerd.

MERCHANDISE IS RAISED IN COUNTY

County Auditor Mahlum Received the Returns from State Board of Equalization.

SEVEN CHANGES ARE MADE.
Cattle and Cows Are Decreased. White Saloon Fixtures Are Increased.

Auditor Mahlum has received from State Auditor Dunn the report of the state board of equalization on the returns made by the assessors of Crow Wing county. There are seven changes in the valuations of personal property in the county as equalized by the county, town and city boards and returned to the state board of equalization by the county auditor.

Cattle one year-old, cattle two years old and cows have each been decreased by the state board ten per cent; wagons, carriages etc., have also been decreased 10 per cent. Melons, melon cans, organs have been raised 10 per cent, and there is an increase in goods and merchandise of 10 per cent. The stocks and furniture of saloons have been increased 25 per cent.

Perhaps the most important change is in goods and merchandise of merchants. The valuation in this county on this item for 1901 is \$120,862, and with the increase of 10 per cent the total valuation for the year would be \$132,948. The total valuation of the county on goods and merchandise is \$134,072 with an increase of 10 per cent.

The valuation of saloon stock and saloon fixtures in the county is \$9,225, with a 25 per cent increase.

Notice to Water Consumers.
James R. Smith has been appointed superintendent of the Minnesota Water Works company. His office is in the Sleeper Block, and water rates for the quarter beginning October 29, 1901, are now due and payable by his check.

The company will be shut off from the water who are delinquent for the current quarter only immediately after October 29, 1901. This date is fixed for the payment of all bills.

Those who are delinquent for past quarters also, the water will be shut off as soon as the list can be prepared. Among those who are delinquent for past quarters are included those who have failed to pay for sprinkling dues.

This service is the most expensive to the company, and it is not fair to those who have to pay for it, or to those who have refrained from sprinkling, because they could not afford to pay for it, that any consumers should use water for this purpose without charge.

The company is unable to give any further notice for the current quarter than this one. A charge of \$1 is made by the plumber for turning on the water for houses from which it is shut off.

Complaints as to the character of the service, or as to rates charged in particular cases, should be made in writing. All such will receive careful attention and the company will do its best to correct any errors or injustice called to its attention in this way.

MINNESOTA WATER WORKS CO.
Will Go Over Entire Matter.
Jerry J. in his Washington correspondence to the Minneapolis Journal says:

Indian Commissioner Jones had another conference with Secretary O'Neill's report on the resale of the illegal cut of dead-and-dry timber on the White Earth reservation. He still refuses to give out any information about the report, however, saying that he and the secretary will go over the entire matter when the latter gets time later in the week. It is understood that the secretary will report to the committee on the whole dead-and-dry operations.

The Rochester Post building has been sold.

Mr. R. H. Harkens, of Long Prairie, is dead.

Attention, Good Dressers!

We were quite fortunate in securing the exclusive right for this vicinity to take orders for the famous tailoring of STRAISE BROS., Chicago. We are now displaying their newest samples of Fine Woollens, and we urge every one interested in good clothes to call and inspect them. Straise Bros. make the kind of clothes you like to wear—occasionally tailored, perfect fitting, distinctively above the ordinary, yet prices are no higher than you have paid for inferior goods. Straise Bros. guarantee satisfaction and live up to it. We unhesitatingly back it.

J. F. MURPHY & Co.

ALTERNATIVE SUGGESTIONS.

That a Memorial Hall be Erected at the U. of M. in Honor of the Late Bishop Whipple.

Shall the Episcopalian of Minnesota erect a dormitory at the state university to be known as Whipple Hall, and designed as a memorial of the late Bishop, or shall Sennary Liberty school at Fairbault be freed from debt? Those are the alternative suggestions made in the report of the memorial committee appointed at the Bishop's funeral, says the Minneapolis Journal.

Episcopalian generally would favor the first suggestion. If satisfactory arrangements could be made, however, they realize that the state erection of a secular building upon the university campus, and that should Whipple Hall be built it must be on outside property. However, there are several good, available sites fronting upon the campus, although land in close proximity to the university is somewhat expensive.

