

The Vacant Frame.

There is a vacant frame in the old frame, and it is a vacant frame...

FARM AND HOUSEHOLD.

The Herald of Health recommends white undergrowth, as not only more healthful, but on account of its not radiating the heat of the body...

Notes for the Care of Canary Birds. 1. During the summer season you should have both a drinking cup and a water dish...

How and When to Dry Cows. It would seem as though there need be no difference on this subject, when the great trouble generally is with our cows...

Apple Tree Borers. There are several insects known as apple tree borers, but one most destructive to the trees is the larva or grub of the two-striped Saperda (Saperda calida)...

Apple Tree Borers. There are several insects known as apple tree borers, but one most destructive to the trees is the larva or grub of the two-striped Saperda (Saperda calida)...

Apple Tree Borers. There are several insects known as apple tree borers, but one most destructive to the trees is the larva or grub of the two-striped Saperda (Saperda calida)...

They should be dug out and killed; a small gouge or a strong sharp-pointed knife being used for this purpose...

The next most troublesome insect is the "flat-headed borer." The grub is the larva of a small, flatish beetle, about half an inch long...

TEA CAKE.—One cup white sugar, half a cup butter, one cup sweet milk, one egg, one-half teaspoonful oil...

How to PREPARE COFFEE.—French cooks say good coffee cannot be made by boiling; it must be leached; the aroma and flavor of the coffee goes off in the steam if it is boiled...

TO CLEAN SWAN'S DOWN.—Take out the lining and wash the collar in warm water with soap, handling it as any delicate fabric; rinse in warm water...

BLEACHING DISCOLORED FLANNEL.—It is found by Prof. Artus that flannel which had become yellow by lying for some time, when treated with a solution of one half pound of Marseilles in the addition of one ounce of ammonia...

FACTS WORTH REMEMBERING.—For removing grease spots from any fabric, use ammonia nearly pure, then lay white blotting paper over the spot, and iron lightly.

QUEST, but firm: "Wanted, by a strong German, a situation in an eating saloon. He understands his business."

"THE LIGHT OF THE HAREM."

A lobster is a much more particular fellow in his food. I have been watching one in my large marine aquarium...

It is a Midsummer Daydream. It must be odd, when lying during the heat of the day in a dark room, to become suddenly aware of inverted figures "moving about on the opposite wall."

Egg Charms. The belief in the charms of serpents' eggs, and, until very recently, in Cornwall and Wales, is a relic of the past...

The Woman's Paper in Italy. "La Donna" is a fortnightly paper of six pages, published in Venice, and edited by Giuseppina Baccari, a woman crippled and unable to walk...

Brilliant Success. It is permitted to few men or companies to achieve acknowledged superiority in any important position or business.

GEN. VON LUDERS, whose death is unremembered, had been in the Russian army since 1807, and he was 77, and his most notable service was in the conquest of Hungary in 1849, when, in conjunction with the Austrian General, Buickner, he took Cronstadt, and Hensbunstadt, defeated Bem twice, and afterwards with Buickner compelled Gergo's surrender.

It is a rare thing that physicians give any countenance to a medicine, the manufacture of which is a secret. About the only exception we know of is Johnson's Swedish Compound. This, we believe, is an old and tried remedy in its practice with great success.