It is a peculiar feature of life at the state university that the big institution has no dormitories. Such a thing as a dormitory under university supervision is unknown; and for this reason the proposed Whipple Hall would be a most acceptable addition to the college buildings, even though it could not be erected on the campus proper, unless, indeed, its entire management should be turned over to the university authorities.

Moreover, it is pointed out that Sennary school is getting along very well as it is and that its situation in Fairbault, where both Shattuck and St. Mary's schools will remain as lasting memorials to the energy and ability of the dead bishop, renders another memorial there unnecessary.

RELIC OF BARBARISM.

Senator Charles States that Recommendations Will be Made that the Indian Work Like Others.

Senator Charles, of the subcommittee of the United States Senate, appointed to visit the Indian reservation of the northern country, upon completion of his trip said:

We visited the Red Lake reservation in northern Minnesota, and find that the reservation of 215,000 acres of good farm land that is not used. This land, as well as the other old reservations, should be opened to settlement. The timber also on the Red Lake reservation is excellent and there is a great deal of it. We pro-

SERIOUS CHARGE AGAINST OFFICER.

Sheriff of Goodhue County Comes After William Coffin Of Deerwood

IS TAKEN BACK TO RED WING Claimed That Coffin Committed Dastardly Act At That Place Recently

Sheriff P. J. Lundquist, of Goodhue county, arrived in the city Monday afternoon from Red Wing, armed with a warrant for the arrest of William Coffin, of Deerwood, on a very serious charge, the complaint being the superintendent of the training school of that city.

The charge which is preferred against Coffin is a rather serious one and especially in view of the fact that the crime was committed while he was acting in the capacity of constable and was attending to a duty imposed at the time.

It will be remembered that a little 14-year-old girl by the name of Matt Grant, of Deerwood, was committed to the training school at Red Wing, she being incorrigible, the charge against her having been made by her mother. Before the justice she told many stories but her case was finally disposed of by sending her to Red Wing. It befell William Coffin, of Deerwood, who was constable of the village, the task of taking the young girl to the school. They left here at 11 p. m. and reached Red Wing sometime in the night. Instead of taking the young girl to the school upon his arrival at Red Wing, he instead took her to a hotel and there he committed the crime which is now being investigated.

When the young girl was taken to the school, it is common with all others, she was thoroughly questioned by the matron, and her actions of the previous night were soon detected and finally under the strain of close questioning she admitted the details of the horrible experience.

A warrant was finally issued for Coffin's detention and he was taken to Red Wing today to answer to the charge.

INCENDIARISM SUSPECTED.

Barn Belonging to J. W. Anderson in Southeast Brainerd Damaged by Fire—Another Fire.

Monday evening about half past 7 o'clock fire was discovered in a barn on the corner of Norwood and Harley streets in Southeast Brainerd, and Hose Company No. 4 quickly responded. Nos. 1 and 2 were also there. The barn was almost totally destroyed and some machinery which was inside was damaged so that it was rendered worthless. The loss was over \$800. Mr. and Mrs. Anderson were out on their farm at the time and only the two oldest children, Sorvie and Vivian, were at home. They were the first to discover the fire. The cow was in the barn and was rescued just in time.

It is suspected that the fire was started by some maliciously inclined person or persons, and two young boys are thought to have taken part in the matter. The fire was thought to have been put out by Company No. 4 was again called out about 12:30. It seems that there was some dry hay in the trough which was hay was dropped from the loft to the manger and that a spark caught there and the fire started.

Another fire was extinguished its way into a little frame structure on Fourth street belonging to A. A. Hoffman. The building was not burned but it was a close call. The fire department did good work. It is the opinion that the fire was started by someone playing with matches.

At all three fires the department performed efficient and valuable service.

PROSPECTS ARE GOOD.

New Company in Which President Ferris of the First National is Interested will be Organized.

Banker A. F. Ferris and other parties who went to Missouri to investigate the new company which they had organized in the center of the great oil regions, have returned much pleased.

Mr. Ferris is especially well pleased with the outlook. The gentlemen have bought 5000 acres of land and have already made many tests. Many were made while Mr. Ferris was there and several very satisfactory tests indicate that there are large quantities of fine lubricating oil of very good quality.

A company will at once be organized and wells will be sunk after a thorough test is made by experts. The gentlemen feel that the prospect is a good investment even if oil is not found on their land. The land in the vicinity of this oil region is slowly increasing in value and should in two or three years be located the land would be a valuable parcel to own.

A Good Thing.

German Syrup is the special prescription of Dr. A. Bochner, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colic and all lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine but has stood the test of years, giving satisfaction in every case, which it rapidly increasing sale every season confirms. Two million bottles sold annually. Bochner's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents. Got Green's Prize Almanac.

ATKIN PEOPLE WANT THE DAM REMOVED

Representative of the People of that Town in the City Yesterday and Today.

THE CAUSE OF THEIR FLOODS. They Will Appeal to the War Department for Relief

In the Matter.

O. S. Kathan, of Atkin, has been in the city a couple of days in the interest of the citizens of that town in a matter which will be of general interest to the people of Brainerd.

It seems that since the matter of making some improvements at the dam near the electric light works in this city, if a lease could be secured from the Mississippi and Rum River Boom Company by the city, has been talked of, the Atkin people have been doing some missionary work to try and prevent any further improvements, and especially the raising of the dam, it being thought that the dam is the cause of the annual floods which occur in the vicinity of Atkin.

Mr. Kathan stated positively to a representative of THE DISPATCH that it was not only the intention of the people of Atkin to prevent further improvements there, but an effort will be made to have the dam removed entirely.

One of the grounds on which action will be taken upon which the war department will be appealed to is the fact that the charter which was granted to the original company to construct the dam specifies that the property could not be assigned to assigns or heirs. They will hold the property having passed into the hands of the Mississippi and Rum River Boom company.

B. W. Fursell, Kinterville, Pa., says he suffered 25 years with piles and could obtain no relief until Dr. Wiet's Witch Hazel Salve effected a permanent cure. Counterfeits are everywhere. H. P. Dunn & Co.

Nels Hanson, who broke his parole from the state reformatory in 1896, has been serving out his sentence. Prison Agent Frank Whittier has instituted to Gov. Van Sant for request papers. Hanson has just about completed a sentence of five years in the New Jersey penitentiary for burglary. —St. Cloud Times.

A HELPING HAND.

is Gladly Extended by a Brainerd Citizen.

There are many enthusiastic citizens in Brainerd prepared to tell their experience for the public good. Testimony from such a source is the best of evidence and will prove a "helping hand" to scores of readers. Read the following statement:

Mr. Moses Derocher, of 127 Seventh street south, says: "Low down in the small part of my back there was a pain very distressing, by spells becoming much worse and causing me discomfort, to say the least. My husband bought me a box of Doan's Kidney Pills at the nearest drug store and I started taking them. The medicine which I had used failed to help me, but I can truthfully bear witness that Doan's Kidney Pills relieved my backache entirely, and corrected a disorder of the kidneys which accompanied the backache."

Price 50 cents a box by the McFadden Drug Co., H. P. Dunn & Co., and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no substitute.

Cass county was practically a wilderness four or five years ago, inhabited only by the pine trees which point heavenward. Now it is holding a county fair. "Do we do more," so says the star of our pine, westward and onward.—St. Cloud Times.

Rare Chance to Get a Home.

Pay \$50, \$75 or \$100 now, then pay monthly no more than you now pay for rent for the next year. New and other houses contracted on these terms. Houses bought for cash and sold on time as above.

P. B. NYSTEDEN, Palace Hotel.

Mrs. Vance, wife of Rev. W. H. Vance, who has been assigned to the First M. E. church of La Crosse, Wis., is seriously ill with pneumonia.

Henry Braydon, Harris, N. C., says: "I took medicine 20 years for asthma but one bottle of One Minute Cough Cure did me more good than any thing else during that time. Best cough cure. H. P. Dunn & Co."

BEEN A BANNER YEAR.

Mississippi & Rum River Boom Company Has Handled Approximately 700,000,000 Feet of Logs This Season.

"It has been the banner year," said J. L. Webb, boommaster of the Mississippi & Rum River Boom company, yesterday as he surveyed the logs floating down the Mississippi toward their final destination at Minneapolis, says the Journal-Press. The last drive of the season passed St. Cloud yesterday. The boom company's boommaster, the J. E. Bassett, came up from Minneapolis reaching its landing just below the dam Sunday morning and having on board some fifty men who will be added to the force that brought down the drive from Little Falls. A crew of about 125 men will make a clean drive of the final year to the Minneapolis boom limits now, it being estimated that twenty days will be required to take the drive of 120,000,000 feet.

The logs comprising the last drive will be placed in storage booms along the river, the booms at Minneapolis containing enough logs to last the saw mills of the St. Paul city until the present sawing season closes. These storage booms are protected along the river by the danger of the logs being carried away with the ice in the spring is minimized. "Yes," said Mr. Webb of the Boom company, he handled approximately 700,000,000 feet of logs this season.

"It is more than the records of any previous year will show despite the floods that the railroad transportation of logs is thought to be making upon the river business. It simply shows a greater volume of logging than ever in the history of the upper river, that's all. As to the cost, nature has been kind during the entire season. It has been the banner year in business and I think in profits. It simply shows a greater volume of logging has worked smoothly and satisfactorily."

Norris Silver, North Stratford, N. H., says: "I purchased a bottle of One Minute Cough Cure when suffering with a cough doctors told me were unnumbered. One bottle relieved me the second day and almost cured. Today I am a well man." H. P. Dunn & Co.

Last week O. Ducloux, of Little Falls, finished moulding brick in his yard and beat all previous records by reaching a total of 4,600,000.

A WORTHY SUCCESSOR.

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by use of pessaries, sea water, inhalers and drugs in vain form. They find pessaries causing them to crack open and bleed. The pessaries used in the inhalers have entirely wiped away the same membrane that their medicines have meant cannot reach the disease. An old and experienced practitioner who has for many years made a specialty and especially of the treatment of Catarrh, has at last perfected a treatment which when faithfully used, not only relieves at once but permanently cures Catarrh, by removing the cause, stopping the discharge, and curing all inflammation. It is the remedy known to science that actually removes the inflamed parts. This wonderful remedy is known as "Smullin's Guaranteed Catarrh Cure" and sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfected use.

"Smullin's" is the only perfect Catarrh Cure ever made and is now tried cure for the annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve Hay Fever or Cold in the Head.

Catarrh when neglected often leads to emphysema. Smullin's will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure Catarrh in any form or stage, and according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition and you will receive special attention from the discoverer. His wonderful remedy regarding your case without cost to you beyond the regular price of "Smullin's" Guaranteed Catarrh Cure.

Send preparation address in the United States or Canada on receipt of One Dollar. Address Dept. 2332 Market Biocycles, 430 Hoffman. Columbia Biocycles, 430 Hoffman. Lawn Mowers, \$3.00, Hoffman's.

Clipper, Doro and Imperial chilled cross plows at Hessel's, corner of Fourth and Front Sts.

It has been argued that in the smaller towns there is lack of rooms in connection with the churches for the convenience of the members. For a meeting of this kind new rooms, with ample room for committees to meet there to discuss affairs of relation to conference work should be provided, and the members would like to visit a little during the hours when there is nothing going on of particular interest. Lack of space will not allow them to stand about the church.

Slipped Into Live Coal.

"When a child I burned my foot terribly," writes W. H. Eads, of Cassville, Va., "which caused terrible leg sores for thirty years, but Dr. Williams' Pink Pills cured me after everything else failed." Infalible for dizziness, neuralgia, vertigo, nervousness and piles. Sold by McFadden Drug Co., & H. P. Dunn & Co., St. Cloud.

Earl H. Rommel has been appointed "house steward" of the Rochester asylum by the board of control.

A report from Sup. J. C. Gluck, Reform school, Frytown, W. Va., Oct. 19th, 1900. "After trying all other advertised cough medicines we have decided to use Foley's Honey and Tar exclusively in the West Virginia Reform school. I find it the most effective, and absolutely harmless." H. P. Dunn & Co. & McFadden Drug Co.

The store of the Aronson Mercantile company, of East Grand Forks, was robbed of several hundred dollars worth of goods.

When suffering from racking cough take a dose of Foley's Honey and Tar. The soreness will be relieved and a warm, grateful feeling and relief of the throat will be experienced. H. P. Dunn & Co. & McFadden Drug Co.

Six Great Northern employes at Crookston are in custody on the charge of breaking into a steaming wagon from bonded cars.

Chas. H. Wessner, Evansport, Ill., writes: "My boy 2½ years old had a severe cold which refused to yield to any treatment until we tried Foley's Honey and Tar. He was completely cured before using one bottle." Taken at St. Paul, Minn. H. P. Dunn & Co. & McFadden Drug Co.

The library board of Fargo has been notified that Carnegie is ready to send them the money to build a new library when the requirements are complied with.

J. Odgers, of Forsburg, Md., writes: "I had a very bad attack of kidney complaint and tried Foley's Kidney Cure which gave me immediate relief, and I was perfectly cured after taking two bottles." Be sure you take Foley's Kidney Cure. H. P. Dunn & Co. & McFadden Drug Co.

Many do not credit the story that young Hartman, of Duluth, who was some time ago reported as having had a duel with a German officer, in which the latter was seriously hurt, was "faking" in his report of the duel, as is now claimed by local Germans.

THE NEW WAY.

CONSUME NERVE FOR WOMEN.

Ladies Should Read of the Latest and Most Successful Importation from France.

All Women of Many Tenses, Joints, Eyes, Hair Falling Out, Nervous, Pale, Thin, and Weak.

Dr. Lalloz, the famous French physician, writes: "I have been surprised indeed if I don't get a new trial: it is nobody's victory so far."

Woman's Herald

WOMEN: Be honest, says the Doctor, and say the truth, and you will find the cause of your weakness and inability to withstand the new trial of life. Do not administer the new trial of life, but first get your nerves, and after that, rather than resort to the old remedy of medicine, try the new trial of life, and you will find the cause of your weakness and inability to withstand the new trial of life.

A Life Study

Dr. Lalloz has been in the practice of medicine for many years, and has seen thousands of women, who have been suffering from the same complaint, and who have been cured by his method. He has seen the results of his method, and he has seen the results of his method, and he has seen the results of his method.

Dr. Lalloz's greatest success has been achieved by the use of his "Nerve Restorer." This is a new and original preparation, which is made of the most valuable natural substances, and which has been found to be the most effective remedy for the treatment of all cases of nervousness, weakness, and general debility.

"DR. LALLOZ'S NERVE RESTORER" is recognized and prepared by the leading physicians of the world, and has been found to be the most effective remedy for the treatment of all cases of nervousness, weakness, and general debility.

Dr. Lalloz's "Nerve Restorer" is a valuable feature of his treatment, and it is the only remedy which has been found to be the most effective for the treatment of all cases of nervousness, weakness, and general debility.

JUDGE BAXTER DENIES MOTION.

For a New Trial in Grant vs. City of Brainerd—Case Tried Here Recently.

JUDGE FLEMING WILL APPEAL.

He is Confident the Supreme Court Will Grant a New Trial.

Word has been received in this city that Judge Baxter has denied the motion for a new trial in the case of Grant vs. the city of Brainerd. It will be remembered that Mrs. Grant sued the city for \$5,000 damages caused by injuries sustained near the road bridge across the Mississippi, she claiming that when she was thrown over the embankment it was on account of the negligence of the city that she sustained injuries.

The matter came up for trial before Judge Baxter at the last term of the district court in this city. The arguments on the motion were heard recently at Fergus Falls, City Attorney Crowell appearing for the city, and Judge Fleming for the plaintiff.

Judge Fleming does not intend to give it up. TO THE DISPATCH he said: "Yes, it is true that Judge Baxter has denied my motion for a new trial, but, of course, this is only what I should expect. The judge would have had to reverse himself if he had given us a new trial, and that is a hard thing for a judge to do. I shall now appeal to the supreme court, and I shall be surprised indeed if I don't get a new trial: it is nobody's victory so far."
